

Passing of Our Beloved Sister, Harue McCracken

Ki Hoon Kim and Richard Buessing
September 6, 2017

Dear Brothers and Sisters,

Our beloved Sister, Harue McCracken, of the Minneapolis Family Church, ascended to the Spirit World on Thursday, August 31, surrounded by her loving family after a courageous battle with cancer. Harue came to America showing her love and devotion to Heavenly Parent and True Parents, using her exceptional talent, and worked as one of the stellar accountants in the US. She has been a loving and dedicated wife, mother, and then grandmother, and a devoted friend. Despite her personal suffering, Harue maintained a positive and loving attitude, inspiring her family and friends, who will remember and cherish her.

Harue is survived by her husband Phillip, daughter Haruko, and grandchildren, Drake, Violet and Issac.

Let us join together to support Harue's family, and pray for her victorious transition to a glorious new life in the spiritual world, and her settlement in Heaven with Heavenly Parent True Father.

Following is Harue's biography and information about her Seonghwa ceremony from her family and District 8 and Minneapolis Pastor, Rev. Hyungtae Ha.

Sincerely,

Dr. Ki Hoon Kim
Continental Director

Rev. Richard Buessing
President

The Victorious Life of Harue McCracken

February 3, 1951 - August 31, 2017

On August 31, 2017 we are celebrating the life of Harue Hosono McCracken. She was born in the beautiful city of Nagoya, Japan on February 3, 1951. She recently visited Japan with her daughter Haruko and remembered how beautiful it was in Japan, and it's still beautiful.

As a child, Harue was gifted with intelligence and reached a second place in an Abacus competition in Japan. With her gift, she was given an opportunity to serve our community and True Parents by coming to the U.S. and being a personal assistant to Mr. Kamiyama. She was one of the most prized accountants and her skill and dedication was unmatched during that time. Even toward the end of her life, she was extremely sharp and her family would use her as their personal calculator.

Her childhood memories were full of joy and she often reminisced about growing up with her grandmother. She also spoke often about her fond memories of helping her father with his garden and work. She had an absolute dedication to her family, both in Japan and her new family here in the states. During her last visits to Japan she was able to mend and heal any disconnect between her siblings.

Harue was blessed to her husband Phillip in 1982 at the 2075 Couple's Blessing at Madison Square Garden. They were matched by father in the New Yorker at the Grand ballroom and Phillip fell immediately in love. Phillip has stated she was loyal and always dedicated to her family. She always worked to provide and support her husband financially and spiritually.

She was one of the most inspiring people that a family could have. Diagnosed and living with cancer for five years, Harue never had a sour attitude and always had an infectious smile. She never complained about suffering or life not being fair, but fought at every turn. She underwent multiple surgeries and exhausted all chemotherapy sessions. Through all of this, she still had an unwavering commitment to live.

She blessed her immediate family and her grandchildren with her presence at the end of her days, living in the town of Rogers, MN. She truly loved her grandchildren. She would pick raspberries and work in the garden with them. She loved to watch Isaac, her youngest grandchild, grow from birth till a one-year old mature and developed. She often sat on the deck and enjoyed the sunshine and the beautiful scenery and laughed along with her daughter, Ken, Phillip, and the grandchildren.

Harue-San was lucky to have her best friend come to visit prior to her passing, and it is evident that she waited to pass until she had said her goodbyes. Harue left our world seconds after her grandchildren told her they loved her and said goodbye. Her hardship and suffering has passed and she undoubtedly passed while surrounded by her loved ones.

We are so lucky to have known and lived with a person that displayed an absolute dedication and love for her family, friends and God.

Harue is survived by her husband Phillip; their daughter Haruko; and three grandchildren, Drake, Violet and Issac.
