

# National youth Workshop!

25 - 28 May 2017, Mullet Training Center – Tirana

For many years our workshop center has become a calming and peaceful place for the spirit and mind of many Albanian and foreign people!

From 25-28 May 2017, we organized the latest 4 days' workshop in this center nearby Tirana, the capital city of Albania!

Around 50 youngsters from Albania, Kosovo, Japan and South Korea were gathered in this national workshop entitled “Love God, Love People, Love Nation!”.

Sharing experiences from 3 generations “grandparents, parents and children”, program taken from “Top Gun” training in South Korea, having clear written goals from the beginning, training of staff before starting the workshop and being focused on the education of heart for all the participants made this a joyful and vivid event. The family atmosphere was very well channeled as a youth energy by the MCs, Elisjana Mustafaj and Bujar Azizi.

The Divine Principle lectures were given with so much love and passion by our lecturers: Mrs. Savjola Konja, Mr. Altin Rexhepi, Mrs. Majlinda Ziko, Mr. Lubin Argjir, Ardit Matraku, Mrs. Ermela Stena, Mr. Sokol Rexhepi, Mr. Arjan Haziraj, Mrs. Manjola Vashmatics, Mr. Gani Rroshi, Mrs. Ridi, Doc. Aleks & Suzana Sulejmani, Sulgen Avdullai, Kejvi Halimi, Xhonatan Çela and Emiljano Kulla.

Another important part of the workshop were practical lectures with topics: "Carrier Education", "Me and My Central Figure", "My Pasion" and also discussions: "Me and the Lecture". All of this made the participants analyze their life in a different perspective.

As a new topic for this workshop was: "The need to knowing our nation and the Emergency of Vision 2020", that not only woke the interest of knowing the roots of our nation, the contribution given by our ancestors, but also made us think of what our beloved Albania and Kosovo can do for Balkans and Europe!

Thank you everyone for making this time remarkable!
