

My intense awareness of True Father's presence among us while with Mother

Clint Woods
December 11, 2016

Enjoyed the opportunity while at IPEC to meet and greet several times, have lunch with, and sing a song with our team as assembled in the attached; for True Mother. Also spending a little time with many other True Family members and various leaders was a blessing.

I was particularly struck by an intense awareness of True Father's presence among us while with her, and of how much he really appreciates anyone giving her even the smallest kindness, on up to substantive support, as she carries out the cosmic burden of further substantiating True Parent's victorious mission on earth.

Additionally, I experienced a moment of sensing just how much she misses having him in the flesh, yet, never complains. Rather, True Mother just soldiers on in complete filial piety to God and total loyalty to her beloved husband---very very human; yet totally divine in heart.

Aju,

Clint
