December 31, 2017

We held interfaith blessings for peace, during the period from December 4 to 31, 2017.

During this period, Atelier Palm Ongd mobilized and blessed 150 couples respectively in the villages of, Muela Kisenda, KOMA, BOKO sector in Kongo Central, as well as in NGALIEMA Commune at the headquarters in Palm Ongd in Kinshasa. So the total number of couples they have blessed is 330.

During the events, we have thought the participants about the ideal of creation and human fall as well as the history of restoration which followed by an education about blessing.

As participants received True Parents' words and the blessing of marriage, are very happy and inspired. They speak about what they have studied positively and they also agreed to fully follow the tradition and create an ideal family.

Mr. and Mrs. Atelier Palm Ongd will continue to mobilization. Beside Atelier le Palmier Ongd family we have another blessed family name KIBUNGI MANUNGA Jean who have blessed 186 couples. We pray for the great success of all the Heavenly Tribal Messiahs.
