

## ACTIVITY REPORT OF HUNGARIAN FAMILY November 2015

### Yeon Ah Nim visited Hungary:

18<sup>th</sup>-20<sup>th</sup> of November Yeon Ah Nim visited Hungary as True Mother's representative. After her arrival she took a night sightseeing in Budapest. We were very happy to see that Yeon Ah Nim was enjoying the evening view of Capital city. Next day morning she visited the Peace Embassy where she offered devotion and listened about the history of the missionary work and how True Parents built up their foundation through brothers and sisters. At 19<sup>th</sup> evening she spoke in front of the Hungarian Families in the Benczur Hotel. She shared True Mother's love and heart to us. Saying that even though True Mother went through so much pain and difficulties after True Father's passing, she never wavered but kept focusing on the Providence. True Mother makes many preparations that the VISION 2020 can be realized and also if she is not anymore on earth still the children of the world can do well and have happy life. Also Yeon Ah Nim shared that watching True Mother and being with her she could understand herself better and overcome many challenges. Many members could experience and felt the substantial care, love and heart of True Mother through Yeon Ah Nim's visit.

### In Search of True Adam –Seminar for brothers

Rev. Paul An the vice President of FFWPUI who came with Yeon Ah Nim to Hungary, stayed one more day in Budapest and joined to our Seminar which was organised for the brothers. Rev. An and Rev. Rainer Fuchs our sub-regional leader gave very inspiring lectures focusing on „In search of True

Adam". Rev. An spoke about the family as an extension of our own family towards our ancestors and same time towards our descendants and this way we are in the center of the Cosmos. Also he said that before becoming a true father and true husband and true brother we need to become true and filial son in front of Heavenly Parent and True Parents of HEH. Rev. Fuchs was talking about how important is to controll our mind, our thoughts, our feelings, because we are sending out „our waves" and those waves can be picked up by the world around us. He said how strong and influencial our mind is, we need to be aware of it. That's why check it all the time what is the focus of our spirit. If we are focusing on VISION 2020 and True Parents's will then we create a strong foundation in this world and we will be able to raise the spirit and constractive energy of this world. He also emphasised that our children has only one time 3rd or 5th birthdays, so we should give our time and precious attention to our children and spouses as well. Put away our bad habits and focus on God's dream and Will.

Next day there was a **Sunday Service** where Rev. Rainer Fuchs gave a sermon titled: „What are we focusing for"? Also as part of Sunday Service we inherited the candle from True Mother which was given at the 3rd Seonghwa Anniversary of True Father.

## Providential Organisations:

The WFWPI had a Conference in Prague and the president and the vice president of the WFWP-HU could attend the event, Mrs. Parisa Nagy and Mrs. Timea Jaksics-Virag. We are grateful that we could link our national chapter to Yeon Ah Nim and that way empower it. We are also grateful because WFWPI gave a sponsorship so this way two persons could go to Prague. Beside of this great event the Hungarian chapter continued her evening clubs for Ladies.

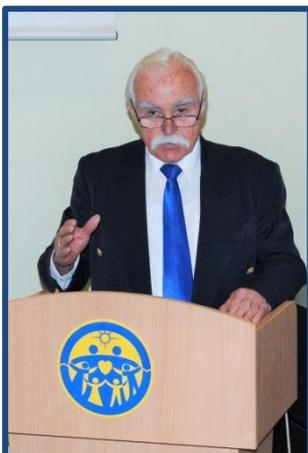

The national chapter of UPF continued the lecture and discussion on the migration situation in Europe in order to find the best view and attitudes on this issue as Hungarians.

**Homeopátia, ami a nöket érinti ...**

A homeopátia alapgondolatát már Hippokratész is megfogalmazta: "Ugyanazok a dolgok, amik a betegséget okozták, meg is gyógyítják azt".  
Hasonló gondolatot bukkan föl Paracelsusnál is: "Ami nagy adagban mérge, kis adagban orvosság".  
A homeopátia "főitalója", és alaprészletének kidolgozójá a csehül Samuel Hahnemann német orvos, gyógyszerész, végül orvos nevezte el.

## HARP and take care of Blessed children:

On a regular base the HU-HARP continues to organize 1-day seminars for the 13+ age children. Last time as part of the gathering they heard lecture about the empathy and tolerance. Afterword they were sharing and discussing what to tolerate and how to react on the secular world and its culture. And there were team games and lot of fun as well. In the other cities where we have mainly smaller children the parents also organize programs for them. Spend time together and play and have time to get to know each other and create friendships among them.
