LEGACY OF LOVE FOREVER

A KEY TO UNLOCK A GREAT SECRET

"I shared meals and slept with laborers in Tokyo, shared the grief of hunger with beggars, learned the hard life, and earned my doctorate in the philosophy of suffering. Only then was I able to understand God's will as He works to bring salvation to humanity."

FORGIVE - LOVE - UNITE

USA 1974, Watergate Controversy: Rev. Moon meets President Richard Nixon at the White House and gives him the advice to publicly confess, repent and ask for forgiveness. He also mobilizes hundreds to pray and fast and asked Americans and the media to forgive President Nixon, not for his sake, but to heal the nation's self-destructive split and prevent the loss of Vietnam to communal ideology.

“Let us unite in the spirit of forgiveness.
Unite in the spirit of love. Now is the time for
National Repentance. Love is the power to unite.
America once knew how to come together to create
a powerful nation for goodness upon the face of
the earth. The nation’s source of power has been
love and faith in God and one another.”

A GRAIN OF RICE IS GREATER THAN THE EARTH

Helping to plant rice with church members c.1956.
Massive flooding after the Korean War left rice
and many families went hungry.

"The pain of hunger can only be known by those who have experienced it. It's hard to believe that a single grain of rice can give such stimulation to the body, but when you are hungry you have such a longing for food that it makes you cry. When a person has a full stomach the world seems big, but to a hungry person a grain of rice is bigger than the earth. A grain of rice takes on enormous value to someone who is hungry."

THE LAND MAY BE DIVIDED, BUT NOT ITS PEOPLE

In 1971, Moon and his wife Moon Myung visited a field in North Korea. They stayed and ate the food in the field for 40 years. They stayed and ate the food in the field for 40 years. They stayed and ate the food in the field for 40 years. They stayed and ate the food in the field for 40 years.

ONGOING EFFORTS FOR KOREA'S REUNIFICATION

"The line that divides North and South Korea was drawn by human beings. Land can be divided that way, but not people. That we do not forget each other and continue to yearn for each other even after more than fifty years of separation shows that we are one people... We must end the division between North and South so we can have peace. Only after we first accomplish peaceful unification and restore our sovereignty can we bring peace to the world."

INTERNATIONAL PEACE HIGHWAY

"The International Peace Highway is a project to bring the world together as one. To become one means more than simply connecting continents by tunnels and bridges. It refers to an equalization of the world's standards of living. Building the International Peace Highway does more than just provide the world with a physical means of communication. Human beings are created so that their mind and body become one. Something similar is true for the world we live in. The world can be completely unified only when there is both physical communication and communication of heart."

WHAT IS THE GOAL OF 21ST CENTURY RELIGION?

PLAY NOW

LAUNCH OF THE THE WORLD SCRIPTURE PROJECT

"It will not be easy to tear down the religious walls that have stood for thousands of years, but these walls must come down if we are to advance into a world of peace. Religions and their factions must stop their meaningless fighting, find a middle ground for their differing opinions, and develop concrete ways to advance the world of peace. For humanity to be happy in the future, material affluence alone will not be sufficient. It is urgent that the struggles of modern ideologies, cultures, and races be overcome through interreligious understanding and spiritual harmony."

LOVING FAMILIES CAN CHANGE THE WORLD

Through giving the Marriage Blessing, Father and Mother Moon are connecting individuals and families to the love of God and providing a source of grace and salvation.

PLAY NOW

"The family is the only institution created by God. It is the school of love where people can learn how to love each other and live together in peace, and it is the training center where we practice how to build a palace of peace in the world. It is where we learn how to become a husband or wife who will live for the sake of our spouse and how to become a husband and wife who will travel on the eternal path of love."

SOLUTION TO POVERTY AND HUNGER

Father Moon is a passionate fisherman himself. He has also invested in fishery, boat construction, water protection and food research over many decades in Asia, Europe and the Americas.

“THE OCEAN IS A BLESSING BEQUEATHED TO US BY GOD. WHEN I GO OUT ON THE OCEAN, I AM COMPLETELY ABSORBED IN FISHING.”

“Fish turned into powder could be transported and stored easily, even in hot and humid climates. Fish powder is 98-percent protein, among the very highest protein content of all food products. For this reason it can be used to save people from dying of hunger. Fish powder could also be used to make bread. The oceans contain limitless food supplies, but the best method for saving humanity from the food crisis is fish farming. I foresee that there will be buildings, similar to the skyscrapers we see in our cities today, devoted to fish farming. With fish farming we can produce more than enough food to feed all the world's people.”

PEACE CUP & FOOTBALL FOR PEACE

"When I met Pelé, he laughed as he told me the story of a game in Africa. He said, 'I once played in Gabon in Africa, but the country was at war then. How do you think we were able to play in a place where bombs were exploding all around? Thankfully, there was a cease-fire during the time that we played. That's when I realized deeply that football was more than just a sport where we kick a ball around. Football is a means shared by all people in the world for creating world peace. After that, I decided that I had to carry out a movement for world peace through football.' I was so impressed with Pelé in that moment that I firmly grasped his hand."

ANGELS OPEN A PATH THROUGH A DARK FOREST

THE LITTLE ANGELS CHILDREN'S BALLET

"In 1963, we used the money we had saved to select seventeen children and form a children's dance troupe called the Little Angels. My plan was to have these children learn how to dance and then send them out into the world. Many foreigners knew about Korea only as a poor country that had fought a terrible war. I wanted to show them the beautiful dances of Korea so that they would realize that the Korean people are a people of culture. We could insist all we wanted that we were a people of culture with a five-thousand-year tradition, but no one would believe us if we had nothing to show them."

LOVE WILL BRING UNIFICATION

MIDDLE EAST PEACE INITIATIVE

"For decades, I have invested in promoting interreligious harmony. It is on the foundation of this investment that we have the trust of major faith leaders who would travel to Israel during the Intifada, or to New York in the wake of 9/11. It took large amounts of resources. Finally, we could gain the trust of both Arafat and top Israeli leaders, which allowed us to play a mediating role during outbreaks of conflict in the Middle East."

THE UNIVERSAL PEACE FEDERATION

Father and Mother Moon have offered suggestions for strengthening the UN and have founded organizations to prevent and solve conflicts through peace education, including the Universal Peace Federation.

"I have proposed a restructuring of the United Nations as a bicameral institution. In addition to the General Assembly there would be a religious, or cultural, assembly or council. This body would consist of respected spiritual leaders in fields such as religion, culture, and education. The members of this interreligious assembly would need to demonstrate an ability to transcend the limited interests of particular religions and cultures and to speak for the spiritual and moral purposes of all humanity. I maintain that the two chambers, working together in mutual respect and cooperation, will be able to make great advances in ushering in a world of peace."
