Yuriy Gavrilin - June 2-5, 2019

A three-day workshop for children between the ages of 8 and 11 years was held outside Moscow. Fifty elementary schoolchildren from Moscow, Moscow Region, Nizhny Novgorod, Ulyanovsk, Saratov, Tula and Ryazan took part in the workshop, which took place June 2 to 5 in the small town of Dedenevo.

The theme of the seminar was related to True Mother's expectation that the Second Generation should become the light of the world. We compared younger children with fireflies. We taught that

the light would come from their filial heart and respect for elders. We also talked about bad habits, curse words and deception that extinguish this light.

In addition to interactive lectures and talks, the workshop included many sports and games, a quest and thematic tasks. It helped the children to get to know each other better and to make strong friendships.
