Significance of Cheonbo

What is the meaning of Cheonbo?

Registration in Cheonbo is True

Parents' acknowledgment before heaven and earth that a Blessed Couple has accomplished certain conditions of restoration. Even more, the couple's Cheonbo registration is a lifetime commitment to act on True Parents' deep desire to Bless mankind and ease Heavenly Parent's heart, while also striving to overcome their personal limitations

Until now, we have lived our lives thinking that becoming blessed families is the endpoint of history. However, the Principle mentions that there is a course after receiving the Blessing. The Blessing is the ceremony to go through the course to separate Satan, reach the top of the growth stage, receive the Messiah, and change Satan's lineage to Heavenly Parent's lineage. Therefore, we still have a course to complete. Along with the Messiah, we must go through the course at the top of the completion stage, taking part in building Cheon Il Guk.

Fortunately, we have lived a providential life through our encounter with True Parents. Whatever our personal opinion, our lives have been a calling from heaven. This is the path that others dared not go through, a course that is misunderstood and persecuted, a path of absolute faith that goes beyond logic, and a mission that transcends limits.

The life of Blessed Families is different

from the majority of typical families on earth. On behalf of all mankind, Blessed Families have the responsibility to go through the course at the top of the completion stage, being the central figures of this era attending True Parents, and becoming Heavenly Tribal Messiahs representing their ancestors and tribe. Whether we want it or not, whether the world is aware of it or not, we are people called upon by Heavenly Parent. If we didn't receive any calling from heaven, we would have just lived ordinary lives. However, just like Abraham, Heavenly Parents called us and blessed us with the hope to multiply to be as many as the stars in the sky.

Just as a father tries to give all kinds of advice, discipline out of love, and gentle encouragement to guide his children to do well, Heavenly Parent has been struggling to guide all of us to become not only Blessed Families on the top of the growth stage but to be families who have completed the purpose of creation. CheonBo Couple is the title given to a husband and wife who have completed the purpose of creation. It is true that there are still limitations internally and externally, but True Mother is determined to guide us to achieve CheonBo, the completion of the providence.

There are four main conditions to fulfill to become a CheonBo Couple. The first condition is to complete blessing 430 generations of ancestors. To build Cheon Il Guk in heaven and on earth, the spirit world must also be restored. Blessed Families must restore their

ancestors as Heavenly Tribal Messiahs. To love one's ancestors means to liberate and bless them. If we don't liberate our ancestors, how can we be qualified to be messiahs? At first, we were told to liberate and bless 7 generations, then the bar was set higher to 210 generations, then 4 lineages, 8 lineages, and then 430 generations. If we were told from the start to bless 430 generations of ancestors, how many would have already given up?

The second condition is Tribal blessing.

In order to build Cheon Il Guk, there must be citizens restored through the Principle. All Blessed Families must form a tribe and be registered as citizens of Cheon Il Guk.

The third condition is the CheonBo Holy Wine Ceremony. True Parents are well aware that we, Blessed Families, still haven't achieved Individual Perfection. The CheonBo Holy Wine Ceremony is a tremendous grace given to us by True Parents to forgive all our sins. CheonBo Couples who have received forgiveness through this ceremony must live a life wherein we don't have to drink this holy wine for forgiveness again. We must stay away from apostasy, drinking, smoking, and hereditary sins and be reborn. We are deeply grateful to True Parents for washing away our sins.

The final condition is the CheonBo Registration Blessing Ceremony. True Father mentioned in the past that we would receive the blessing three times. First is the Blessing for Single

Candidates, and second is the Cheon Il Guk Registration Blessing. When Cheon Il Guk is established, all Blessed Families will enter the Heavenly Kingdom as a couple, as husband and wife, citizens of Cheon Il Guk on the national level.

The final blessing is on an international scale, wherein CheonBo Couples form tribes and register as Heavenly Tribal Messiahs, representing their nation. Therefore, CheonBo Couples must participate in the CheonBo Registration Blessing Ceremony together with their 430 generations of ancestors and 43 core tribal couples representing at least 430 couples of the tribe.

Now, Blessed Couples who have achieved CheonBo are not merely in the position of having completed the conditional purpose of creation. They must live a life of faith to complete Individual Perfection, Family Perfection (Tribal Completion), and Perfection of Dominion (Settlement of Cheon Il Guk). We must devote our lives to removing our fallen natures, to love our tribes through raising 43 core tribal couples, and to fulfill the condition for the settlement of Cheon Il Guk. From now on, if we genuinely understand Heavenly Parent's wish, then we will automatically live a life different from before.

THE FINAL STEPS

STEP 7: MAKE YOUR BLESSING DONATIONS

Each family will have a different situation related to blessing donations. Ideally your couples would give a donation themselves, but if they have not, your family can give \$20 per couple on their behalf.

Here are cases where you do NOT need to offer a donation:

1. For any of your couples who gave a donation when they participated in a blessing officiated by True Parents.
2. If you gave holy wine to couples in the 1990s, you do not need to donate for up to 160 of those couples.
3. If you are inheriting couples from a spiritual child who has already given the blessing donation for those couples. (Or you

can collaborate with your spiritual child to cover the donation.)

STEP 8: DOCUMENTS TO UPLOAD IN YOUR CHEONBOV.ORG ACCOUNT

1. Your V430 certificate from Cheongpyeong
2. Your H430 certificate from HQ – this will be sent to you by HQ after your list of blessing couples is reviewed and approved.
3. Your blessing donation certificate: this will be sent from HQ after your blessing donation is received.
4. Your couple's photograph.
5. You can also upload a .pdf or .jpg file of any awards you have received from True Parents or a national leader.

Each time you upload anything to your account, scroll to the bottom of the screen and click "Save Temporarily."

STEP 9: CHEONBO INTERVIEW

Schedule a Cheonbo faith interview with one of our local interviewers. A name list is available from Mrs. Irion Hoffman-Jenkins (ihoffmann@unification.org).

You can request to see in advance the questions that will be asked.

STEP 10: CHEONBO PHOTOGRAPH

1. The display at the Cheonbowon hall is very high-tech. For your couple's photograph to be displayed it needs to be high resolution, vertical, full-length, taken indoors with a plain background, and ideally taken by a professional or someone with an excellent camera.
2. Must be a .jpg., jpeg, .png or .gif file, at least 1 MB. The dimensions must be 5,000 pixels high and 3,500 pixels wide. If your picture doesn't meet these requirements, it will not be

displayed at the Cheonbo gallery.

3. This is the kind of picture needed:

STEP 11: REQUESTING EVALUATION

1. After you have uploaded all documents and have hit “Save Temporarily,” and completed your interview, then log in to your Cheonbo.org account and click “Request Evaluation.”
2. Next notify your interviewer that your account is ready for their input. Also notify Irion Hoffman so she can expedite the next part of the evaluation process.

Now your part is done!
