Note: The following information is the translation of the news posted on FFWPU Korea web site. They cannot be published as definitive texts and should never be used in the future as an "official" publication of True Parent's words. However, they do provide a good idea of the "spirit" of the message. - Rev. Katsumi Kambashi

"The Messiah (at the Second Coming) came after a 6000 year history however we could not attend him well due to our insufficiency. In order for the term "Blessing" to appear in human history... To have the term "Blessing" is a miracle for people who now live on earth. Blessed families are people who received such an amazing fortune, aren't they? Have you accomplished the responsibilities as a filial son or daughter, patriot and holy son or daughter? You should repent.

It is a fact that the image of our church has been upgraded but how much do the people in the world know True Parents? Seven billion people don't know True Parents yet. There is always a right time in Heaven's providential history. You should not miss this time period.

Don't become people who are ashamed of yourselves due to not accomplishing your responsibilities, even if you are in the position where you can bring results. Women here understand this: when you give birth to a child, you can do so even though you are at the point of dying. You should accomplish your responsibilities. Love members, create harmony among brothers and sisters, and attend True Parents while enlarging your environment.

Don't you think it would be great if you can bring successful results while I am on earth? I was impressed by the reports I heard this morning, but they are insufficient. The whole world must know True Parents. Christmas (Jesus' birthday) is not something certain but the birthday of True Parents is obvious. From now on, you should do something that will let the world know the birthday of True Parents. From next year, please hold an event in each country throwing a party and letting people know the advent of True Parents.

How much have True Parents loved humankind on earth? True Father gave his all risking his life to the last second of his time on earth. Don't just sit and only think. You should move your body. I would like to trust you. I am blessing you so that you are able to totally mobilize the spirit world to help you."
