The Settlement of the Eight Stages (Pal Jeong Shik)

August 31, 1989, North Garden in Kodiak, Alaska

• Sunhak Institute of History •

At North Garden in Kodiak, Alaska,
on August 20, 1989,
True Parents proclaimed the Eight Stage
(Pal Jeong Shik) .

The proclamation of the Eight Stages stands for fulfilling the indemnity condition both the eight horizontal and vertical stages. The horizontal eight level of the indemnity condition consists of the eight vertical stages, from the servants of servants, adopted son, stepson, son, mother, father, and God. The eight horizontal stages, from individual to family, tribe, people, nation, world, cosmos and God.

It was succeeded to restore the position of the elder son that we lost because of the fall through indemnifying. It can be the condition to restore the position of the parents.

On the next day, True Parents proclaimed
the Parentism and the era of Heavenly Parentism.

“

What is the Ceremony for the Settlement of the Eight Stages? It is a ceremony that marks the victorious completion of eight vertical stages—the servant of servants, servant, adopted child, stepchild, child, mother, father and God—and eight horizontal stages—the individual, family, tribe, people, nation, world, cosmos and God. The Ceremony for the Settlement of the Eight Stages signifies that I have gone through the vertical and horizontal courses of indemnity according to those eight stages, and settled, and thereby the restoration of the right of the first son is completed and the course of indemnity for all the people of the earth is resolved. That is the result I brought by conducting this ceremony. The right of the elder son is restored, and True Parents can embrace all humankind. This ceremony brings an end to the history of wars and struggles that were necessary to restore the right of the elder son in the realm of the True Parents' love. Now the time has come when indemnity is no longer needed and we can have harmony in love. In order to achieve this, I had to hold the Ceremony for the Settlement of the Eight Stages. Through this ceremony True Parents forgave both the older and younger sons, so we can now enter the age of the realm where fallen parents are forgiven. (193-172, 1989.10.03)
