Excerpts

The unity of man and woman, convex and concave, is the place where God is perfected. That is where woman who is one half, and man who is the other half, are perfected. The land of settlement, where the ideal of God's love can be perfected, begins from the place where concave and convex unite and a relationship of the first love is established after marriage. The first love relationship of man and woman represents the place of perfection of the object partner of God. This is the core of the universe. When this moves, the entire universe goes back and forth in harmony. It is the base for the Kingdom of Heaven on earth and in spirit world.

Since this is the origin of love, it is called the original palace of love. Among the many royal palaces, the central palace is called the original palace. This is the original palace of love, life and the lineage, and the origin of the Kingdom of Heaven on earth and in spirit world. It is the beginning place of the freedom, happiness and peace longed for by humanity. That place is the royal palace for love, life, lineage and all creation; and the individual, family, tribe and a people are connected from there. You should understand that it is the original source and starting point of the Kingdom of Heaven on earth and in spirit world. It is also the origin of freedom, happiness and peace. If a woman does not have a man, she is in absolute darkness. If a man does not have a woman, he is in absolute darkness.

...

Where is the original place through which not only man and woman, but also God Himself can be perfected? Where can you perfect the love of God and man and woman? Where is the central place of settlement? This is the question. If you don't know the answer to this question, you cannot expand and extend the heavenly kingdom of the ideal of love on earth. Is that place of settlement the eyes, nose, hands, or feet? Where is it? It is the sexual organs.
