Matching Education Program for First Generation

On May 4, there will be a virtual Blessing Education for new First Generation Members from 12pm to 6pm EST (9am to 3pm PST).

This Blessing education program will introduce the matching process and the Marriage Blessing for single members who are joining our movement to help them understand the path to the Blessing--why the Blessing is important, why it is different from marriage, how it will change their lineage etc. They should have a basic understanding of the DP. Spiritual parents, Pastors, matching supporters and interested members are all welcome and encouraged to attend.

For questions please email John Abelseth at john.abelseth@gmail.com or Myrna Lapres at mlapresmatchingadvisor@gmail.com.

More than 75% of parents help their adult children with some kind of financial support and money problems can be a major source of conflict between parents and adult children. It seems that we need to do a better job of preparing our teenagers and young college students to have financial independence and responsibility.
