

Japan Day" in Düsseldorf

Mrs. Kawashima

May 24, 2013

On 24th May one day before "the Japan Day" in Düsseldorf we organized the Japanese culture event with calligraphy.

Mrs. Kawashima was invited by the Japanese club in Düsseldorf last two years as the famous Japanese calligraphy master living in Europe to that city event. She as the 6500 blessed couple living in Slovakia offered us to help our community spearing her time for us in Düsseldorf.

In the 2 sessions of the presentation and workshop of Japanese calligraphy 10 guests were very much impressed by the beauty of the Japanese culture. They could try out by themselves how to draw the Japanese and Chinese letters on the Japanese paper with brush and ink.

We gave the invitation to the people at the book table activity during last two weeks.
