In the name of HU-WFWP another public lecture was organized with topic: **“How to protect our children from porn”** and strengthen the parents to help their children on this critical issue.

### Visit of Regional Leader – Dieter and Ana Schmidt:

In the third week of July Dieter and Ana Schmidt visited us again in Hungary. This time they held a leaders meeting and discussed with leaders on important issues like witnessing and blessing providence and vertical education of blessed families. Dieter and Ana also met with 2<sup>nd</sup> generation youth, gave them lecture on the eight victorious areas of True Parents. Sunday Dieter's sermon was about: "God's smile". We can make God smiling when we are united and love each other as Jacob and Esau could accomplish in their providential course.

### 3 days IL-SHIM Seminar:

End of June the HU-BFD continuing its tradition, organized 3 Days Il-Shim purity seminar for children who are 13+ years old. The children expressed their sincerity and to prepare well for the purity pledge they all offered breakfast skipping for 3 mornings. Beside of the 3 days education program the children and their parents did cleaning of public area to serve the town in Gyomro, where the seminar took place.

### Inter-Faith activities:

In the beginning of June in our Peace Embassy we could welcome churches representatives of different religious groups, and offered so called “Prayer day”. Each of us had a chance to introduce our own traditions and believes. Someone gave a short talk or little speech. In our case the National Leader gave report about the Vienna event with True Mother, “Peace starts with me” and the connected events.

We also continued to invite one of our close jewish friend who spoke about their tradition on purity and matching process. It was interesting to see how God was working in the past with Israel and in the present as well through the True Parents given traditions to protect us from fall and prepare all of us for Blessing Marriage.
