

International 2nd Generation Winter Workshop

Glanow, Poland, December 27 – January 1, 2019

By Daria Kral

Beloved True Mother and dear brothers and sisters. Warm greetings from Poland! We have just finished the international 2nd gen winter workshop in Poland, Glanów. 43 participants from 7 nations were able to connect to the Divine Principle and learn to understand the heart of

Heaven Parent and True Parents. We had a lot of internal activities to let go of the pain of our past and being more determined, loving and happy for this new year. Through that they could truly understand that we are not just a movement but truly one family under Heavenly Parent and True Parents, that we are not alone, where ever we are.

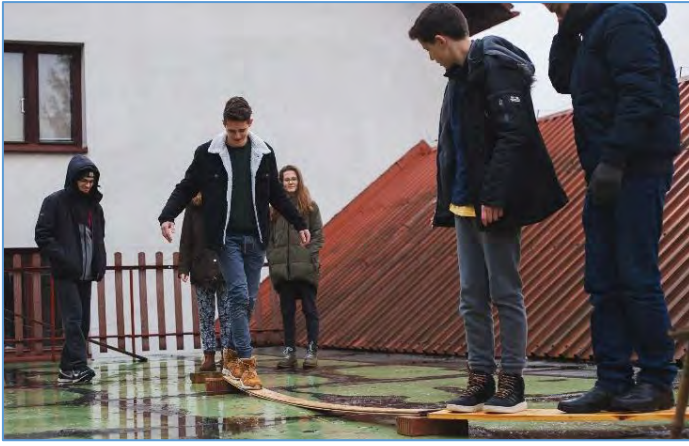

I wanted to express my gratitude to all those who supported this workshop through prayer, advice, organization and especially participation. It was a great pleasure to work with all of you. I wish you all a great start in this year and that you have the courage to open your hearts to Heavenly Parent, True Parents and all the people who are out there.

It was a great honor to host uncle William Haines as our lecturer. Listening to some very nice and inspiring testimonies from 2 STFers (K. Choi, S. Jung) and Yumi Dynowska Poland

Here are three of six teams

We had also a challenge day, where the teams have been tested in trusting each other, communicating, team work, vulnerability and knowledge.
