

# Peace Road 2015 - Poland

Gdańsk, Poland, 21. June 2015

**T**he theme was: „No more war, no more communism”. Gdańsk is the place where the Second World war began in 1939 and also is the place of beginning of the end of communism in Europe due to Solidarity Movement in 1980. Also Gdańsk is the place where many religions and nations lived together.

We started in the place, which commemorates the first victims of the Second World War – Polish postal workers in Gdańsk. We prayed, listened

to the speech, we placed flowers and lit candles.

After that we marched to the monument which commemorates the victims of **Communism in 1970 near the Gdańsk Shipyard** where the Solidarity Movement was established after the strikes in 1980. We prayed, listened to the speech, we placed flowers and lit candles.

Afterwards we marched to the cemetery of non-existent cemeteries, which commemorates all religions and nations, which lived together in the past in North

Poland. We prayed, listened to the speech and lit candles.

We finished the Peace Road 2015 in **Gdańsk on the hill, from where we had a beautiful view of Old Gdańsk and New Gdańsk with shipbuilding cranes. Natural cranes are the symbol of Heavenly Kingdom. We hope that God's Kingdom will be established together with True Parents in Gdańsk, in Poland, in Europe, in the entire World before 2020. It was our last prayer in Gdańsk during Peace Road 2015.**
