**Re.: A Special Message from True Mother**

- 1. May the love and blessings of Heavenly Parent and True Parents be with all mission nations.**
- 2. God's wish was to become humanity's vertical True Parent and realize the ideal of 'One family of humanity under the Heavenly Parent.' In other words, God intended to become the 'Heavenly Parent,' not just 'Heavenly Father' but also 'Heavenly Mother' and raise up heavenly individuals, heavenly tribes, heavenly peoples, heavenly nations and a heavenly world where individuals, tribes, peoples, nations and the world attend God as the Parent.**
- 3. Following True Father's Holy Ascension, True Mother proclaimed VISION 2020 and through an inexorable advance, realized great victories at the national and continental levels. On this foundation, the Events Celebrating True Parents' Centenary and 60<sup>th</sup> Holy Wedding Anniversary were victoriously offered to Heaven. Among these commemorative events and on the foundation of national and continental victories, True Mother proclaimed the Firm Establishment (安着) of Cheon Il Guk during the 7<sup>th</sup> Anniversary of Foundation Day held on 1.13 by the Heavenly Calendar (February 6, 2020). Furthermore, based on the firm establishment of Cheon Il Guk, on 1.14 by the Heavenly Calendar (February 7, 2020), True Parents bestowed the precious blessing of Cheonbo registration so that families can directly attend and resonate with Heavenly Parent. They also proclaimed that by the 60<sup>th</sup> Heavenly Parent's Day in 2027, we will build the Heavenly Unified World where God is firmly established in substance as our Heavenly Parent in Heaven and on Earth.**
- 4. Following the firm establishment of Cheon Il Guk, True Mother offered profound *jeongseong* for 55 days. On 3.9 by the Heavenly Calendar in the 8<sup>th</sup> Year of Cheon Il Guk (April 1, 2020) at 7 PM, during the special meeting (conference call) for Cheon Il Guk leaders attended by regional group chairs and UPF chairs from all 7 regional groups, Mother gave a special proclamation message: "Since I still stand in the position of having to embrace all humankind, which currently number 7.7 billion people, and**

**until they are all embraced, our name will no longer be the Unification Church or Family Federation; I wish to change the name to Haneul Boomonim Gyodan, 'Heavenly Parent Church' in English." True Mother gave a message of blessing where, going beyond the Old and New Testament Ages and the Completed Testament Age into the Era of the Firm Establishment of Cheon Il Guk, the era of direct attendance to Heavenly Parent has been opened and Family Federation for World Peace and Unification can fulfill its original role and mission as the Heavenly Parent Church.**

##### **5. An edited translation of True Mother's special message:**

“Beloved leaders, at this juncture when the completion of the providence must be realized without fail, God is suggesting that we make a firm determination and march forward. For six thousand years, fallen human history has continued; however, I believe that neither politics, nor religion, nor any part of society can endure this fallen history any longer. We stand at a point where hope for the future cannot be found. Most notably, centering on the Christian foundation, the long-awaited Only Begotten Daughter has come for the first time in six thousand years and Christianity stands at the point where it needs to move toward a new providence. However, since Christianity is unaware of this point, the time has come when Heaven has no choice but to reveal the truth of human history.

“The Creator Heavenly Parent's dream was to live together with human beings on earth. In other words, since True Parents have appeared before fallen humanity, it is necessary for people to go through the process of rebirth and resurrection and acquire the necessary qualifications of sons and daughters with whom Heavenly Parent can live together.

“Although the Christian foundation ought to have welcomed True Parents' advent, its failure to do so resulted in 60 years passing by. However, with regard to True Parents' mission and responsibility, Heaven raised True Mother, the Only Begotten Daughter, and opened a new providential history. During Cheon Il Guk Foundation Day, I made a pledge before Heaven. Originally, God was to be the Lord of all humankind, and although it was a small condition I pledged to restore 7 nations and a continent. And in 2020 I proclaimed the firm establishment of Cheon Il Guk.

“However, we cannot be satisfied with this. The coronavirus has shown critically that no self-centered, man-made institution or creation can provide hope for humanity's future. In particular, during the coronavirus pandemic, Korea's Christian foundation made numerous mistakes. This is why during this period, I am offering a lot of jeongseong and prayer.

“There are things Heaven expects of True Parents and all of you who have received the Blessing through True Parents. We stand at the point where humanity can be shown the path to take through the leaders of the world and as soon as possible. Our Heavenly Parent is saying that there can be no more delays at this time.

“Heavenly Parent the Creator created heaven and earth as well as the first human ancestors and lives as an invisible spiritual being. Heavenly Parent's wish was to live in oneness as a true parent with the perfected first human ancestors. The six thousand years of fallen human history have created an environment of division. This is evident just looking at religion. In the case of Christianity, numerous denominations have been created over two thousand years. This is why it

is necessary to make people understand that any human-centered institution, whether a religion, or any other type, can no longer bring hope.

“It is True Parents’ responsibility to realize the wish of Heavenly Parent, the original Owner. In particular, it is also the responsibility of blessed children [and families] who received the blessing. While I am alive on the earth, as True Parent, I must unite religions and I will establish a system that can unite with one center all sectors [of society], whether ideology, politics, the economy and so on.

“Since I still stand in the position of having to embrace all humankind, which currently number 7.7 billion people, and until they are all embraced, our name will no longer be the Unification Church or Family Federation; I wish to change the name to Haneul Boomonim Gyodan, ‘Heavenly Parent Church’ in English. Each nation must grow roots accordingly! This is the responsibility we must fulfill on earth.

“All possible efforts and methods must be invested in expanding the environment of Cheon Il Guk. Let us create Cheon Il Guk, the Kingdom of Heaven on Earth where, just like True Parents, we can live in attendance to our Heavenly Parent in accordance with the original plan of creation! May you all be healthy and let us march forward energetically! I love you!”
