

May the Blessed Couples fulfill their responsibility and mission wherever they are

Hak Ja Han

April 24, 2024

Blessing prayer at 2024 Hyojeong Cosmic Blessing Ceremony Hosted by the True Parents of Heaven, Earth and Humankind
Cheongshim Peace World Center

Most Precious Heavenly Parent!

Here at the World Center, the 2,100 couples who have come into Your embrace - the blessed couples, good men and women who have received the Blessing through True Parents - are pure waters, expressing what was originally Your ideal of creation. May their path, as blessed pure waters of true love, expand endlessly throughout the world, transcending nations, sweeping across the five oceans and six continents in praise of You, Heavenly Parent.

May all the blessed couples who have received the Blessing today and are now able to live in heaven on earth with You, Heavenly Parent, thanks to True Parents' earthly victory, give birth to many pure waters who realize Your dream on earth and convey this news to the 8 billion people of the world.

By participating in this Blessing event, they will do their best to return the Earth to its original state at the time of creation, so that all the terrible things that are happening around the world today - climate change, disease, and natural disasters that are causing this Earth to suffer due to humanity's ignorance - will no longer threaten the lives of blessed families.

The future of our blessed families is hopeful. Today, 2,100 blessed couples from around the world received the Marriage Blessing. May they become blessed couples who fulfill their responsibilities, give joy and praise to our Heavenly Parent, experience Heavenly Parent's love on earth for all time, realize Heavenly Parent's dream here on earth and there in heaven, and live for eternity together with You, Heavenly Parent and True Parents. Therefore, please accept this day with joy. May you receive glory!

May the blessed couples fulfill their responsibilities and missions wherever they may be. I pray that these couples who have received the Blessing - particularly in this era, in an environment wherein they can directly attend, and live with Heavenly Parent - will form blessed families of whom history will be eternally proud and who will inspire their descendants to be filial sons and daughters and loyal patriots. I pray and declare this in the name of the True Parents. Aju.
