Subject: Hyo Jin Nim's Family

An important note from the editor:

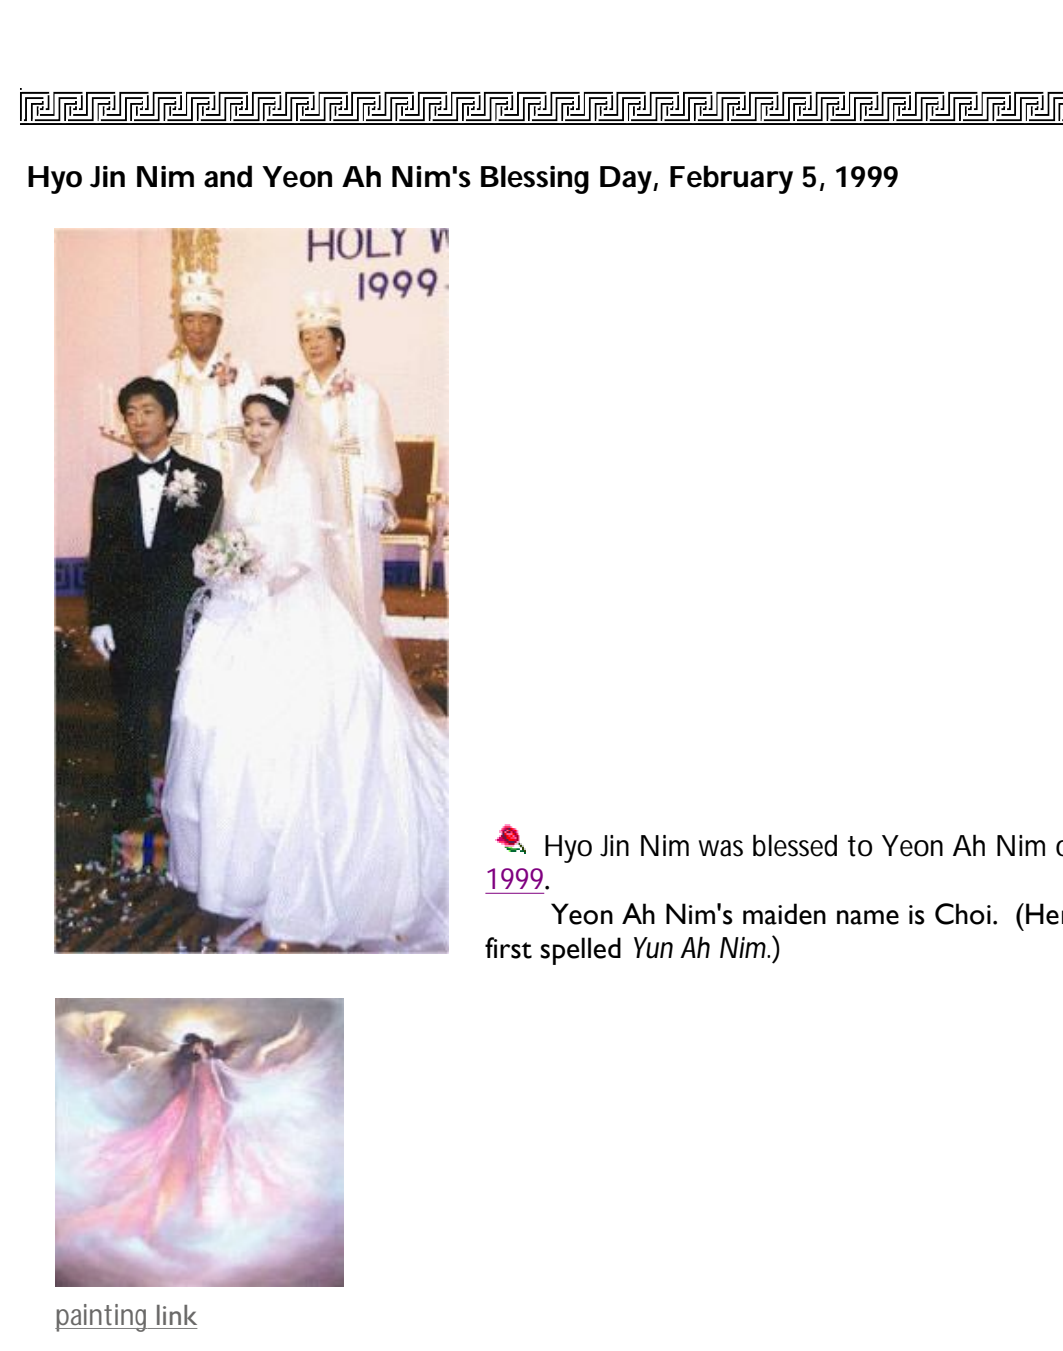

Unlike in Section one: Ascension, Seung Hwa Ceremony and Memorials, an html document where the embedded links in violet will work, currently sections two through seven are in pdf format. In this particular pdf format, only the complete links beginning www. in blue will work. We will update the entire tribute to an html document over the next several weeks, so check back.

Thank you for reviewing this. All the best, Mary Jane Despres

A Heavenly Couple from the text, Life in the Spirit World and on Earth by Dr. Sang Hun Lee "Original Love," August 7, 1997 (a link to a different online edition)

What is the appearance of a couple who have established the original love when they both finally come to the kingdom of heaven and are meeting God? They come to the spirit world just as a bridegroom and a bride enter the wedding hall, wearing the most beautiful clothing on earth. As the bridegroom and the bride whom God receives are extremely beautiful, the scene brings to my mind the image of an angel from heaven having descended to the earth. The good man and good woman go forward to God and offer a full bow while receiving resplendent light within a beautiful melody. Within the bright radiance of light, the husband and wife embrace each other. The appearance of the couple loving is as the world of light becoming one, and is very bright. Within the light, God embraces them and rejoices by radiating the love in a stem of light.

True Father guided them the day after their blessing, February 1, 1999, saying:

Hyo Jin Hyung [Hyung here means 'elder brother'], without understanding Father you cannot know yourself. ... [Yeon Ah] please follow Hyo Jin Nim well. Internally he has many treasures.

[Hyo Jin.] your name means filial piety, and you have to accomplish it. [Hyo Jin Nim replies.] "I will." You have three years before reaching forty, why don't you determine this? ... I forgave murderers and sinners, can I have the authority to forgive my real son's mistakes? ... I taught you everything. Hyo Jin, you should be a son I can love. Yeon Ah, go together with Hyo Jin wherever he goes, to recreate him.

Hyo Jin Nim and Yeon Ah Nim pray on February 4, 2006, from this group at FFVPU Korea

On February 28, 1999 http://tinyurl.com/cb3dw3 Dr. Chang Shik Yang shared further details about the significance of this blessing:

True Parents made a very important decision this time and conducted Hyo Jin Nim's re-marriage. They took full responsibility for the situation and established all the indemnity conditions so they could marry Hyo Jin Nim again. During this entire time of the difficulty in Hyo Jin Nim's family, I was often with True Parents. I never saw a single instance where they blamed or scolded Hyo Jin Nim for the situation. Instead, Father always took responsibility himself, feeling that because of his public work he was not able to take care of him.

This time also Father stood before many members and said, "As a father I was not able to fulfill everything that I should do." But we all know why it was that Father was not able to do as head of a family.

Father gave a great deal of meaning to this recent holy marriage. He said that it is a comprehensive indemnity for all the history that has gone by. Hyo Jin Nim was also able to stand in this position because even through all his difficulties, he always had absolute loyalty to his father. That was one important condition that led to his being able to be blessed again.

Another effect of this is that by forgiving Hyo Jin Nim, Father has established the condition for all the second generation to be forgiven, no matter what they have committed. In Korea there are older couples and church leaders whose children also had a great deal of difficulty growing up because their parents were away on public missions. There have been problems there. Through Hyo Jin Nim's blessing all those acts have been forgiven.

The grace that was given in this blessing was really tremendous. Now there really is no sin that cannot be forgiven. But those sins must not be repeated.

Now no matter what acts have been committed, the way of restoration for those people has been opened up through the sacrifice that took place through the situation of Hyo Jin Nim.

True Parents with Hyo Jin Nim and Yeon Ah Nim in Hawaii, November 11, 2000 * This photo comes from page 10 of the November/December 2000 Today's World.

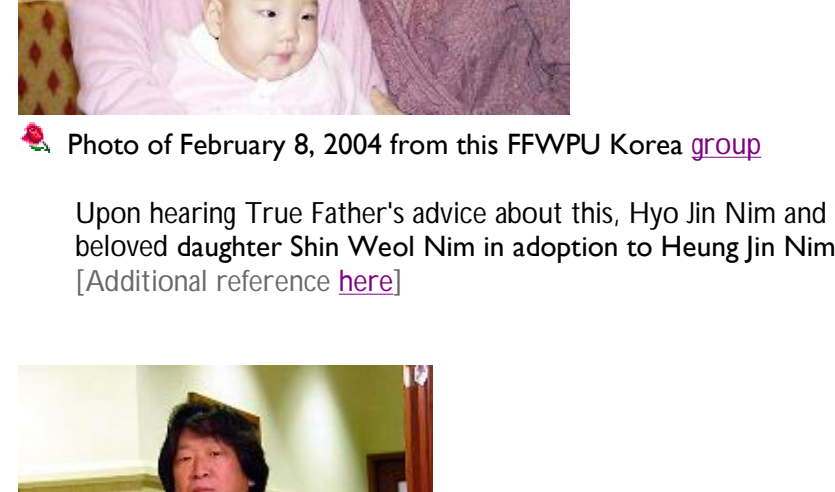

On November 11, 2000, True Father said:

True Parents' Holy Wedding was the first step to create a family similar to Adam's family on the global level and that indeed was the marriage supper of the lamb. ...

Now we can stand in the highest position of the realm of liberation where the bloodline of God, the True Father and his true son can be connected. I have blessed saints with evil people. Since the True Parents have the authority to break down the walls between heaven and earth, the wrongs in my family can be forgiven. We are now in the age where all faults can be completely resolved.

I have to finish everything I came to do by the time I am eighty years old. You cannot be God's and True Parents' direct children without having gone through the eight stages. It is quite a fearful fact. I am not making this up.

The occasion is discussed at FFVPUJ News posted May 3, 2005, including the following report about the pledge being promised:

Resolution for the Rally for Education on Attendance and Repeating the Root Ancestor

On this historic 51st anniversary of the foundation of the Family Federation for World Peace and Unification, we are strongly resolved to inherit the heavenly fortune and the tradition of True Parents, who had Satan naturally give in and overcame all the difficulties in order to attend God on this land and to fulfill God's ideal of creation. We are also committed to fulfill our responsibility by making 2005 the year when we will create the substantial foundation for Cheon Il Guk.

Hence, we pledge, as follows, to obey the call from True Parents of Heaven, Earth and Humankind, and to establish ideal families of peace and unification by accomplishing God's ideal of creation from the levels of the individual, to that of the family, tribe, people, nation, world, and cosmos.

- We pledge to lead a life of absolute faith, absolute love, and absolute obedience through attending True Parents of Heaven, Earth and Humankind, the king and queen of peace.
We pledge to acknowledge the settlement of Cheon Il Guk, the kingdom of peace, as our fate and responsibility. We also pledge to complete the Regional Witnessing Program (Tongban Kyokpa) through Hoandok family church activity and to fulfill the responsibility as tribal Messiahs.
We pledge to cut off all the Satan-related custom, culture and lifestyle in the fallen world and to be the leader in creating a culture of heart by transforming them into culture of true love in order to realize the ideals of Cheon Il Guk.

• The original of this slightly enhanced photo is located [here](#). Portrait of Hyo Jin Nim's Family, circa 2006. Yeon Ah Nim is holding Shin Soon Nim, who was born in 2004

At the Westchester, New York, National Memorial Service for Hyo Jin Nim on March 30, 2008, Rev. Michael Jenkins said (as transcribed from an audio recording):

I love Hyo Jin Nim with all my heart and I want you to know how much I'm so proud of him. And I'm so grateful for his life of faith and the beautiful blessed family that Yeon Ah Nim and Hyo Jin Nim established together. To understand Hyo Jin Nim, we have to understand God's providence, because

Hyo Jin Nim is one of the dispensational figures of God's providence. And centering on the historic course of God's providence from Adam's family, to Noah's family, to Moses' family to Jesus' family, True Family emerges. And on that foundation, True Parents established the basis to fulfill and complete the ideal of God through the four position foundation. And now Father has revealed that it

must extend and expand to three generations for the family to be secure. And how wonderful it is that True Parents can know that Hyo Jin Nim, Yeon Ah Nim and their family established that second generation blessing as the elder son's position forever. And it can never, ever be erased. *Ah!* So we congratulate Hyo Jin Nim and Yeon Ah Nim on this day. We congratulate True Parents, because the dispensation is now secure. ...

I saw the slings and arrows of all of the power and principalities of darkness hurled first at Father, then at Mother, then at every single member of True Family. But, I want to say, I don't think there's anyone who's more a target among the sons and daughters than the eldest daughter and the eldest son. So both of them have an incredible dispensational course, and we are grateful.

We're grateful for Hyo Jin Nim and Yeon Ah Nim's victory. ♡

True Parents were particularly delighted when Hyo Jin Nim's first son Shin Gil Nim was born. Great significance is given in Unificationist tradition to the fact that Shin Gil Nim fulfilled the position of the first grandson born of a son of True Parents. True Father prayed on March 23, 1988 (as transcribed on p. 2 of the May 1988 [Today's World](#)):

Heaven and earth are watching and blessing this place today—the fortieth day after the birth of Father's grandson Shin Gil, marking the establishment of the third generation of True Parents' family. Father, I thank You for Your wondrous love. In having led Hyo Jin's family to this blessed point through many difficulties. ... We should not have had to wait so long for this day. ... Please let this baby's parents do everything in their power to raise and take care of this baby with a good heart for the sake of the Unification Church and the entire world. ♡

From p. 33 of the Spring 1988 [Blessing Quarterly](#), we learn

When Jesus, as prince of heaven, was born, gifts of gold, frankincense and myrrh were brought to welcome him. So, too, in acknowledgement and welcome of baby Shin Gil, the American members prepared a gift of gold, and the frankincense and myrrh were sent from Korea. ♡

As Hoon Sook Nim explained on April 29, 2008 (in [this video](#) in Korean, mentioned in Section one of this tribute), Hyo Jin Nim basically lost his children from his first marriage as it was very difficult for Hyo Jin Nim to communicate with these children or visit them due to the stringent custody arrangements made at the time his first marriage ended. Towards the end of 2005, Hyo Jin Nim was excitedly looking forward to the day when Shin Gil Nim would become 18 years old and no longer subject to any restrictions on visiting Hyo Jin Nim. In fact, we understand that Shin Gil Nim was planning to move nearer to his dad to make it more convenient for his commute to university. Shin Gil Nim's solar birth date was February 13, 1988. Shin Gil Nim passed away in a car accident on December 28, 2005, only 47 days before he would have become 18 years old.
