Jesus died without having established the clan-level family foundation. Therefore, we must restore it by paying indemnity at the risk of our lives. This is the way of the Unification movement, which is blazing the path of salvation for all people. The three-year-and-six-month course and another three-year-and-six-month course and altogether the seven-year course are the standard formula until the completion of the Heavenly Kingdom on the earth. You cannot ignore this destiny.

The formula of restoration that Rev. Moon established must be applied continuously so long as the satanic world exists.

Members of the Unification Church must follow the formula course. This principle should be applied to every member regardless of the fact that you are a part of the 36 Blessed Couples, Church pastor, or a simple follower. Unless you pass through this course, you are not worthy of following me as Rev. Moon is still going through the path of suffering.
