Victory Celebration at Cheon Jeong Gung

Did you enjoy the energetic yute games yesterday? Even there, we can learn, right?

Harmony, didn't the Harmony Team win? In the future, as we follow the providence we must unite in order to fulfill our responsibilities. We have to cooperate, all individuals, families, nations, and the world to realize the completion of one purpose.

The most important thing is to unite centered on True Parents. Then, a united world centered on Heavenly Parent through which humankind can realize the dream of the kingdom of heaven on earth and in heaven, which is humankind's wish and Heavenly Parent's dream, will come.

Yesterday a lot of large beautiful snowflakes fell.

However, It snowed twenty centimeters throughout the night. The large snowflakes falling are like a blessing from heaven. Heaven is showing it can make a bright world out of this dark world. Do you understand? From now, on, globally, especially among our second generation, I will unite and harmonize them.

When we look towards the future through a firm marble-like foundation we will create a system that can stand tall even through strong rainy winds or hardships. I know that you have many worries concerning future generations and the future. There is no need to worry. While I am still on this earth I will perfectly put everything in order. You may not know this but I am educating the True Family's third generation.

They must be taught from a young age. Just know that I am teaching them True Parents' ideas and will from the beginning to the end so they can stand at the center of the providence. I am saying the four-position foundation has already been formed. If you go to Cheongshimwon [Chung Pyung's prayer hall], you see it, right? Not only in the spiritual world but also in the physical world, the spirit world is moving and they are being raised well so do not be worried. I am saying that if we unite as we go forward there is nothing we cannot achieve. There is only victory! I say this often but you must treat mother well. While I am here, you must unite with Mother and become people who will remain in my memory. Do you understand? You will do that right? I pray that you will make a new beginning with the determination that you will without fail absolutely realize Heavenly Parent's dream together with True Mother, the mother of the universe. You must become people whom I remember.
