### A Peaceful World Cannot Come Through Human Effort and Power Alone

It's been 3 months since we met, right? (Yes) When we say May, it is the most beautiful season, it is the season of hope, isn't that so? A few days ago, I was walking around Cheon Jeong Gung watching the blooming azaleas, and around the flowers I could see the bees and butterflies dancing and working hard. At that time I felt the creator our Heavenly Parent had a dream, that he created heaven, earth, and all creation, he created this beautiful season for the sake of human beings, however the fall of the first human ancestors completely destroyed God's ideal.

Even though Heavenly Parent is the true owner of heaven and earth, he could never stand in that position. Over 6 thousand long years Heavenly Parent had to endure and wait patiently, looking for the human beings who would understand his will.

Especially recently, due to the Coronavirus situation, all the countries in the world are shutting their borders, and from whatever aspect you look at, each country is moving further away from uniting with

each other centered on their own national interest. This shows that a peaceful world can no longer come about through human effort and power alone. How did you feel?

### **The Providential Marathon Began In 1960 from True Parent's Holy Wedding**

Heavenly Parent waited and waited for his providence to start on this earth and on March 16, 1960, on this day Heavenly Parent should have become one with True Parents. However when we look at history, the history of the providence of restoration and the providence of restoration through indemnity was littered with mistakes and prolonged. In particular, the returning messiah's responsibility should have reached perfection based on the foundation of Christianity but because of Christianity's opposition, in 1960 True Parents looked at the world and began a marathon.

### **Only True Mother Crossed the Finishing Line on Foundation Day in 2013**

Thereafter, True Parent's endless efforts to embrace the entire world was filled with unspeakable and unimaginable blood sweat and tears. For 54 years True Parents have been running this marathon and finally on January 13, 2013, True Parents proclaimed Foundation Day. Who guided everyone into the finish line? Only True Mother crossed the finishing line. That is why I proclaimed Cheon Il Guk, I proclaimed the first year of Cheon Il Guk. And, for the sake of True Father, for 3 years I beseeched Heavenly Parent to show compassion, forgiveness, and love. True Father's mission must see completion on the earth. Earthly life takes precedence. However the complete realization of God's will on earth was not fulfilled.

After True Father's Seonghwa, I offered devotion in the morning by mourning at his grave for 3 years. After 3 years this is what I told True Father, "Please be free from all earthly responsibilities and ascend to the spirit world. I will take responsibility for the earth." Did I do that or not? What happens on earth is important. Today all of you are living, breathing together with me. You have no idea how important this moment is. Through COVID 19 you have been practicing social distancing and various self-quarantine measures. I hope that this was a time of self-reflection, self-examination, and repentance of whether or not you have the qualification to live an eternal life as a citizen of Cheon Il Guk in the eternal spirit world. I really hope that you take this opportunity to make a firm resolve to be victorious in fulfilling your responsibilities. Will you do this? (Yes)

### **The Time Spent Together With True Parents on this Earth is Priceless**

#### **I Proclaimed the Firm Establishment of Cheon Il Guk in 2020**

As a True Mother who knows the providence, I have been breathless for the past 4 years. I did not have a single moment of rest. I'm sure you felt it and witnessed it with your own eyes. Only Heavenly Parent was on my side. Do you acknowledge this? When I said I need to restore seven nations, no one believed me. When I said, "I need to go to Africa, I need to go to Senegal", many people opposed me. However, what was the end result? Were we victorious? (Yes) On the foundation of this victory, in 2020, I proclaimed the firm establishment of Cheon Il Guk. It is the firm establishment of Cheon Il Guk, it is not just the settlement but the firm establishment of Cheon Il Guk. A proclamation cannot end with just a proclamation.

## Heaven Can No Longer Wait

That is why, during the COVID 19 period, for 55 days, I offered profound prayer and Jeong Seong. Heaven can no longer wait. While I am alive on this earth, all of humanity needs to live a harmonious life through attending Heavenly Parent. I have come to the conclusion this providence can no longer be delayed. I'm sure you've learned a little bit about providential history through Dr Yoon [Yun] . The place where God wanted to practice his true love that he has dreamed about for so long is not the spirit world but this earth. The invisible Heavenly Parent desired to become one with the visible, perfected human beings, the True Parents, and based on that foundation God wanted to embrace, love and raise all of humankind.

## We Cannot Make Heaven Wait Any Longer

Shouldn't Heavenly Parent's dream be realized? (Yes) We can no longer delay heaven's providence. The days when humanity has to suffer to gain understanding should end. We do not have the time to be idle. This time I really pushed myself physical to the point where my legs hurt a lot. My heart was always that I wanted to stand up again and work but I could not move around. Interestingly, it appears heaven has given me time to rest due to the COVID 19 crisis. When I think about it I have nothing but gratitude for heaven. (Applause)

## In 2023 I Will Offer Cheon Il Temple to Heaven

Therefore, the work that I need to accomplish is to show the citizens of Cheon Il Guk how to attend Heavenly Parent in their daily lives. After father ascended I mentioned that I would build Cheon Won Gung, but unfortunately my direction was not immediately implemented. There were so many secular and manmade limitations. However, now I have decided the date. In 2023, in the beautiful season of spring, Cheon Won Gung, the temple that will attend heavenly parent, the Cheon Il Temple will be offered to heaven. (Applause)

## Korea Has to Become Heavenly Korea By Attending Heavenly Parent

I'm sure you remember what father said in the past. "Now, all of the people around the world who know this will, will gather like a flood and there will be no end to the cruise ships lining up in Busan." Father's words cannot be allowed to fall on barren ground. We need to bring father's words to fruition, isn't that so? We must have something to show for, isn't that right? (Yes). That is why in order to hasten the process of the unification of the Korean peninsula, the wish and dream of the Korean people...

I have mentioned several times in the past, there is a limitation to human understanding and efforts. This country has to become heavenly Korea by attending Heavenly Parent. Didn't I mention this before? (Yes). Therefore, in order to hasten the providence, I restructured Korea into five sub regions. This was to bring greater results. There were parliamentary elections this time, did you go and vote during the parliamentary elections?

## Inform the Truth of History through True Mother's Autobiography

This nation must become a nation that belongs to heaven. This nation must become a dwelling place of

Heavenly Parent. However, politicians and citizens who do not understand heaven's will should become obstacles to heaven's providence. That is why I'm telling you to educate them. Please share the truth about providential history with everyone. Fortunately my autobiography was published. Do you know how people's hearts have been moved after reading my autobiography? I received your testimonies, but I also received the testimonies of Peace Ambassadors, ordinary citizens.

### **I Proclaim 'Heavenly Parent Holy Community'**

Heaven loves you, loves the blessed families, and that is why heaven gave you this gift, this opportunity. Your responsibilities are important. Will you fulfill your responsibilities? Not a single person around the world should be unaware of Heavenly Parent and unaware of True Parents. Christianity is now facing its twilight. That is why I am working so that all the leaders, whether in the realms of thoughts, politics, economy, or religion, can come under one banner which is why I proclaimed the 'Heavenly Parent Holy Community'.

### **Do Not Be Unfilial Before Heaven Any Longer**

Until now, outside world have worked under the name of a church, and all the churches including Christianity, did not fulfill their responsibilities. This community will become the great umbrella of Heavenly Parent and all the NGOs, whether UPF, Family Federation, Woman's Federation, everything will come within this great umbrella. We need to testify Heavenly Parent at 120 %. Do you understand? Please do not judge based on your limited understanding. Please do not act foolishly anymore. Please do not be unfilial before Heavenly Parent and True Parents any longer. Until now I have been revealing the hidden truth of providential history. Heavenly parent is not just heavenly father. 'Heavenly Mother', this title means Heavenly Mother has become the center to embrace and give birth to the entire world. It is a great umbrella with such a meaning.

### **Inform One Third of 7.7 Billion People About Heavenly Parent**

You need to jump up and start dancing and celebrating. When in history did we have a day like this! Up until now Korea was a weak nation of many struggles. Thanks to who was this nation able to stand and become a guiding light to the world? Please do not work in half measures. I want to add one more point. Henceforth, while I am alive on this earth, I am going to reorganize and rectify everything. Heavenly Parent is working with me. Heavenly Parent have been waiting to receive glory, love and joy from his beloved children. You must do this. Every day you should be able to offer a report saying, "Heavenly Parent today this nation and this people have pledged to attend you". So while I am alive on this earth, it may be 10 years or it may be 20 years, at least one third of 7.7 billion people should know and attend Heavenly Parent in their daily lives. We must realize the substantial kingdom of heaven on earth, Cheon Il Guk.

### **I Will Strengthen International Headquarters**

If each one of you can do the work to move 100 people and if 100 move 1000 people, we can transform this world. Do you understand? (Yes. Applause). Therefore, I have prepared the foundation for everyone to move forward. It is not just in this nation, I will personally tour and receive reports from around the world. I need to live each day as if it were 1000 years; I will do so many things. That is why I plan to

strengthen international headquarters. All directions will be given through international headquarters. Of course this was also done in the past but from now I will make it so that the international headquarters will deal with all nations and governments. What do you think I'm going to say next?

### **I Appoint Yoon [Yun] Young Ho as Director General of International Headquarters**

I appoint Yoon [Yun] Young Ho as director general of international headquarters. (Applause) I know that you could not understand and have said many things until now. But when I said things that many could not believe, he believed. When you said it's not possible, he believed.

Cheon Il Guk is the heavenly nation where everyone is united as one. In the 1960s when I held the holy wedding with True Father, heaven gave me a revelation that in the future all the citizens of the world will become citizens of heaven. Whether they are from the Kim family, Lee family, or Park family they will all become citizens of Cheon Il Guk. How can they live proper lives as citizens of Cheon Il Guk? These are names that will be remembered for in heaven. This is an incredible blessing and also a something to be feared.

### **March With One Direction, One Voice Like a Sunflower**

What is Cheon Il Guk? Henceforth, I do not want to hear unfounded words. Do you understand? From now on you must unite as one voice and unite together with me. Just as sunflowers are aligned with the sun regardless whether it is cloudy or dark, you should all align completely. Do you understand? Will you do that? Do you pledge to do that?

### **Only True Parent's Holy Wedding Ceremony Will Be Passed Down For Eternity**

I will not wait for long. For 54 years the providence that had been lead was the preparation to welcome foundation day. From foundation day we need to make a new start. To do that what should we do? What we need to think of as highest as human beings? If we think from the position of children it is the parents. The parents. In the future only the True Parent's Holy Wedding Ceremony will be passed down to generations throughout history for eternity. Earlier we spoke about the establishment of God's day on January 1, about the eight great holidays and its history in our church. The perfection of the providence is akin to the spring season. Spring! We have to begin and reach perfection in the spring season.

### **The Greatest Day before Humanity is March 16**

That is why all events, even the True Parents day even Heavenly Parent day will be celebrated on March 16. (Applause) I explained before why this is taking place. You have not forgotten what I have mentioned right? The start of Heavenly Parent is akin to spring. In the winter God prepared and in the spring flowers and new shoots of hope are blossoming. That is why before humanity and all of heaven and earth the greatest day of history will be March 16. Do you understand? Henceforth events will take place in this fashion. Do you understand? Are you happy? Are you grateful? I love you all.
