

WFWP Scotland: Family Craft Fun Day

Harumi Currie
August 5, 2024

New guests and old acquaintances gathered to celebrate International Friendship Day.

Women of diverse ages explored creative skills like Origami, fostering friendships and cultural exchanges.

They enthusiastically participated in our events, leaving with newfound knowledge and connections.

Their support through purchasing handmade crafts was generous.

The day was deemed excellent, with attendees expressing gratitude for the learning experience and camaraderie shared.
