The São Paulo Declaration (March 31, 1995)

Through sacrifice and true love following the way of restoration by indemnity, **True Parents have brought victory step by step from the individual level to the cosmic level (horizontally) and from the servant of servant level to the level of God (vertically).**

On the 36th True Parents' Day, Father made the São Paulo Declaration which proclaimed the beginning of **the Second Forty Year Course**, a period in which all Unification church members worldwide must **inherit** True Parents' foundation of victory and fulfill their portion of responsibility.

Centering on True Parents' words over the past forty years, especially those given at new year, Father emphasized that the second forty year course is the period during which **we must follow** one step behind True Parents and accomplish what they have accomplished, and that during this period we **have to establish True Parents' tradition as an absolute one**. Father spoke as follows:

On the way of God's will there can be no "self". We must reach the level of "zero" existence. There must be no arrogance or individualism. True Parents' life of tradition has been one of loving the earth, loving all things, loving all mankind and loving God, single-mindedly for the realization of God's will. This has been the path of pouring out true love. We must **inherit this life of tradition** from True Parents. To do this, we should love the earth, the creation, mankind and God, and **accomplish the mission of tribal messiah.**

The official Second Forty Year Course begins from **March 31, 1995**, on this 36th True Parents' Day.

This is the period of **our portion of responsibility** which should be fulfilled on the level of blessed families and the second generation.

Being those who have inherited the victorious vertical and horizontal foundation of True Parents, our responsibility does not extend to the restoration of the cosmos, but **blessed families who have fulfilled the mission of tribal messiah must join together as one for the restoration of a nation.** It may not necessarily take forty years to fulfill this. It could be accomplished within seven or even four years according to how well we fulfill our faith and portion of responsibility.

At this point in time, True Parents are initiating the establishment of a **model ideal town and nation in South America**. This has very great providential significance. The providence in South America is thus bringing and extending the victory and blessing of the Abel sphere, which was established by God, into the Cain sphere. Through this providence, the foundation of North America (Protestantism) in the position of Abel, is shifting and being joined to the foundation in South America (Catholicism).

Next, the victory of this united Abel sphere must be connected to the **Jewish** sphere and they must become one. Then, the victory of this united and expanded sphere of Abel must be connected to the sphere of **Islam** and thus further expanded in unity. Finally, the victory and blessing of this greatly expanded Abel sphere must be connected to the spheres of **other religions**.

This is the future direction of the providence.

Centering on North America, the worldwide Unification Church should make special effort to support South America. Just as we inherit the realm of victory from True Parents, we have to expand it and invest our utmost effort so that the Cain sphere can receive God's blessing.

Plata es clara, mientras que el río Miranda es barroso. Cuando el agua clara del Río de la Plata se encuentra con el agua turbia del río Miranda, inmediatamente se forman remolinos. Aunque el color del agua cambia debido al lodazal, el río tiene el poder de limpiarse con el tiempo. Esa es la enseñanza de Dios y los Padres Verdaderos. El agua tiene el poder de hacer que las cosas vivas crezcan hasta llegar a la cima. También tiene la fuerza para llegar a miles de metros bajo la tierra. Dios puede relacionarse con cualquier cosa porque Él es propietario. Puesto que la Iglesia de Unificación ha heredado esta enseñanza, sus miembros deben ser capaces de llevar a cabo su misión de representar a Dios dondequiera que vayan, como el agua. Debemos llegar a ser la potencia que puede abrazar y digerir todo. Tenemos que estar con Dios y la gente en todo momento.

Esta es la fórmula: Todos los seres vivos en la tierra pueden sostener su vida por el agua. Esta es una tierra que puede representar todas las condiciones requeridas. Así que, si los Padres Verdaderos, junto con los pueblos del mundo, vienen a abrazar estos dos ríos, esto simbolizará abrazar a todas las cosas de la creación en el cielo y en la tierra.

Sección 2 Las Declaraciones de San Pablo y Jardín

La Declaración de San Pablo

Los Padres Verdaderos celebraron el 36º Día de los Padres Verdaderos el 31 de marzo de 1995, llevando a la conclusión el curso de 40 años que comenzó con la creación de la Asociación del Espíritu Santo para la Unificación del Cristianismo (AUS) en 1955. Desde entonces, la Declaración

naturalmente Satanás, permita que yo haga un gran descuento, para que todo ser humano haga solamente los primeros tres niveles de individuo, familia y tribu, en caso de hacerlo hasta ahí, quiero dar el resto para mis hijos, como herencia de padre". Dios se quedó muy contento. Así facilitó las condiciones y se tornó posible para el ser humano llegar hasta el Dominio Directo de Dios.

Después Nuestro Padre hablo para Satanás: "Ya que alcancé la victoria, voy a hacer un descuento para los seres humanos, después que subyugué naturalmente Satanás en el nivel cósmico él no puede hacer nada". Entonces, Satanás aceptó la condición. Nuestro Padre declaró la época de Mesías Tribal. Desde entonces, tiene dos opciones para que el ser humano se perfeccione y entre en el Dominio Directo de Dios. TP's Words 1

- Give Lectures with the DP book!

If you cannot give lecture to the audience on the occasion of the Divine Principle lecture, just read it. You just read it. It is easy.

Read the Principle of Creation, the Fall and the Principle of Restoration. As for the

Principle of Restoration, read it centered on the chapter of the Second Advent. As all of

you have the DP book, do it with that way.

Don't do it with the other way.

[11. 261.-257. 940620. Direction to give education through the DP book (Meeting of regional leaders, branch leaders of WFWP. Hannam-dong)]

Among the Japanese members, all the church leaders and lecturers, those who can give the lectures in the 21-day workshop are 47 people. It is a big **sin. For the members, in order to keep their life line, they need to follow the God's Words. It does not depend on some meetings. You need bring up your own life by yourself. It is not something that the church brings up.**

Then, how you can bring up your own life? By the Words. If you have just participated in 21-day workshop and 40-day workshop and think that I am a member of the unification church, it is a big mistake. **You need to study through the books.**

Having this kind of great Words until now, today you made the environment like this among the members of the unification church. I think that it is a **big sin. Because of that, what I have told you since last year is **not to give (your) lectures absolutely. Give all of the lectures with the book.****

If you keep what you feel and understand in your mind by using the book, you can express it anytime in stead of your own testimony. You can share your inspiration and grace received from reading the book. If you receive such grace as you are moved a lot, **you must convey it through the book.**

Anyone can become lecturers. **If you are accustomed to speak centered on the book, you can speak to all the people in your house even to anyone and read the book to them. But, you cannot tell the content that you understood just by listening in the lectures **to the third person** even in your house.**

TP's Words 2

- Witness to people by One-on-One

Don't think of witnessing to two or three people.

Witness just one person for each time. When we are born, only one person is born for each time, not two or three people. Do you like to give birth to twins?

Witness to one person for each time. Only one person for each time. (23-310)

You should witness to one person and to one person. To one person, to one person, One-on-One. You need to carry out a One-on-One strategy. You should do like this. (96-316)

We need carry out **One-on-One strategy. One-on-One strategy. How much did you take the offensive on the activity focusing on one person? In accordance with the increase or decrease in the number of times to practice it, the number of participants can increase. You know what I'm saying? There is nothing else. Devote your heart and soul to them, and they will be moved by your sincere devotion for one purpose, for the nation and for the world. So, 70 percent of them will enter the church. It is **70 percent**.**

(The Sermons of Rev. Sun Myung Moon 7-122)

Differences between Traditional Workshop and One-on-One Lecture

Traditional Lecture

- The process of giving lectures is just to help the guest become member.
- Even if keep performing workshops for several years, it will be **the same lecturer**.
- None of the guests become a **lecturer**.

One-on-One Lecture

Interacting with only one person seems slower, but **using the book**, the giving lecture process to help witness guest becomes member also works to train the guest as a **new lecturer** .

Differences between Traditional Workshop and One-on-One Lecture

Traditional Lecture

Even though witness guests want to participate in the DP workshop soon, **they must wait** until when the workshop would be held.

One-on-One Lecture

Using the DP book, we can give the DP lecture **at any time**.

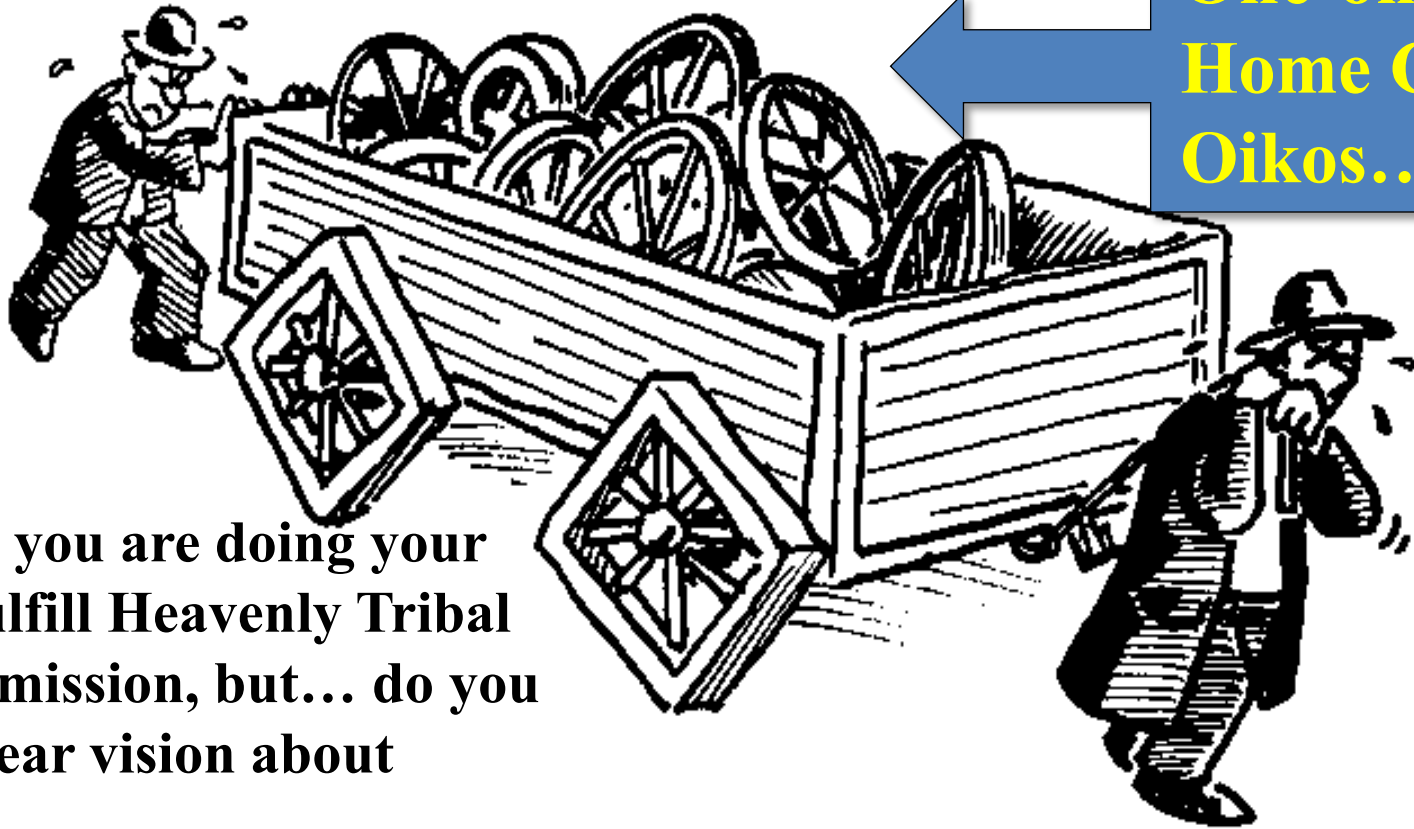

Witness?

- How can we achieve ? – by the life-style that unifies **life** in Cheon Il Guk era and **the faith**...
- With the Divine Principle **book**...
- Witness through **One-on-One**.
- Prepare container of love in Home Group, (Hoon Dok Home Church,
- **Oikos** (Tong Ban Kyok Pa, witness in life centering on the relationship.)

Old Paradigm

In the era for substantialization of CIG,
we need paradigm shift for the witness.

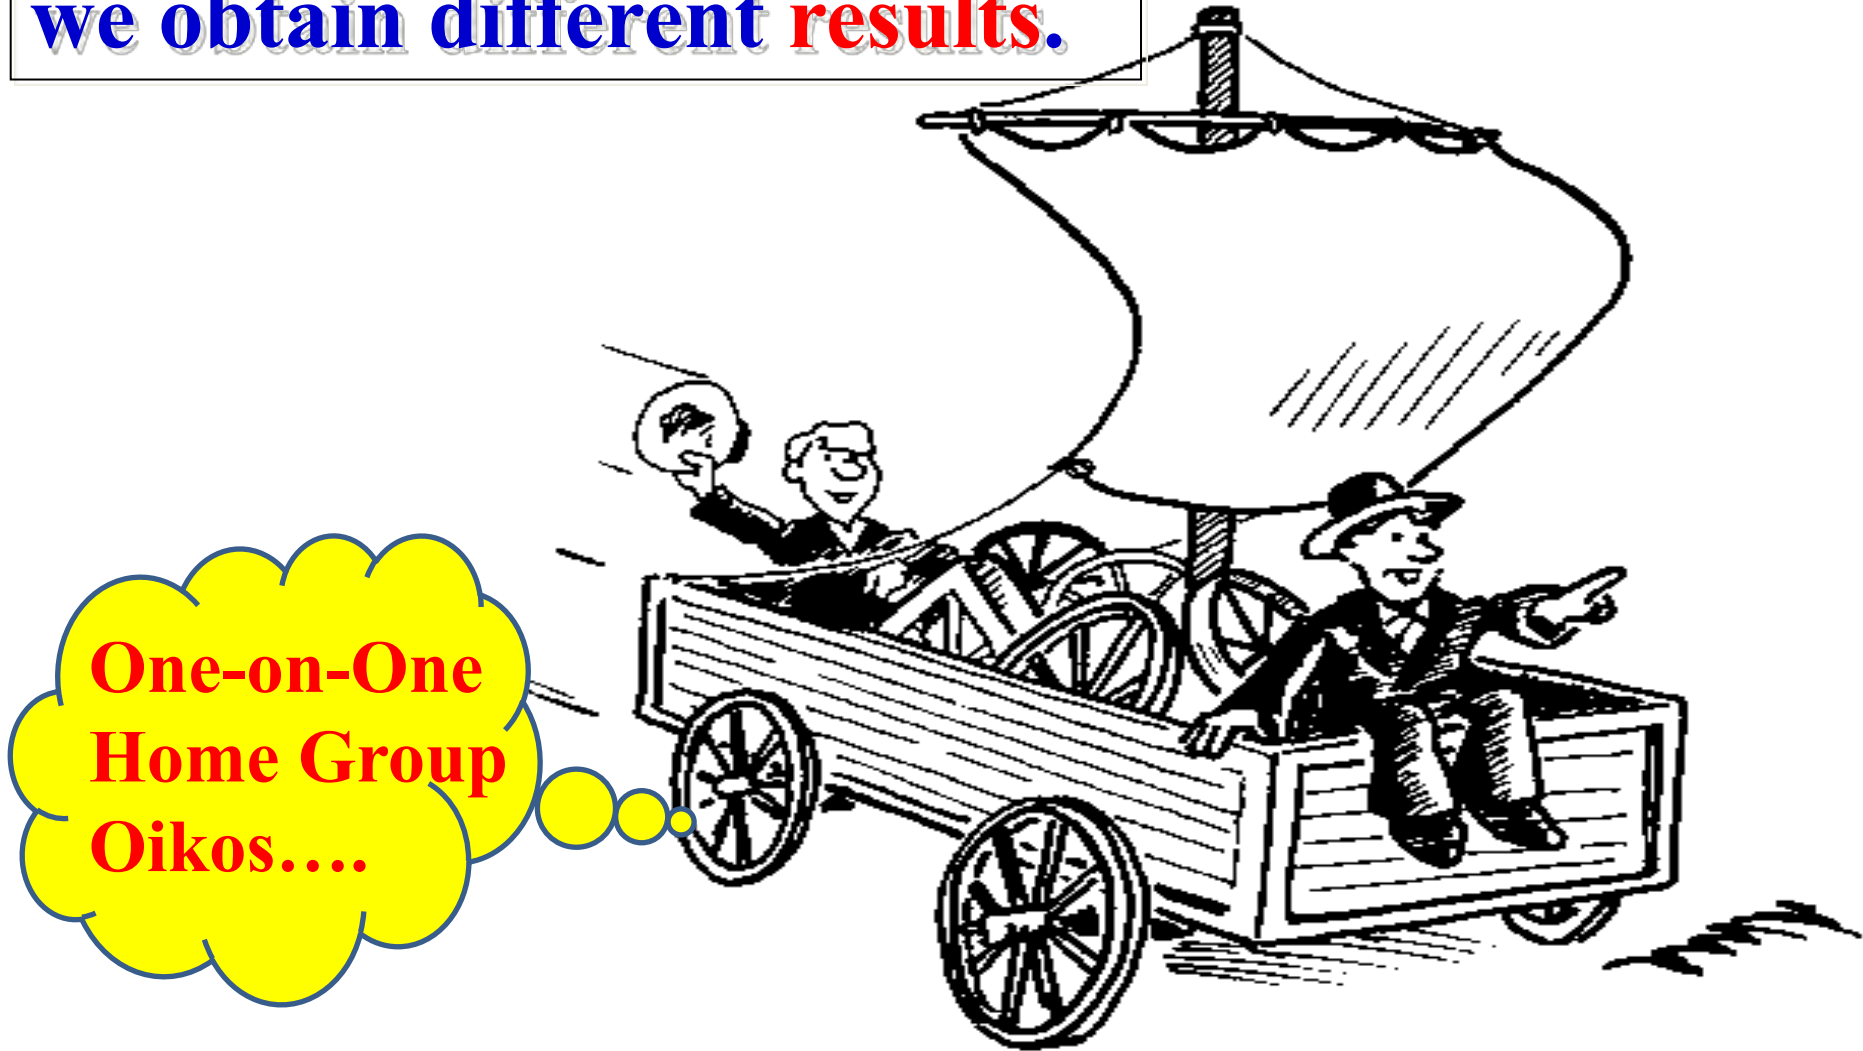

One-on-One
Home Group
Oikos....

Actually, you are doing your best to fulfill Heavenly Tribal Messiah mission, but... do you have a clear vision about that???

We make our best effort with blood, sweat, tears and devotion, but...

**Through the paradigm shift,
we obtain different results.**

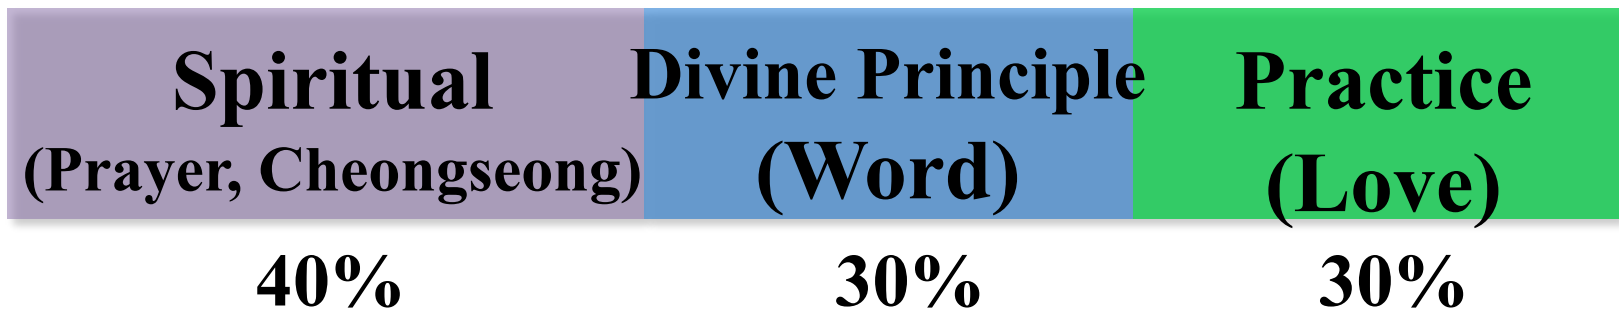

**One-on-One
Home Group
Oikos....**

**Paradigm shift starts from deep understanding
about providential era and mission...**

“Witnessing results depend 40 percent on the spiritual atmosphere, 30 percent on one’s understanding of the Divine Principle, and 30 percent on one’s practice.”

“The Way of God’s Will”

Ideal percentages for witnessing results

Become member.

When these 3 points break through the limit of a certain level, we can restore the witnessing guest as a member.

Doesn't become member.

Even though the witness system is good, if we don't train these 3 points with members, they will not get good witnessing results.

First there needs to be victorious in the 1st and 2nd types of witness so that we can carry out multiplication later inviting guests to the HG.

How can we develop a member's abilities so that they can get good results in witness?

→ **Before any other thing, we must focus on development of capacity to get a victory of the 1st and 2nd tipe witness (witness to myself and unity between members).**

HG is an ideal place for training to develop members' capacity for witnessing.

Important Points about HG Activities

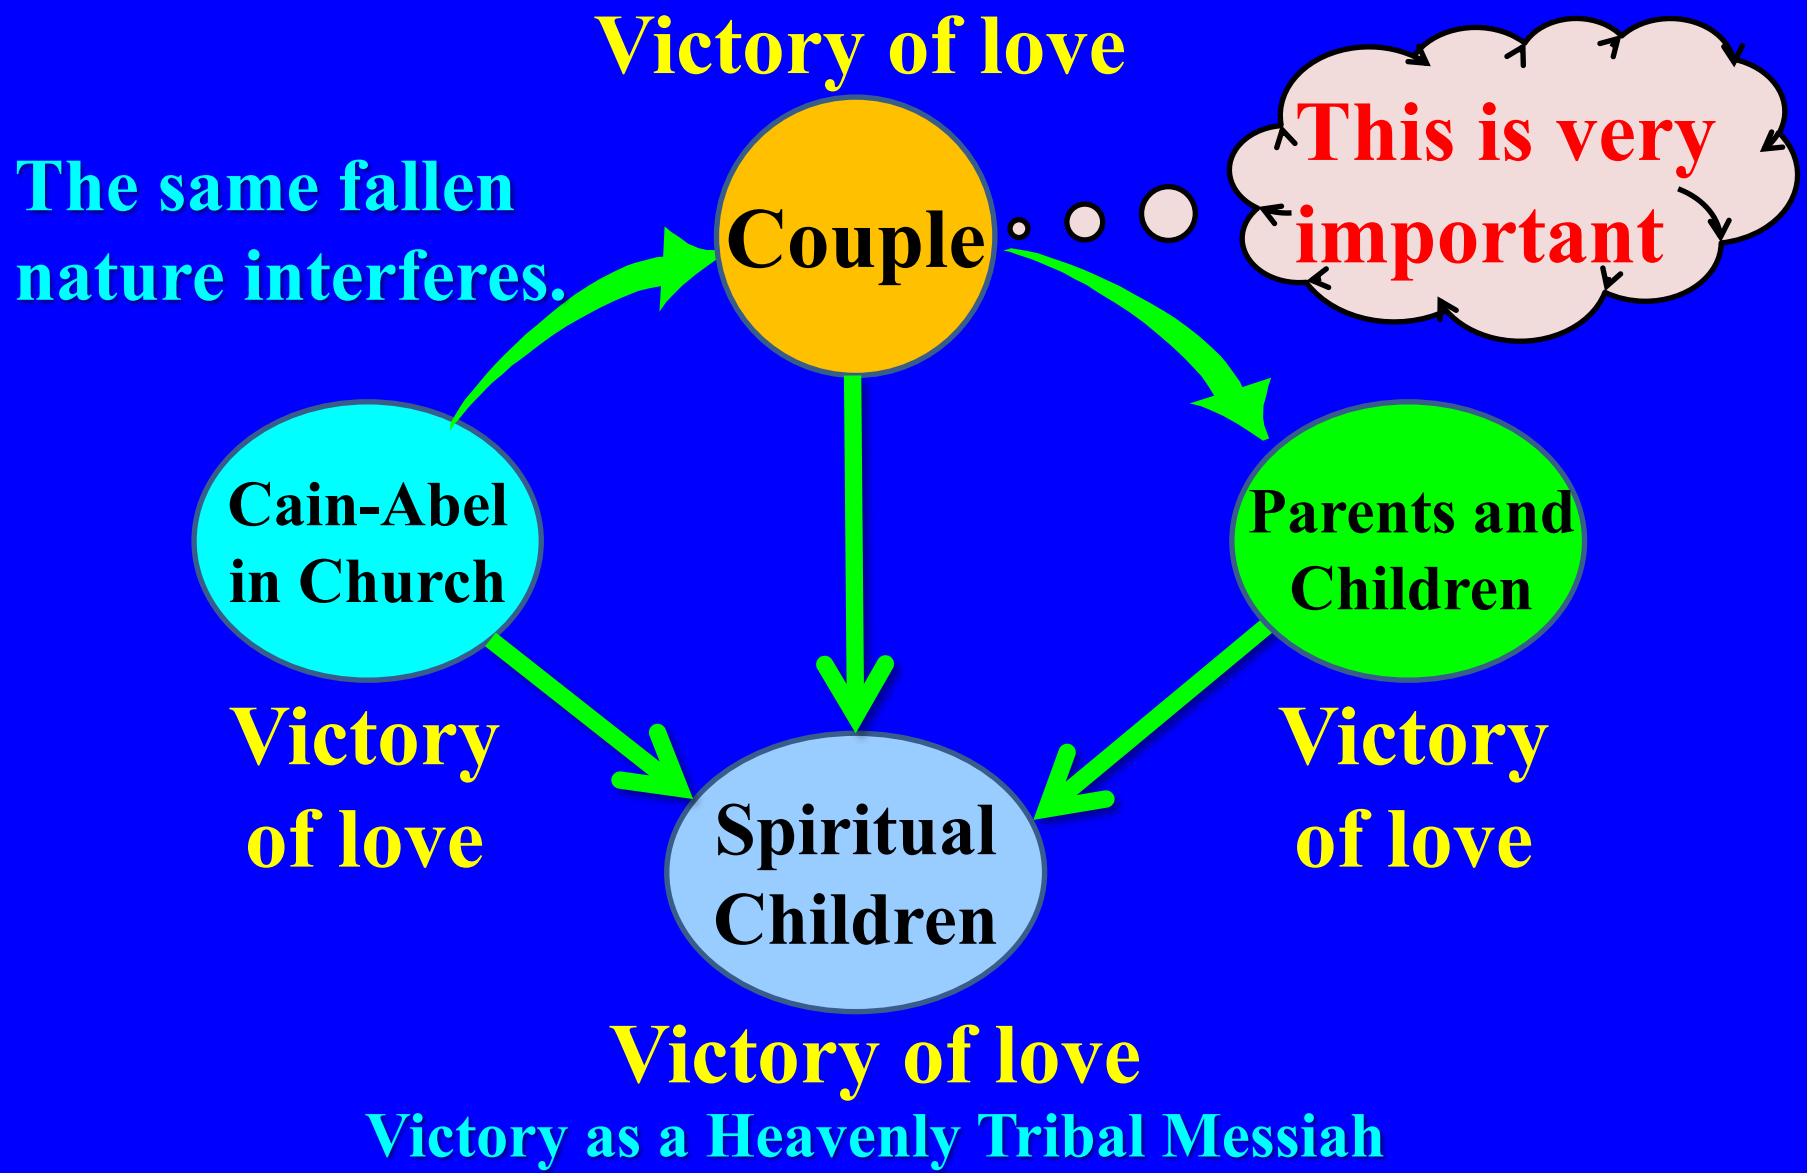

Internal Victory

(Internal Growth, Changing daily life habits, Training to lead a heavenly life)

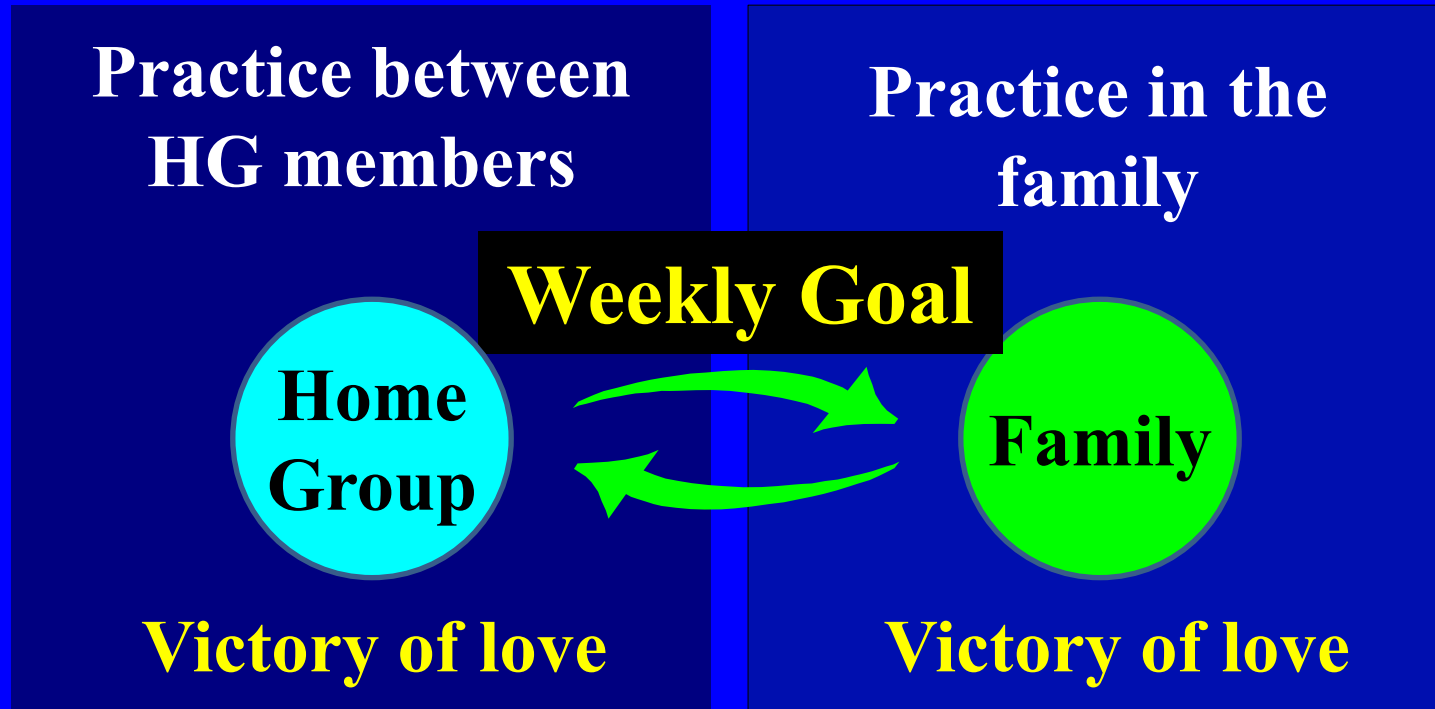

The main idea of HG is not that it's a good system to increase witnessing results, but the **focus** is that **when we change ourselves** through our participation in HG, this is what **produces a good result in witness.**

The most important thing is to achieve real
“change” in our mind first!

Without the Victory (Practice) of Love on a Day-to-Day Basis, witness can't be Victorious.

The “Weekly Goal” is a bridge to connect the HG and Daily Practice in the Family

We shouldn't just practice between brothers and sisters of the HG, but also in our family life, on a day-to-day basis, establishing a weekly goal through what we learn in HG.

In this way, concept of HG activity changed from “weekly meeting activity” to “**daily activity**”.

The witness activities through Home Group, One-on-One and Oikos in South America

- How can we get a victory of witness which is the most important issue of True Mother?
- The central point of activity in South America:
Members witness directly in their living sphere through Home Group activity and One-on-One.
- Brazil leads this activity.
- This activity is expanding to South America such as Paraguay, Bolivia, Colombia etc.
- The confidence about the victory of Heavenly Tribal Messiah and witness.

Vitor and Kelly

In 2007 I received the Blessing only with a picture of my husband because he didn't want to know anything of our church. For this reason I suffered a lot. I tried everything, I did many conditions, but none of them worked. Every time I tried to talk to him, the conversation ended in a fight. Even though we have tried to live normally for long time, it wasn't so easy. I was not participating in Sunday Services and activities of the church any more. But acutually I always missed them. I didn't know what to do. One day our pastor came to my house. At that time we were in a deep crisis with our marriage that could possibly end up in separation. He was so nervous that if someone tried to talk to him, always ended in a fight.

Testimony – Kelly Porto

Corajosos

Vitor and Kelly

However, when pastor Roberto came to my house and invited to Home Group event, he wasn't so nervous. On the day of the event my husband had not yet arrived and when the event almost ended he appeared. After event pastor went to play ball with kids, then he was suddenly went to play too, I could not believe it. After that, the pastor invited him to participate in Home Group meeting and he accepted. **Then he started the One-on-One study, had a 3-day seminar for the first time and now accepts True Parents.** The Home Group arrived at the right time in our lives. Today, our whole family goes to Sunday Service. For me this is a miracle. Home Group is wonderful present in our lives!

This Home Group consists of one blessed family and three new Home Group members. (total: 5 members). Even though there is no blessed family near your home, you can start Home Group by yourself inviting people through Oikos. This is a good example to explain that you can brake through alone as Heavenly Tribal Messiah.

This Home Group also consists of one blessed family (husband and wife) and three new Home Group members. (total: 5 members) Among the members, new members (husband and wife) already received the Blessing.

Home Group Unidos pela Fé (Brumado)

This Home Group is multiplied from Home Group ‘Nascente de Agua Viva’. The people in this group witness new people well. As a result, this Home Group is preparing realize 2nd stage of multiplication. Witness to wife, through One-on-One and HG (HG Coração do Pai)

Carmem Regina: After four years of marriage, **relationship between my husband and I was no longer going well.** The fights were constant and I reached the point of threatening him with a **knife.**

This happened several times. After the anger passed, I was always desperate and cried with a guilty conscience, wondering what I had done. I no longer believe in anything, not even me. Also, I had the habit of smoking and gambling. Whenever I came home the fights started again. I could not bear to even hear his voice. **I even chase him with a car, while he was running by the bike in front of me in order to run him over.**

Once I even put fireworks in his clothes. One day my husband invited me to participate in a place where it was some kind of “marital therapy”, where we could improve our relationship.

I didn't believe much, but I accepted to participate. **After listening the lecture of the Divine Principle, I began to realize that I had to change.** But it is very difficult to change the habits acquired during a lifetime.

Attending meetings of the Home Group, I started to walk back (reverse course) to the heart of the Father.

Witness to wife, through One-on-One and HG (HG Coração do Pai)

Through **weekly goals** (internal and external) I have been changing. We are encouraging our children to set goals too. I have full support of my husband who always supports me when I am weak.

We started organizing the Home Group meetings every weekend. **I am totally different than I was before.** Who knew me before knows what I'm saying is true. I thank God and True Parents also thank our friends who have supported us so much in prayer. Now I try to teach to others that we can change, everything must start with ourselves.

Witness to wife, through One-on-One and HG (HG Coração do Pai)

It is not my husband, children or friends who should change first, but I am the one that should change first. My husband always says in the Home Group **“if I change first, my husband will love me more and vice versa”**. We have guests who participate in our HG even not knowing much of the Divine Principle, and they gradually make One-on-One study, **They are changing their lives**. Each person is very valuable and we must help each other to change and improve our life. Thank you God and True Parents for the blessing we received. We have much to accomplish yet. I know that I have to change still, but I know I’m on the right track.
