It is good to see you. I have some good news. In November, my biography will be published. On the first page, it talks about this: in True Father's speeches, he said that the only begotten Daughter of God, the one who would become Mother, would appear from a family of three generations of Christians. In 1919, during the Independence Movement, my grandmother on my mother's side, Grandma Cho Won-mo, carried Hong Soon-ae, who is Dae-mo nim, on her back and joined the rally for the independence of Korea. And in 1943 I was born and the country was liberated in 1945. At that time, Grandma Cho Won-mo carried me, her granddaughter, on her back and again cheered for the independence of Korea. Isn't that interesting? Heaven prepared our family.

The 2,000-year Christian providence was the providence to prepare for the only begotten Daughter of God

Two thousand years ago, Heaven sent His only begotten Son Jesus Christ who could become the victorious human ancestor and the True Parents. However, Mary, who gave birth to him, Zachariah, and

the Jewish Church, did not recognize him. For four thousand years Heaven toiled, guided, and taught the Israelites and finally sent them the Messiah they longed for. Yet what should we think of them for not recognizing Jesus?

The Bible does not express everything, but on his 33rd birthday he told Mary several times that he must marry. However, Mary failed in her responsibility. How could she have had so many children with Joseph? If she married all of them off then why did she fail in her responsibility toward Jesus Christ? Jesus had lost his entire environmental realm and had no way to advance. Through the path of the cross, he was at least able to open the way to spiritual salvation. That is why he said that he would come gain as he died on the cross. He clearly taught that he would return and host the marriage supper of the Lamb.

In Christianity's history, how did Mary become the Holy Mother? It was ignorant to do so. The two-thousand-year Christian history began with the revival of its believers through the Holy Spirit. It took time until the Bible was created. Therefore, many failures occurred throughout Christianity's history. That is why there was no alternative but for the Protestant Church and then Communism to appear. As I have said, the Bible became accessible to laypeople when it was translated from Hebrew to English in the 17th century, which gave rise to the movement for religious freedom.

The representative nation of this movement is America. Heaven meant to prepare for the returning Lord through America, but the course in search of human beings that were lost to Him was extremely difficult. It was filled with pain. The two-thousand-year Christian providence only needed to give birth to the only begotten Daughter of God who would become Jesus' partner to hold the marriage supper of the Lamb. You must understand that if the only begotten Daughter does not appear, then even if the Lord returns he cannot advance to the position of the True Parents.

I was born in 1943 and Korea was liberated in 1945. At that time, Father was in South Korea. Heaven spoke to Father in South Korea and told him to go north. Do you know what this means? It means absolute faith, absolute love, and absolute obedience. It is the process of seeking the position of the only begotten Son of God.

The completion of the providence begins with the only begotten Daughter of God

Heaven had to give me a growth period, a time for me to mature. At that time, Korea was in a situation in which it could be communized. I was in the North until Korea was liberated. Because it was revealed the returning Lord would come through Pyeongyang and we believed in that. With the Holy Spirit and the Truth, we were a group that offered more devotion than anyone else did and waiting for the Messiah to come, not riding on clouds, but in a physical body.

Many men went down south. Because if you were in the North then you had to join the North Korean People's Army. We could not consider going south ourselves but then we received news from my uncle. We had thought he was studying medicine in a Japanese university and would return home after liberation, but he said that he had joined the South Korean army. Our household believed firmly that the

returning Lord would come to Pyongyang and did not consider going south but my uncle who was my grandma's only son, joined the military so us three women, my grandmother, Dae-mo nim, and I, departed southward in the middle of the night. Even then, many things happened that would seem like a TV drama.

Two years after I went south the Korean War broke out. The only begotten Daughter of God, which Heaven had lost, was finally born for the first time in six thousand years. She would be able to restore the position of the True Parents and restore all of humankind therefore Heaven had to protect her. Among you who are gathered here, there are probably very few of you who survived the Korean War. However, in that situation, together with God a miraculous event occurred. I was young at the time, but I could not allow Heaven to wait any longer and I stepped up with the heart, "it has to be me." No one else taught me to do that.

In the Bible, Adam and Eve speak freely with God. It is the same for me. No one had taught me the Principle or educated me in any way. Father didn't even do that. I made my own decision.

Brothers and sisters, the Divine Principle is not perfect. Part II should have a chapter on the True Parents not the Second Advent. Don't you think so? We should also correct the Principle of Creation. In the Bible, it says that God completed the Creation in six days and rested on the seventh. It says that there was evening and there was morning and that was the first day. Those words are not a concept of time.

As you probably know, when a couple marry and conceive a baby, the baby has a ten-month [growth] period and it is born ten months later. In the same way, could God complete His Creation using only words? There is a process. Also, to give birth to life, a man cannot do it himself. A man cannot give birth to life on his own. That is why God created man and woman. However, the Bible does not state it clearly this way.

After Father ascended, I waited and waited and finally was the first to announce, "I am the only begotten Daughter of God" to the American ministers. Then the ministers applauded. They questioned, "Why didn't we know something so reasonable and valid?" The Catholic priest's mission is not currently as it should be; how does a man marry a man? The returning Lord who said he would come again needs the only begotten Daughter to appear. A woman has to appear. Yet the woman was neglected. That is why the providence could not be completed. The completion of the providence begins with the only begotten Daughter of God.

Heavenly Gyeongsang District should roll up its sleeves and move quickly for national restoration

You have offered devotion again at the Busan holy ground today and now we must reveal it. Father began [his ministry] here and prepared to meet the only begotten Daughter of God. Do you know this or not? In 1960, we advanced to the position of the True Parents. Afterward, the very first thing we did was a Blessing event. Heavenly Parent's dream and humankind's wish!

Heavenly Parent hoped that we would call Him our Parent and that we would become children who can

go in front of Him and receive His love. However, that path was blocked due to the Fall. The only people who can open the way is True Parents. It is embarrassing as the True Parents that the True Children do not understand how the True Parents were born. It is the same for God's Creation. After giving birth to Adam and Eve, God gave them a growth period as a time to learn. If they had looked only to God without averting their eyes and absolutely united with him and listened to only His words, they would have matured and reached perfection in a position that was one with God. It is a position in which Heavenly Parent and True Parents are one.

The Parent, who had existed to you for a long time only in spirit, desires to embrace and love His children as the True Parents in the physical world. The Fall is what lost us from this amazing grace. The People who have restored that grace is the True Parents.

There is no second or third True Parents. There is only one True Parents. Your second- and third-generation children will call us True Parents or True Mother. Our long-time elder members should undertake this well. The True Parents are forever only one person. Therefore, do not stray otherwise and if you unite with the only begotten Daughter of God, True Mother, you will be victorious.

In front of True Parents and in front of Heavenly Parent, you have responsibility as Blessed children. You must restore your nation. The Heavenly Gyeongsang District must roll up its sleeves and move quickly. Will you do that? (Yes.) I believe in you, I love you.
