On July 7, 2019, we organized an event covering three parts: public declaration ceremony to the nation of who we are and what we are doing, nomination of 10 new Peace Ambassadors and launch of the Peace Road 2019 at the Abidjan District City Hall. We had 200 participants. A dozen public, private and community media covered this event.

Reflection

Loukou Akissi Delphine (distinguished Ambassador of Peace): "I am an actress artist who works with other people ... my work forces me to collaborate with hundreds or even thousands of people. This nomination that I received today will help me to impose the knowledge to live and the cohesion with the people who constitute my staff of artists. I invite all other nominated Ambassadors like me to be role models wherever they are. "

LY Aimé (Journalist at Radio Yopougon): "UPF Côte d'Ivoire is well known and respected for the work it is doing. I am a journalist and cover a public declaration of interpellation of the UPF and its partners, it is very important for Me. I will always mark my availability to support what this important structure does. "

His excellency Ake Abraham (President of PEACE ROAD 2019): "In all franchises, welcoming PEACE ROAD 2019 in our municipality is a heavy responsibility. I will do my best to bring this challenge to a successful conclusion and to organize this important activity. That's why, I already say to all, "go to August 10, Attécoubé, the beautiful family"
