

The 21st Century and Let Us Become the Living Embodiment of the True Family Ideal

Dr. Chung Sik Yong, November 10, 2022

Key Points

- God's Three Great Subject Partners Principle of true parent, true teacher and true owner is his ideal for all people. It is messianic thought.
- To become a true parent, you must inherit the heart of God as a parent and embrace all people. To become a true teacher, you must teach people to absolutely obey one's own conscience. To become a true owner, you must take responsibility and have an owner's mindset.
- God is always guiding and teaching us through our conscience.
- Man can only resolve sin through conditions of indemnity which pay the price for sin, separate good from evil and allow God to intervene.
- Only when you completely separate from Satan, from evil, can God intervene because only goodness belongs to God, not evil.
- It is the human portion of responsibility to separate good from evil.
- Only the messiah can forgive sin. Only through the Blessing from the Messiah can the lineage of Satan be eradicated.
- The Blessing is not just a marriage ceremony but a forgiveness ceremony of original sin.
- I can only be freed if I forgive others by first repenting and forgiving myself for having a fallen nature that cannot forgive others. Second, I have to forgive the other person by thinking of his sin as my own. Finally, I must be forgiven forever by the Messiah.
- Having the enemy's feelings toward others is proof I have not yet been saved.
- There is no concept of an enemy in the attributes of true love.
- Free sex is sex within the family, with the same gender, with animals, spirits and angels and even in imagination.
- Free sex is rampant and free sex culture is ubiquitous.
- To combat it we need to upgrade to Absolute Sex Culture, a higher quality of true love.
- To overcome addiction we must taste and become completely addicted to the true love of God and of others.
- Free Sex Culture is a culture of fornication, horizontal relationships, false love, fallen nature and self-centeredness.
- Absolute Sex Culture is a culture of purity, of a one-man-and-one-woman system, of filial piety, blessing, true love and heart, and living for the sake of others.
- We are considered righteous for maintaining the standard we have determined once without eventually becoming fickle.
- In the era of Cheon Il Guk, we can be considered righteous when our filial piety and devotion to True Parents do not change even at the moment of death.
- My responsibility is to bring joy to those around me and to be acknowledged as righteous.
- I should think that everyone around me exists for my growth and completion.
- Heaven considered Rev. Yohan Lee righteous and protected him because he kept his faith despite extreme pressure and he joyously engaged in arduous tasks of service in secret.
- He never became tired in his life of faith because he approached every situation with the spirit of ownership and with a voluntary mind.
- Because of his unchanging righteous faith, God and the spirit world always protected him, many spiritual works took place around him, and there was always a righteous person who protected him.
- Despite persecution he always witnessed.

The weather is getting colder now. I can feel that we are entering the winter season.

Today I'd like to talk about "The Twenty-First Century and Let Us Become the Living Embodiment of the True Family Ideal" from *True Mother's Anthology, Book 2*.

<This speech was given at the 3rd International Convention of the Women's Federation for World Peace held on November 17, 1997 at the Grand Hyatt Hotel in Washington, DC.> God is the True Parent among parents, the True Teacher among teachers, and the True King among kings. God is the Eternal True Parent, Eternal True Teacher, and the Eternal True Leader and King. If we are children of God, we need to become true parents first, just like God. We should also follow the way of the true teacher, just like God. And we need to follow the way of the true leader, just like God. This is the 3 Great Subjects Thought. The ultimate model is God. Who was the Messiah sent to the people of Israel as was promised in the Old Testament? The Messiah is the second Adam, who comes as the true parent, true teacher and true king. However, because Jesus was prevented from establishing the true family and uniting his people, he needs to come again. Because Jesus did not accomplish a national level foundation, the Messiah of the Second Coming will come as the third Adam. He will teach the way of the true parents, true teacher, and true king to the entire world. This is the messianic concept.

Wherever the family, nation, world and heaven exist, the idea of the three primary positions of parents, teacher and leader should always be established. What does God want for his children? To become billionaires? To have more power than anyone else? No. All that God wants for his children is for each to grow to become a child of filial piety, a loyal citizen, a saint, and a divine son or daughter. Did you ever consider that, in accordance with God's desire, we should become children of filial piety in the family, loyal citizens of the nation, saints for the world, and divine sons and daughters before heaven and earth? Throughout history, the saints and sages have taught this message. When you are qualified to be a true parent and a true teacher, you also will be qualified as a true leader. Ultimately with love, you can be qualified to become a true king or queen.

What are God's Three Great Subject Partners Principle? God is the eternal True Parent, the eternal True Teacher, and the eternal True Owner.

God's ideal was for Adam and Eve to become True Parents, True Teachers, and True Owners to resemble His ultimate model. However, due to the Human Fall, God sent Jesus as the second Adam to be humanity's True Parent, True Teacher, and True Owner.

However, the Messiah must come again because Jesus could not establish a family on earth or unite his people.

The Messiah of the Second Coming will come as the third Adam. He will teach the way of the true parents, true teacher, and true king (owner) to the entire world. This is the idea of the Messiah.

Wherever the family, nation, world and heaven exist, the idea of the Great Subject Partners Principle of parents, teacher and leader should always be established.

The way for human beings to become children of filial piety, loyal citizens, and saints is to be qualified to be true parents, true teachers, and true masters, and further be qualified to become true kings and queens.

To become a true parent, you must inherit the heart of God as a parent over anyone else and embrace all people.

The first thing we need to inherit from our Heavenly Parent and True Parents is how to become a true parent. To become a true parent we need to resemble God. We always need to give unconditionally.

Whenever we give something and always calculate, that is our struggle. But when we know God's nature – he has the thought of the true parent which is unconditional giving, sacrifice and investment – then our object partner should be better than we are.

How can we inherit that idea of the True Parent? That is important. In order to become a true parent, we need to inherit the heart of God. This is the first point.

Secondly, how can we become a true teacher. God is always guiding us through our conscience. He never stops teaching us. As long as our conscience is alive, God always teaches us through the conscience that "You need to go this way. Don't go that way." Our conscience continually teaches and guides us. (He wants me?) to become a true man or a true woman, right?

That is why I need to resemble True Father and True Mother, Heavenly Father ... How can I convey God's message to all humankind. This is the motivation for us to do Morning Devotion to deliver and convey God's message all the time. This is the mission of the true teacher: unconditionally teaching and teaching. Then the

pupil should become better than the teacher. That is the mission of the true teacher. We need to teach the universal principle, True Parents' guidance. That is why we need to inherit from True Parents.

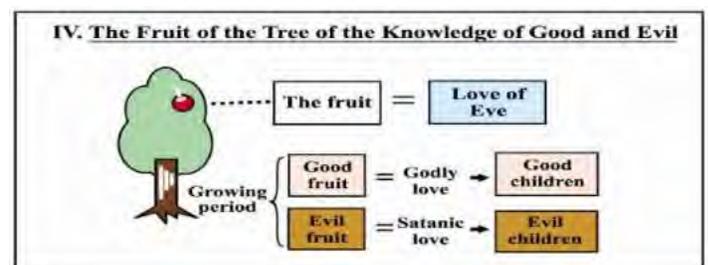

The last part: we need to become a true owner, right? True owner means what? Taking ownership, love your people, your nation, all humankind. Not only the American president should become the owner of this nation. What is his mission? To love the people more than anyone else. This is ownership. How can he become a patriot?

In the family how can we become filial sons and daughters? How can we become a patriot for the sake of the nation? How can we become a saint or a sage for the sake of the world? How can we become divine sons and daughters for the sake of the universe.

In order to become the owner of America beyond nationality and race, you need to know how to truly love this nation beyond color and religious boundaries.

I really admire True Parents' guidance. Father said this Three Great Subjects Thought needs to be established everywhere. This is messianic thought, the main idea of the messiah. It is not Kim Il Sung's Three Juche ideology. Heavenly thought and ideas are centered on this Three Great Subjects Thought.

LIVING DIVINE PRINCIPLE: The Human Fall 7 The Fruit of the Tree of the Knowledge of Good and Evil(1)

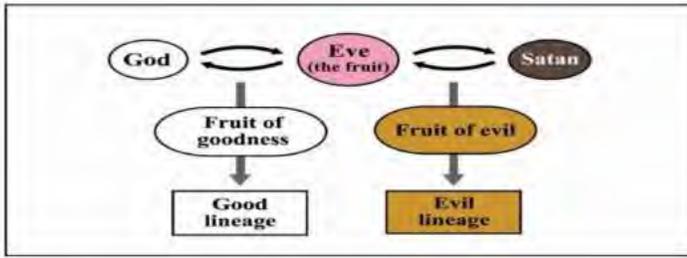

• *The fruit of the tree of the knowledge of good and evil signifies the love of Eve.*

• *As a tree multiplies by its fruit, Eve should have borne good children through her godly love. Instead, she bore evil children through her satanic love.*

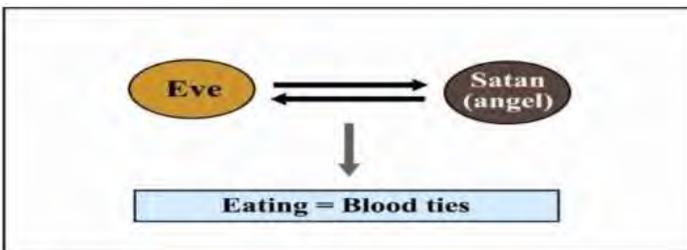

• *Eve was to reach full maturity only after going through a period of growth, in which it was possible for her to bear either good fruit or evil fruit through her love.*

• *This is why Eve's love is symbolized by the fruit of the tree of the knowledge of good and evil, and why Eve is symbolized by the tree.*

• Eve was to have eaten the fruit of goodness by consummating her God-centered love. Then she would have received the essence of God's divinity and multiplied a good lineage.

• However, she ate of the fruit of evil by consummating her evil love centered on Satan. Hence, she received the essence of his evil nature and multiplied an evil lineage from which our sinful society descended.

• Accordingly, Eve's eating the fruit denotes that she consummated a satanic love relationship with the angel which bound her in blood ties to him.

Let's study Father's word.

The Reason why God Could not Immediately Forgive Fallen Adam and Eve

<23-16> *If there is an enemy to God, it's not the one connected to something material called 'the fruit of the tree of the knowledge of good and evil'. If there is anybody who deprives God's heart of love, which exists only as one, he or she can never in eternity be united with God. Therefore, we can conclude that if there exists an enemy to God, it must be the one who opposes love. From this point of view you can understand what the Unification church insists upon. Then what is the Human Fall? The destruction of the love relationship with God which exists as only one. Then why didn't God forgive them at the moment when they fell? However, now he intends to forgive his children? Isn't it ironic? That's because God keeps an absolute standard. He cannot set up a law of forgiveness until fallen people reach to a certain level of the absolute standard. (: It was like driving a nail into God's heart(Shimjung)*

The fall of man is the enemy from God's viewpoint. The biggest enemy among enemies is the enemy of love. And if a sin is committed, indemnity must be paid. No

one can escape from sin unless he takes the path of indemnity to pay the price for sin.

If humans do not set the standard for restoration through indemnity, even God cannot interfere. God cannot intervene unless fallen man sets conditions for indemnity that separate good and evil and stands on that standard of victory that has been separated from evil.

Because of the Fall, God cannot interfere with Adam and Eve, who carry both good and evil at the same time.

God can only intervene when you have goodness. Goodness belongs to God. However, if good and evil are mixed, God cannot do anything. Evil does not belong to God. That's why when you completely separate from Satan, from evil, only then can God intervene because the goodness belongs to God.

Human beings are very important. Without separating good from evil, God cannot do anything. If he could have intervened, then his providence would already have been over. His Kingdom of Heaven would already have arrived. Why can't God do anything? It is the human portion of responsibility to separate good and evil. That's why it takes a long time to restore human beings. No one can run away from this portion of responsibility.

That's why there still remains the term 'to forgive', that is, to make us alive as well as the term 'last days' in Christianity.

So there must come the time called the 'last days.' When it comes, how are we to eradicate the enemy? We defeat the enemy centered on the ideal of the love of God. Then, when that time comes, the love which has been leading us in the wrong direction is to be taken away. In this context, the love of parents, the love of husbands and wives and the love of children are to be taken away worldwide, for the time of "the last days" is at hand. Therefore, the time when families break into pieces has come; Parents fail to recognize their children, children fail to recognize their parents and husbands and wives fail to recognize each other.

Only the Messiah has the authority and ability to forgive the Human Fall. The Bible says clearly that this is the power of the messiah.

Luke 5: 24 : "Now you will see that the Son of Man has the right to forgive sins here on earth."

Only the messiah has the authority to forgive sin. This is very powerful. That is why everybody needs the messiah. Everybody who comes from a fallen blood lineage has no authority or right to forgive sin here on earth. Only the messiah does. That is why the messiah is

not only for Christianity but for Islam, Buddhism and everybody without exception. That is why Jesus says, "I am the only way, the truth, the life, the love. Without me you cannot have the Kingdom of Heaven." Because of such words, it is difficult to unite with other religions. But that is really true. The messiah is not just for the sake of Christianity. We need to understand what Messiah means. The messiah has the power to forgive sins.

Therefore, fallen man awaited the time of the last days when the Messiah would return.

Only through the Messiah can the lineage of Satan be eradicated. True forgiveness is the Blessing. The Blessing is not just a marriage ceremony. It is a forgiveness ceremony. It is not just about individual sin or ancestral sin. It is about forgiving our original sin. This is the messiah's authority.

If I forgive you, does the other person really become forgiven through me?

If I do not forgive others, I suffer so much more and I definitely need to pay indemnity.

This is an important point. "I cannot forgive my spouse, my husband, my wife, my children, my neighbor, my Abel or my Cain." If you have the kind of nature that cannot forgive, that means you have fallen nature. You don't have true love. Then what can you do? If you do not have the heart to forgive, definitely you need to pay indemnity until you can recover (from) your fallen nature. This is really important.

Therefore, only when I think of the other person's sin as my own, can I be freed. How can I forgive my enemy? (Only if I think that) his problem is my problem; his sin is my sin. My sin is worse than his sin. We need to feel that way.

First of all I have to forgive myself. I must forgive myself for having a fallen nature that cannot forgive others. To do that, I must repent. Second, I have to forgive the other person. To do that, I have to think of the other person's sin as my own. My sin is worse than his sin. Then I must be forgiven forever by the Messiah.

You need to lay the foundation, then meet the messiah. Finally you must be forgiven forever by the messiah.

As long as I have the enemy's feelings toward the other person, it is proof that I have not yet been saved. There is no concept of an enemy in the attributes of true love.

That's why if you have an enemy – "I really don't like that guy; he is really my enemy" – then you are a fallen man. Your love is very limited. Your level of love

... is a very low level. But when you reach the level of true love, you can forgive all enemies.

That is why the best way is to upgrade your quality of love. This is the point.

As One Sows, so Shall he Reap in the Last Days - The Culture of Free Sex

1. *Free sex with anyone even in ones own family.*
2. *Free sex with many women or men.*
3. *Free sex between man and man.*
4. *Free sex between woman and woman.*
5. *Free sex with animals.*
6. *Free sex with spirits.*
7. *Free sex with angels.*
8. *Free sex with imagination.*

How can one be liberated from this free sex. This is not a simple matter.

1. Free sex culture has spread everywhere and to every corner.
2. Free sex culture goes until the edge of the cliff in the last days.
3. World War III is the fight against Free sex culture.
4. How to win over Free Sex culture? That is only through the Absolute Sex Culture. I need to upgrade my love to a higher quality of true love.
5. You must become completely addicted to the true love that is called the love of God. You need to know the taste of true love to get out of drug addiction, alcoholism, sex addiction, game addiction, money addiction, and tobacco addiction. There is no other way to solve it. Above all, we must love God. The first is to love God, and the second is to love people as God. This is the way out of lowly love from the realm of the archangelic culture and all addictions.

Everybody is talking about the free sex issue, about pornography. This is all under the archangel's culture. Who can be liberated from the archangel culture? How can I be liberated from it? There is no other way. The conclusion is very simple. I need to upgrade the quality of my love. When I upgrade the quality of my love and reach a certain standard, then the low class level of love is nothing (for me).

How can I upgrade the quality of my love? There is no other way: I need to love God more than anything else. I need to think centering on God's concept and ideal, wishes and his heart. "What does God think (about) this situation?" This is the first job.

The second job is to love people as I love God, to treat people as God. Through serving and loving, there is

no other way. I need to serve and attend and love people (as if they were) God. Without this kind of practice and training, there is no way to upgrade my level of love, right?

What is Free Sex Culture?

1. *The culture of fornication*
2. *The culture of horizontal relationships.*
3. *The culture of false love*
4. *The culture of fallen nature*
5. *The culture of self centeredness*

What is Absolute Sex Culture?

1. *The culture of purity*

Absolute purity. Before marriage you need to keep your purity. Once you commit Chapter Two sin, ay-yay-yay! Many young people came to me and confessed how much they are struggling and struggling, trying to avoid it, and it becomes more serious...

2. *The culture of one man and one woman system*

Not one man and many women; not one woman and many boys.

3. *The culture of filial piety*
4. *The culture of Blessing*
5. *The culture of true love and heart*

Finally, what is Absolute Sex Culture? My love always comes from the object partner. My sexual organ belongs to my spouse. So my love comes from the opposite sex. There is no other way: I need to live for the sake of others. So, what is the absolute sex culture?

6. *The culture of living for the sake of others*

TODAY'S YOUTH MINISTRY: The Righteousness for People in the Cheon Il Guk Era to be Considered Right

1) *You need to know that when the righteous line you have consistently maintained breaks in your life of faith, everything is in vain. In the Old Testament Age, we were justified by the law. We were justified through being punctual, and observing rituals, laws, tithes, and the Sabbath. However, in the New Testament Age, it was emphasized that we must be justified by faith. To be justified by faith is to believe that the relationship between God and human beings is that of parent and children, and to establish a good relationship of heart between God and human beings. Then, in today's Cheon Il Guk era, what will people be justified by? It will be by building a heartistic relationship with True Parents, become true children, realize a true family, and glorify God's name. But in order to do that, you have to be considered right in your relationships, and you have to expand a life in which you are considered right without causing the people around you to worry within the*

sphere of your environment.

In a way, a life of faith is a life in which we are considered right(-eous?) by maintaining the standard we have determined once without becoming fickle in anything. However, if the righteous standards you have kept up until now are broken, you will lose your heart's center and your life of faith will all be in vain.

Examples include the person who attended Morning Devotion daily, quits on the way for some reason, the person who kept a gratitude journal or diary while living a daily life of gratitude gave up on the way due to some event, and the person who kept tithing every Sunday, but was attacked by someone and stopped going to Sunday service.

Do you have any righteous standards that you have maintained until now, no matter what anyone says? You need to know that when the righteous line you have consistently maintained breaks in your life of faith, everything is in vain.

Regardless of circumstances, I continue to get up early in the morning, offer prayer and jeongseong, and prepare Morning Devotion. And no matter what happens, I run Morning Devotion.

You attend Morning Devotion. This is a certain standard.

I also try to exercise for an hour every day in any situation. And to add one more thing, I try to give to at least one person every day.

You need to have a certain righteous standard and keep it continuously.

In the Old Testament Age, we were justified through being punctual, and observing rituals, laws, tithes, and the Sabbath. However, in the New Testament Age, we were justified by faith in God and Jesus and living a life of overcoming any environment.

Then, in today's Cheon Il Guk era, what will people be justified by? Once you have accepted True Parents as Savior and Messiah, you will not betray them as Jesus' disciples did even on the brink of death. Then you are a righteous person in Heaven's eyes.

Do not betray True Parents. Once you betray True Parents, this is the last days. There will be no more second coming. True Parents will not come again. What kind of judgment will come? Do not betray True Father or True Mother no matter what. This is our last task to keep righteousness. These are True Parents. Keep a strong relationship with True Mother.

In the era of Cheon Il Guk, we can be considered right when our filial piety and devotion to True Parents do not change even at the moment of death. The most

unrighteous thing is to betray True Parents' heart. Doubting True Parents' identity and leadership is the greatest distrust. Such a person cannot be considered right.

A Role You have had Once Should be Considered Right

2) *The people around me exist because of me, so what will happen in my future if I cause them worry? What would happen if a student went to school and became a concern for the school teacher? The people around you are all there because of you, but what if you can't make them happy? In the end, I shouldn't cause worry to the people who are trying to make me more proud and make my wishes come true in my life. If you are a student, you must do your best in school to move the teacher. No matter where you go, you must be considered right and praised. When you go to church, church people should be able to recognize and praise you, saying, "Thank you so much. I'm truly grateful." Whether it's going to church to clean up or help with any work, you should leave behind results of joy in the roles you've occupied.*

In order to be considered right, I must first be recognized, praised and considered right by those around me. Don't be the kind of person who causes others to worry about you. My responsibility is to bring joy to those around me and to be acknowledged as right.

I should think that everyone around me exists for my growth and completion. My father helped me; my mother helped me; my Abel, my friend, everybody around me helped me. They have all helped me (with) my growth and completion.

But what if you can't make the people around you happy? Then you have a responsibility in your position to bring joy to others and to move them.

No matter where you go, you must be considered right and (be) praised. In each position you've had, you must leave behind a track record of joy and love that no one will ever forget.

Rev. Yohan Lee's Testimony while Studying in Japan

3) *Today, I would like to introduce Rev. Yohan Lee's testimony from his time studying abroad in Japan. Rev. Lee studied abroad in Japan when Japan ruled Korea. Rev. Lee said that at the time, he was expelled from the Japanese theological seminary for refusing shrine worship and stayed in the YMCA dormitory in Japan. He said that the bathroom in the dormitory's 5th floor where he lived was a flush toilet, but it was so dirty that he couldn't really set foot in it. However, he woke up at*

4 a.m. every day and cleaned the bathroom for about an hour and a half. He said he did it for a year in hiding. However, he said that in doing such a thing, a joy that could not be felt by others sprang from his heart. And he later started work at a company where he went in to work earlier than anyone else and finished last, doing the company's work like it was his own. He said that he always had a happy heart and felt Heaven's protection because he continued to work with an owner's mindset and a righteous heart that he maintained.

4) *Rev. Yohan Lee said that he did not get tired in his life of faith until now and was able to overcome even a crisis because he had a voluntary mind in any situation. Rev. Yohan Lee was expelled from the seminary for opposing shrine worship, so he was constantly heavily monitored by the police. He said the police frequently visited to monitor him. However, there was a benefactor who protected him. The YMCA general secretary always defended Rev. Yohan Lee and told the police that he did a lot of good things. One day when he snuck out of the company and went to Sunday service, an amazing thing happened. He said that two police officers came to arrest him, but the moment they saw him at the entrance, they became dumb. The police triumphantly rushed in through the front door to arrest him, but as soon as they saw him, they could not say anything and just stood there dumbfounded. They suddenly became mute.*

5) *This was heard later, but when the police tried to arrest Rev. Yohan Lee, they tried to speak, but no words came out, and a woman next to them saw this. However, she said that after Rev. Yohan Lee left, the policemen could open their mouths. After that, Rev. Lee said he witnessed the son of the woman who witnessed the scene next to the police, and that the son at that time was a high school student. The son's father was a businessman and a deacon of the Presbyterian Church that Rev. Yohan Lee attended. Rev. Lee said he witnessed the elder's son with good faith guidance. After Korea was liberated from Japan, Rev. Lee returned to Korea, and the son went to the United States to study theology and became a doctor of theology. After Rev. Lee joined the Unification Church, he met this man in Japan in 1967 and had a biblical conversation with him over dinner for over 3 hours about the fact that Jesus going to the cross was not God's will.*

6) *But the person's heart was twisted. Rev. Yohan Lee asked to sleep together, but the man stopped talking because he changed his mind. So Rev. Yohan Lee told him the following: "I am saying this because I have a*

responsibility to share the principle with you because you believed in God through me and accepted Jesus as your Savior. To say that you continued your faith until this day means you have tasted faith, and moreover, you have become a doctor of theology, so listen to me. If you are obsessed with theories of theology and do not listen, all the efforts that Heaven has sincerely made to lead you to this day will be in vain. If you don't listen to me, you're not going to do well." But soon after, the man died in a car accident. So, when Rev. Yohan Lee saw that the man quickly went to the spirit world, he realized that God loved that man. Rev. Lee said that if the man lived and continued to oppose the Unification Church, the man's work would suffer. Rev. Lee said that by dying early, his achievements of faith up to then remained. Then, Rev. Lee said, if we look at the Bible as well, we should see that John the Baptist passed away early for the same reason.

Why did I put Rev. Yohan Lee's testimony here today? Because of righteousness. When you keep a righteous condition, no matter what, God always protects you.

Let me summarize:

What can we Learn from Rev. Yohan Lee's Testimony?

1. While Rev. Lee studied in Japan when it occupied Korea, he was considered right by Heaven by keeping his faith without compromising with the world when everyone was forced to worship at a shrine.

2. When he was staying at the YMCA in Japan, he was justified by cleaning dirty toilets early every morning for over a year without anyone knowing. (When he did that,) the spiritual world really recognized him.

3. When he did the right thing that only God remembered, unimaginable joy arose from his heart and he always experienced God's protection.

4. He was able to move forward without ever getting tired in his life of faith because he approached every situation with the spirit of ownership and a voluntary mind.

In that kind of terrible situation, he always had a volunteer heart and (a sense of) ownership – like Father in Heungnam Prison taking ownership to serve other prisoners with a volunteer heart.

5. Because of his unchanging righteous faith, God and the spirit world always protected him even when he was at the crossroads of life and death and in crisis. Also, many spiritual works took place around him, and there was always a righteous person who protected him.

Wow! God is alive!

6. Even when receiving persecution from Japan, he was always busy spreading the Word to people around him. Even under such circumstances, he raised spiritual children and after joining the Unification Church, he preached the words of principle with a heart of taking responsibility.

Great, right? We always need to have a righteous condition (so that) even God sympathizes with me, even the spiritual world sympathizes. I don't care if people look at me or praise me or not. It does not matter.

You need to be honest with yourself. You need to be sincere to yourself, always keeping a righteous standard. This is the way God always protects you and guides you in any situation.

Let Us Become the Living Embodiment of the True Family Ideal

<This speech was given at the 3rd International Convention of the Women's Federation for World Peace held on November 17, 1997 at the Grand Hyatt Hotel in Washington, DC.>

God is the True Parent among parents, the True Teacher among teachers, and the True King among kings. God is the Eternal True Parent, Eternal True Teacher, and the Eternal True Leader and King. If we are children of God, we need to become true parents first, just like God. We should also follow the way of the true teacher, just like God. And we need to follow the way of the true leader, just like God. This is the 3 Great Subjects Thought. The ultimate model is God. Who was the Messiah sent to the people of Israel as was promised in the Old Testament? The Messiah is the second Adam, who comes as the true parent, true teacher and true king. However, because Jesus was prevented from establishing the true family and uniting his people, he needs to come again. Because Jesus did not accomplish a national level foundation, the Messiah of the Second Coming will come as the third Adam. He will teach the way of the true parents, true teacher, and true king to the entire world. This is the messianic concept.

True Mother Hak Ja Han Moon: An Anthology 3
Global Unity through

Wherever the family, nation, world and heaven exist, the idea of the three primary positions of parents, teacher and leader should always be established. What does God want for his children? To become billionaires? To have more power than anyone else? No. All that God wants for his children is for each to grow to become a child of filial piety, a loyal citizen, a saint, and a divine son or daughter. Did you ever consider that, in accordance with God's desire, we should become children of filial piety in the family, loyal citizens of the nation, saints for the world, and divine sons and daughters before heaven and earth? Throughout history, the saints and sages have taught this message. When you are qualified to be a true parent and a true teacher, you also will be qualified as a true leader. Ultimately with love, you can be qualified to become a true king or queen.

The Human Fall 7

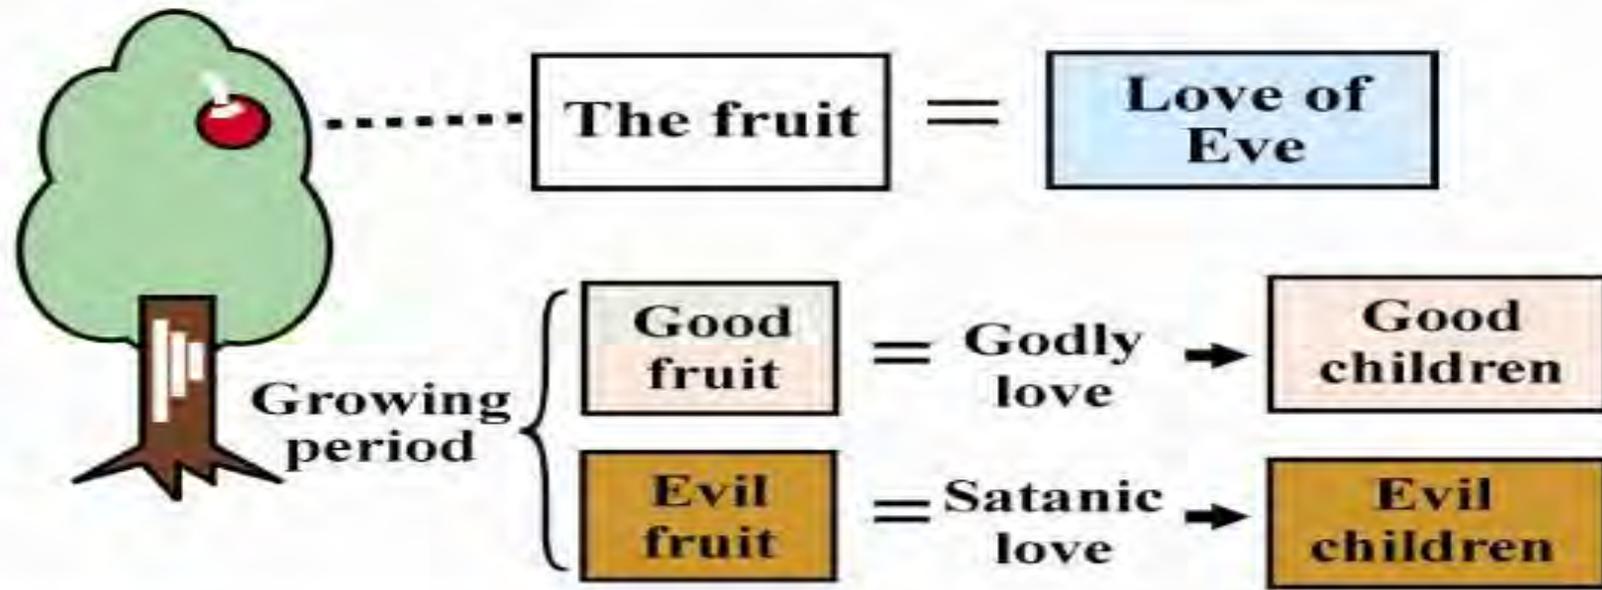

-The fruit of the tree of the
knowledge of good and evil(1)-

IV. The Fruit of the Tree of the Knowledge of Good and Evil

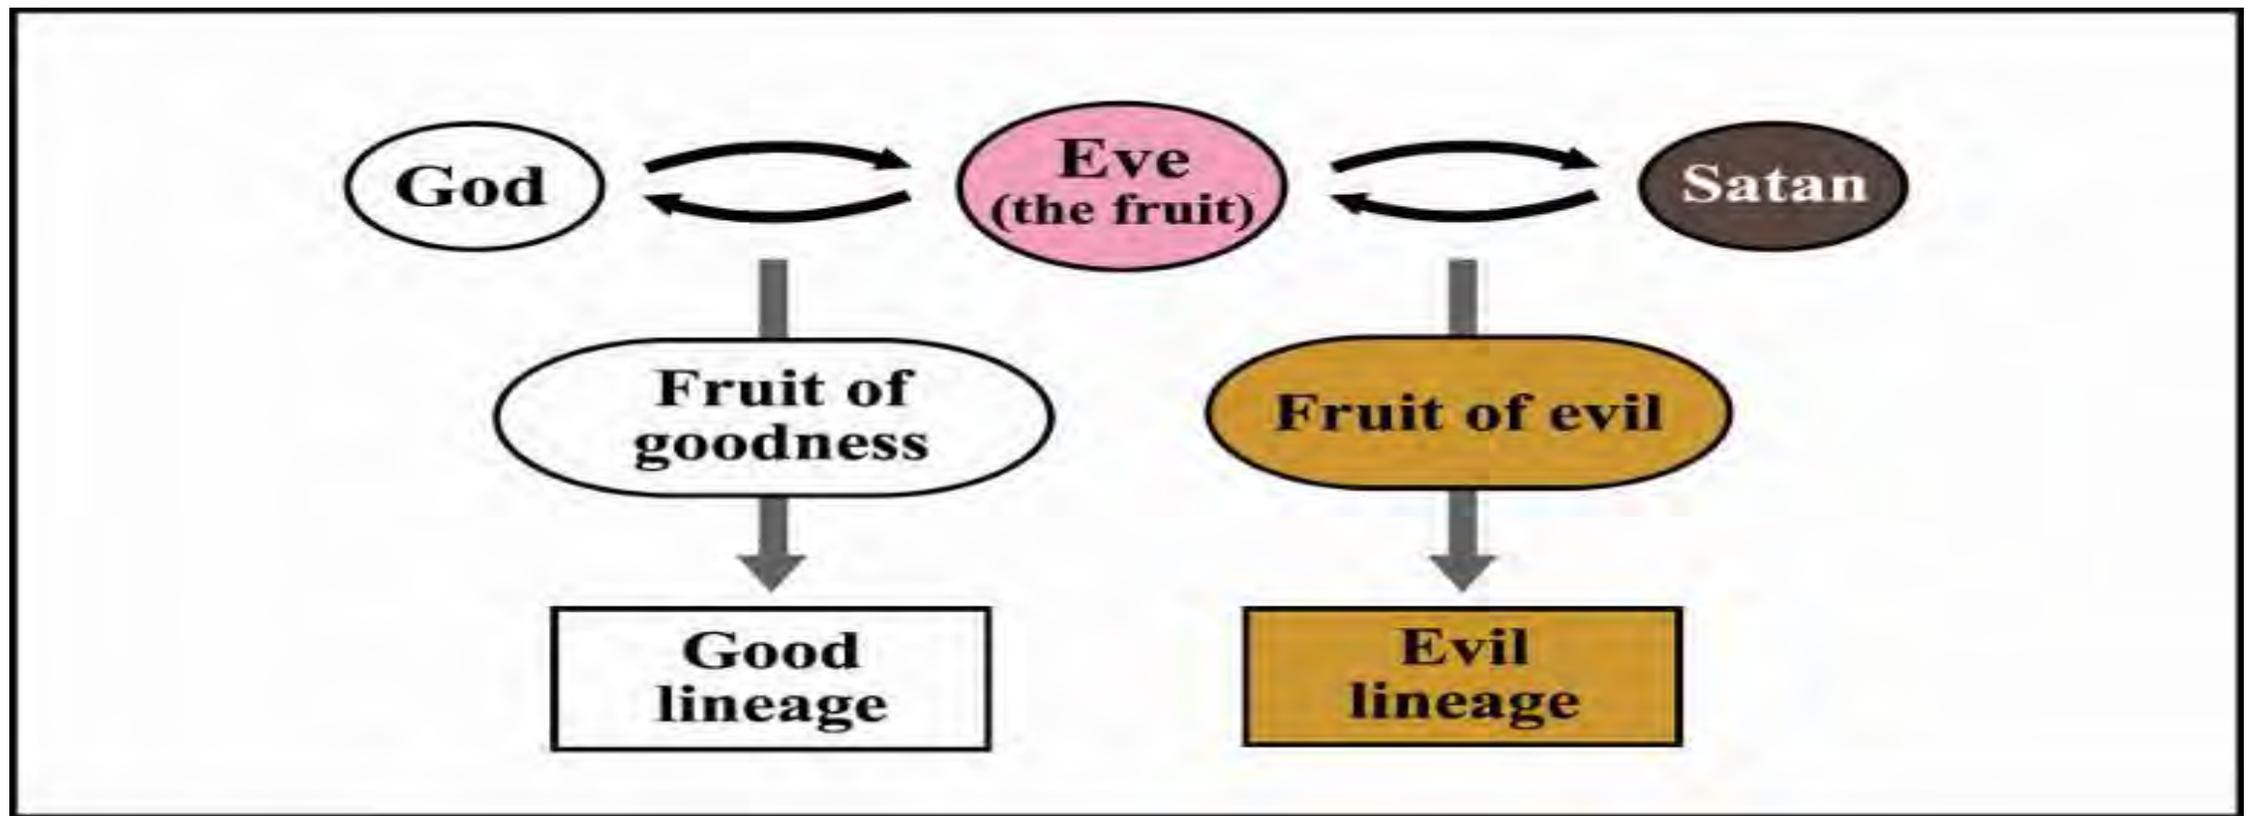

- The fruit of the tree of the knowledge of good and evil signifies the love of Eve.
- As a tree multiplies by its fruit, Eve should have borne good children through her godly love. Instead, she bore evil children through her satanic love.

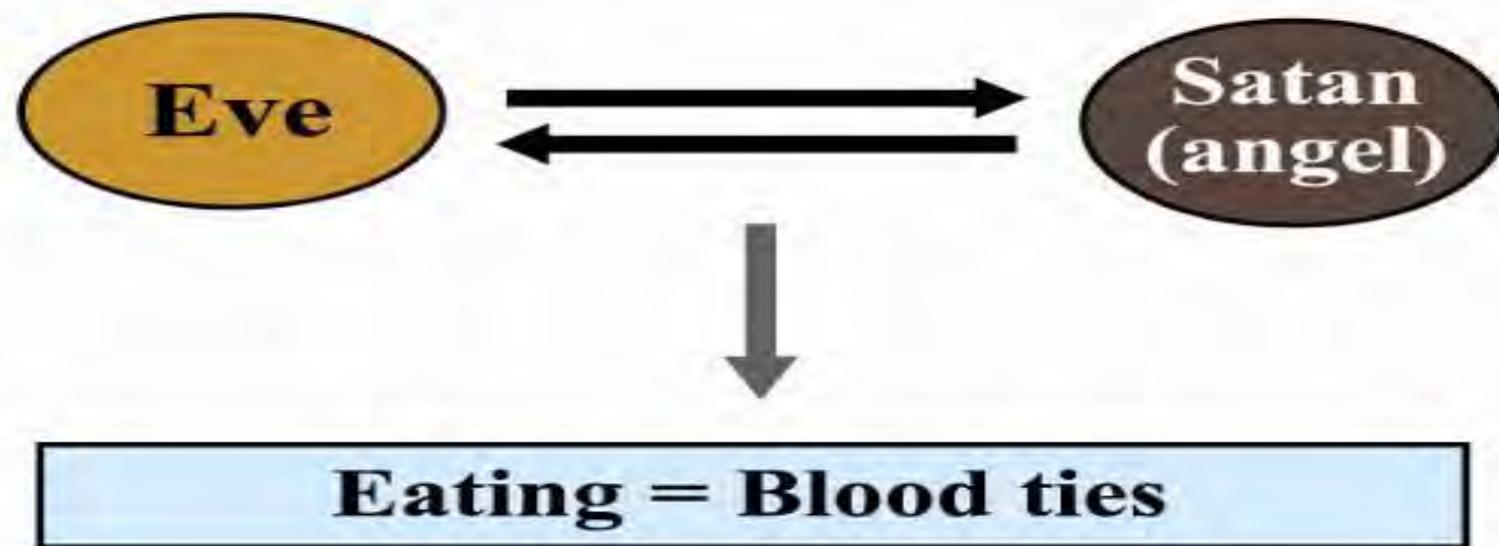

IV. The Fruit of the Tree of the Knowledge of Good and Evil

- Eve was to reach full maturity only after going through a period of growth, in which it was possible for her to bear either good fruit or evil fruit through her love.
- This is why Eve's love is symbolized by the fruit of the tree of the knowledge of good and evil, and why Eve is symbolized by the tree.

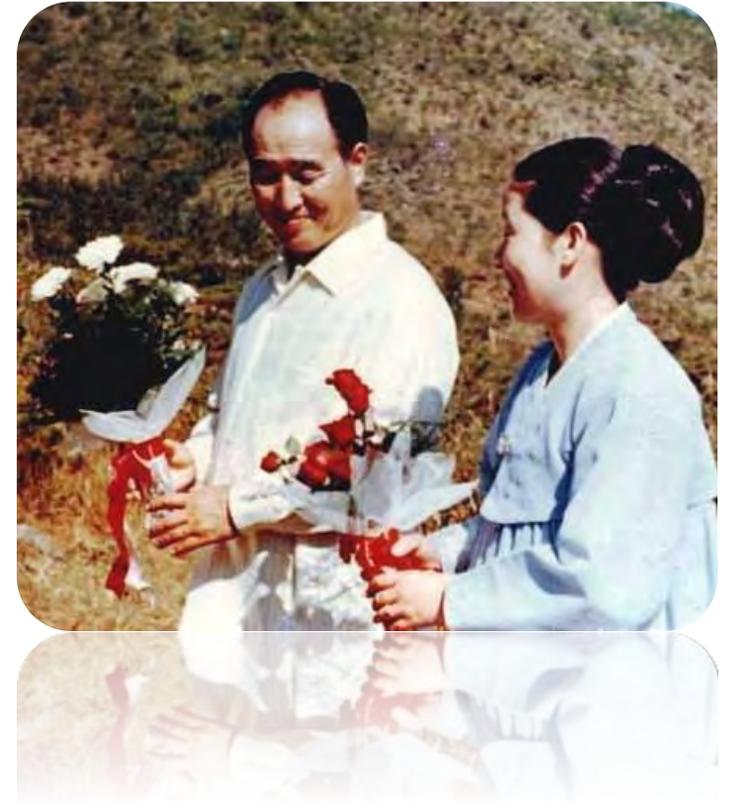

- Eve was to have eaten the fruit of goodness by consummating her God-centered love. Then she would have received the essence of God's divinity and multiplied a good lineage.
- However, she ate of the fruit of evil by consummating her evil love centered on Satan. Hence, she received the essence of his evil nature and multiplied an evil lineage from which our sinful society descended.

- Accordingly, Eve's eating the fruit denotes that she consummated a satanic love relationship with the angel which bound her in blood ties to him.

The Reason why God Could not Immediately Forgive Fallen Adam and Eve

<23-16> If there is an enemy to God, it's not the one connected to something material called 'the fruit of the tree of the knowledge of good and evil'. If there is anybody who deprives God's heart of love, which exists only as one, he or she can never in eternity be united with God. Therefore, we can conclude that **if there exists an enemy to God, it must be the one who opposes love.** From this point of view you can understand what the Unification church insists upon. **Then what is the Human Fall? The destruction of the love relationship with God which exists as only one.** Then why didn't God forgive them at the moment when they fell? However, now he intends to forgive his children? Isn't it ironic? That's because God keeps an absolute standard. **He cannot set up a law of forgiveness until fallen people reach to a certain level of the absolute standard.** (철통죄: It was like driving a nail into God's heart(Shimjung))

That's why there still remains the term 'to forgive', that is, to make us alive as well as the term 'last days' in Christianity.

So there must come the time called the 'last days.' When it comes, how are we to eradicate the enemy? We defeat the enemy centered on the ideal of the love of God. Then, when that time comes, the love which has been leading us in the wrong direction is to be taken away. In this context, the love of parents, the love of husbands and wives and the love of children are to be taken away worldwide, for the time of "the last days" is at hand. Therefore, the time when families break into pieces has come; Parents fail to recognize their children, children fail to recognize their parents and husbands and wives fail to recognize each other.

The Righteousness for People in the Cheon Il Guk
Era to be Considered Right

천일국 시대 사람들이 의롭다함을 받아야 할 의

The
Righteousness for
People in
the
Cheon Il
Guk Era
to be
Considered Right

1) You need to know that when the righteous line you have consistently maintained breaks in your life of faith, everything is in vain. In the Old Testament Age, we were justified by the law. We were justified through being punctual, and observing rituals, laws, tithes, and the Sabbath. However, in the New Testament Age, it was emphasized that we must be justified by faith. To be justified by faith is to believe that the relationship between God and human beings is that of parent and children, and to establish a good relationship of heart between God and human beings. Then, in today's Cheon Il Guk era, what will people be justified by? It will be by building a heartistic relationship with True Parents, become true children, realize a true family, and glorify God's name. But in order to do that, you have to be considered right in your relationships, and you have to expand a life in which you are considered right without causing the people around you to worry within the sphere of your environment.

A Role You Have Had Once Should be Considered Right

2) The people around me exist because of me, so what will happen in my future if I cause them worry? What would happen if a student went to school and became a concern for the school teacher? The people around you are all there because of you, but what if you can't make them happy? In the end, I shouldn't cause worry to the people who are trying to make me more proud and make my wishes come true in my life. If you are a student, you must do your best in school to move the teacher. **No matter where you go, you must be considered right and praised. When you go to church, church people should be able to recognize and praise you, saying, "Thank you so much. I'm truly grateful." Whether it's going to church to clean up or help with any work, you should leave behind results of joy in the roles you've occupied.**

Rev.
Yohan
Lee's
Testimony
while
Studying in
Japan (1)

3) Today, I would like to introduce Rev. Yohan Lee's testimony from his time studying abroad in Japan. Rev. Lee studied abroad in Japan when Japan ruled Korea. Rev. Lee said that at the time, he was expelled from the Japanese theological seminary for refusing shrine worship and stayed in the YMCA dormitory in Japan. He said that the bathroom in the dormitory's 5th floor where he lived was a flush toilet, but it was so dirty that he couldn't really set foot in it. However, he woke up at 4 am every day and cleaned the bathroom for about an hour and a half. He said he did it for a year in hiding. However, he said that in doing such a thing, a joy that could not be felt by others sprung from his heart. And he later started work at a company where he went in to work earlier than anyone else and finished last, doing the company's work like it was his own. He said that he always had a happy heart and felt Heaven's protection because he continued to work with an owner's mindset and a righteous heart that he maintained.

4) Rev. Yohan Lee said that he did not get tired in his life of faith until now and was able to overcome even a crisis because he had a voluntary mind in any situation. Rev. Yohan Lee was expelled from the seminary for opposing shrine worship, so he was constantly heavily monitored by the police. He said the police frequently visited to monitor him. However, there was a benefactor who protected him. The YMCA general secretary always defended Rev. Yohan Lee and told the police that he did a lot of good things. One day when he snuck out of the company and went to Sunday service, an amazing thing happened. He said that two police officers came to arrest him, but the moment they saw him at the entrance, they became dumb. The police triumphantly rushed in through the front door to arrest him, but as soon as they saw him, they could not say anything and just stood there dumbfounded. They suddenly became mute.

5) This was heard later, but when the police tried to arrest Rev. Yohan Lee, they tried to speak, but no words came out, and a woman next to them saw this. However, she said that after Rev. Yohan Lee left, the policemen could open their mouths. After that, Rev. Lee said he witnessed the son of the woman who witnessed the scene next to the police, and that the son at that time was a high school student. The son's father was a businessman and a deacon of the Presbyterian Church that Rev. Yohan Lee attended. Rev. Lee said he witnessed the elder's son with good faith guidance. After Korea was liberated from Japan, Rev. Lee returned to Korea, and the son went to the United States to study theology and became a doctor of theology. After Rev. Lee joined the Unification Church, he met this man in Japan in 1967 and had a biblical conversation with him over dinner for over 3 hours about the fact that Jesus going to the cross was not God's will.

6) But the person's heart was twisted. Rev. Yohan Lee asked to sleep together, but the man stopped talking because he changed his mind. So Rev. Yohan Lee told him the following: "I am saying this because I have a responsibility to share the principle with you because you believed in God through me and accepted Jesus as your Savior. To say that you continued your faith until this day means you have tasted faith, and moreover, you have become a doctor of theology, so listen to me. If you are obsessed with theories of theology and do not listen, all the efforts that Heaven has sincerely made to lead you to this day will be in vain. If you don't listen to me, you're not going to do well." But soon after, the man died in a car accident. So, when Rev. Yohan Lee saw that the man quickly went to the spirit world, he realized that God loved that man. Rev. Lee said that if the man lived and continued to oppose the Unification Church, the man's work would suffer. Rev. Lee said that by dying early, his achievements of faith up to then remained. Then, Rev. Lee said, if we look at the Bible as well, we should see that John the Baptist passed away early for the same reason.

What can we learn from Rev. Yohan Lee's testimony?

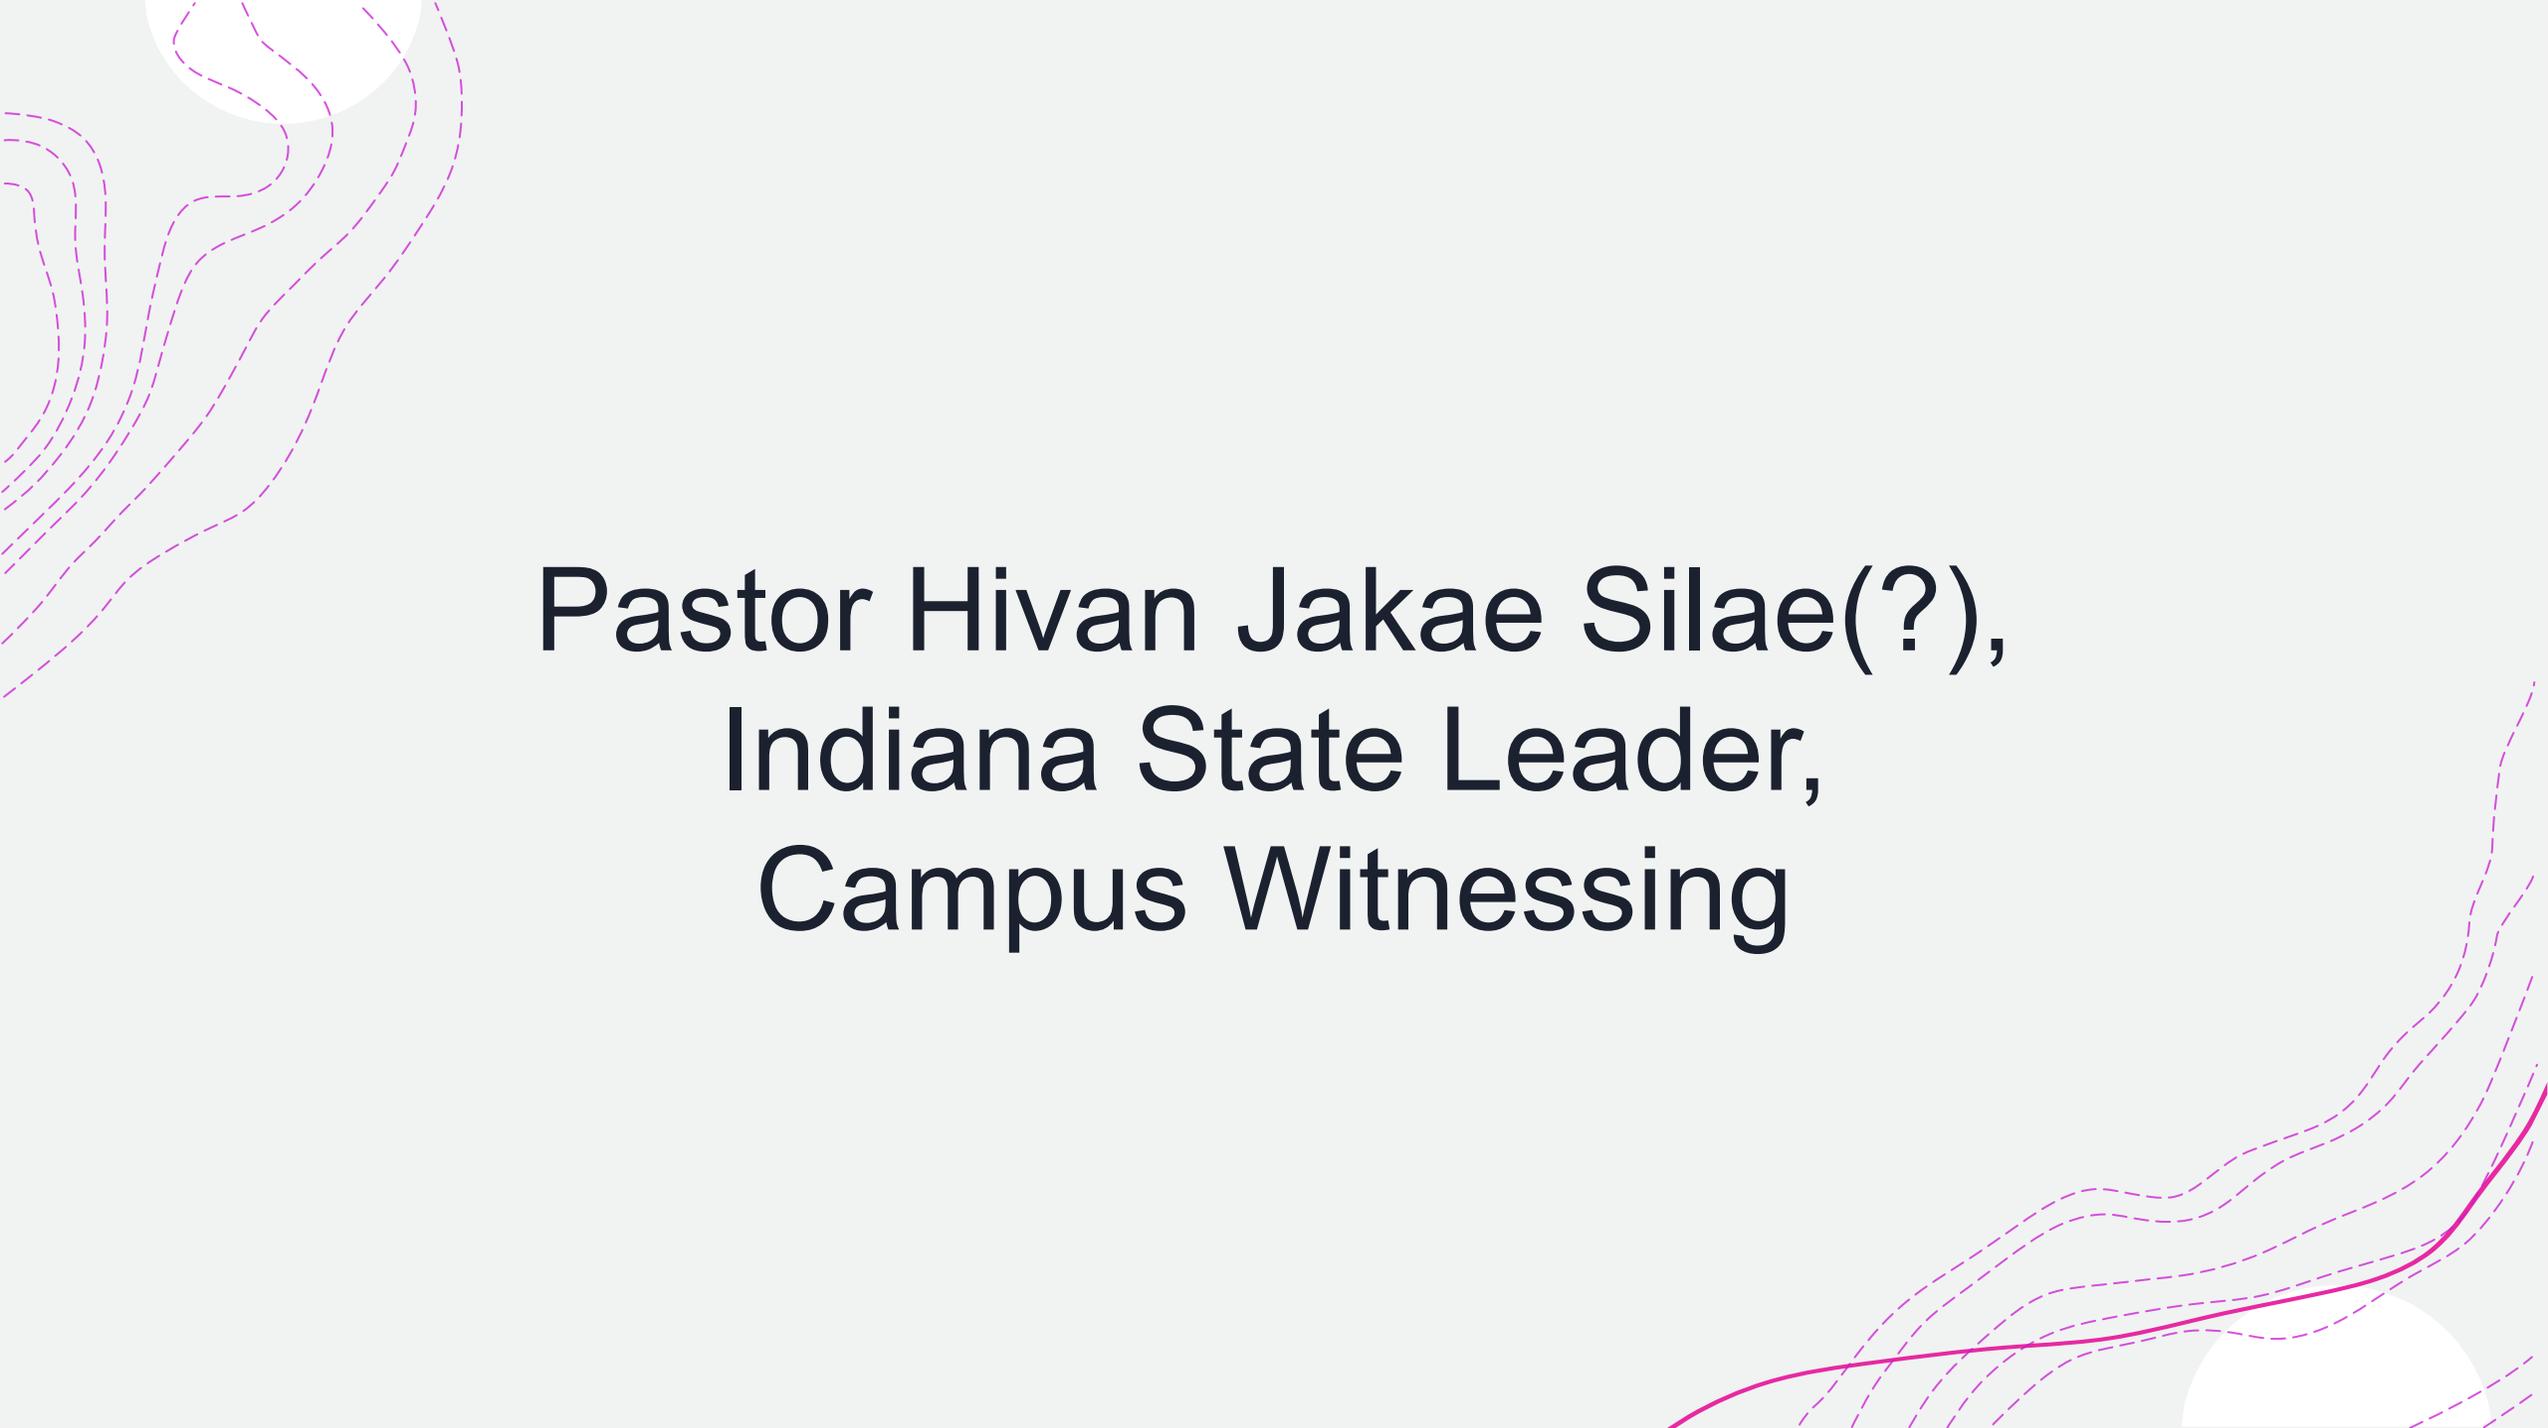

- 1) While Rev. Lee studied in Japan when it occupied Korea, he was considered right by Heaven by keeping his faith without compromising with the world when everyone was forced to worship at a shrine.
- 2) When he was staying at YMCA in Japan, he was justified by cleaning dirty toilets early every morning for over a year without anyone knowing.
- 3) When he did the right thing that only God remembered, unimaginable joy arose from his heart and he always experienced God's protection.

What can we learn from Rev. Yohan Lee's testimony?

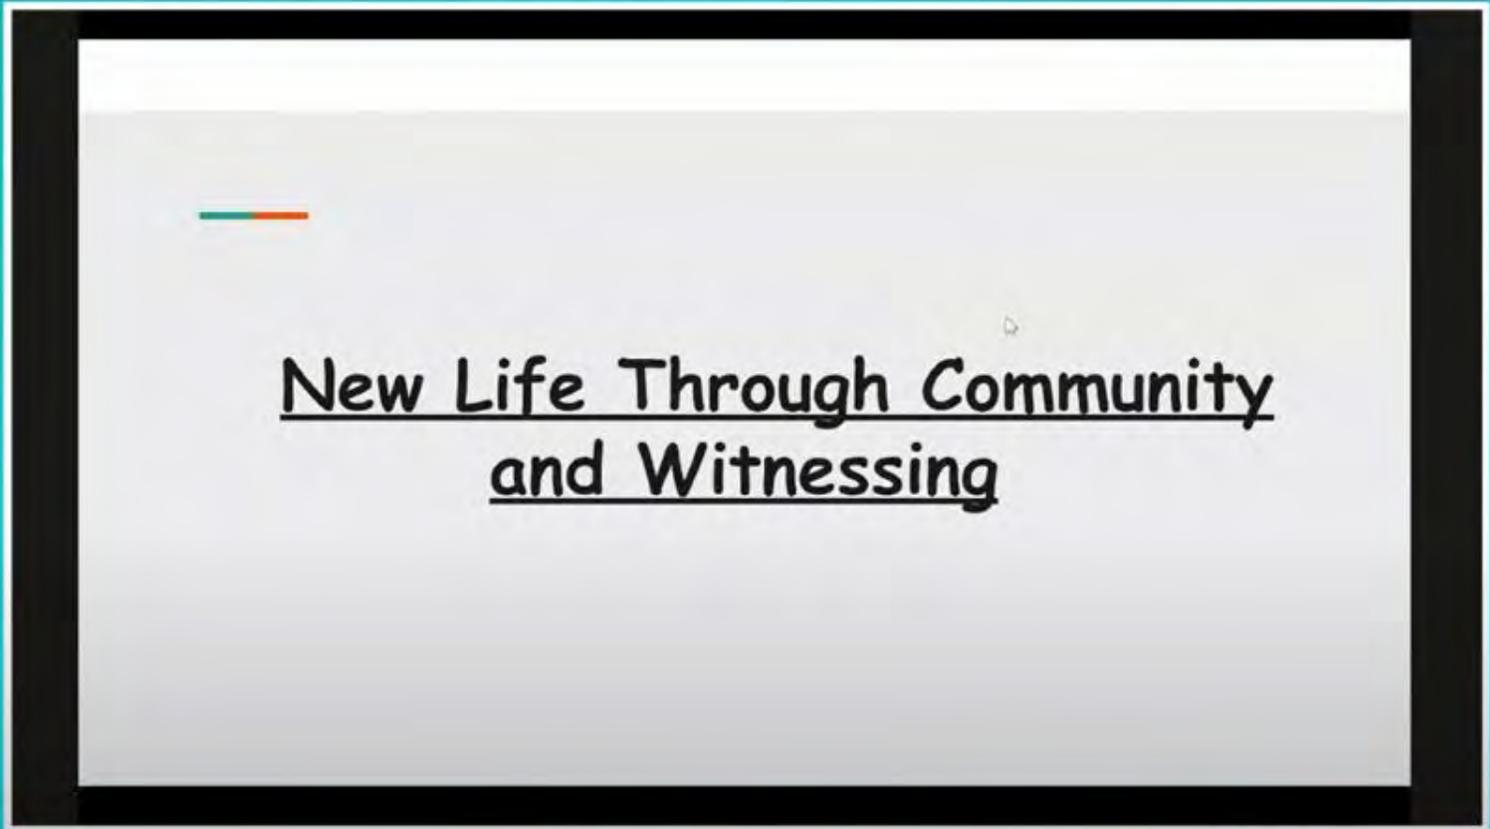

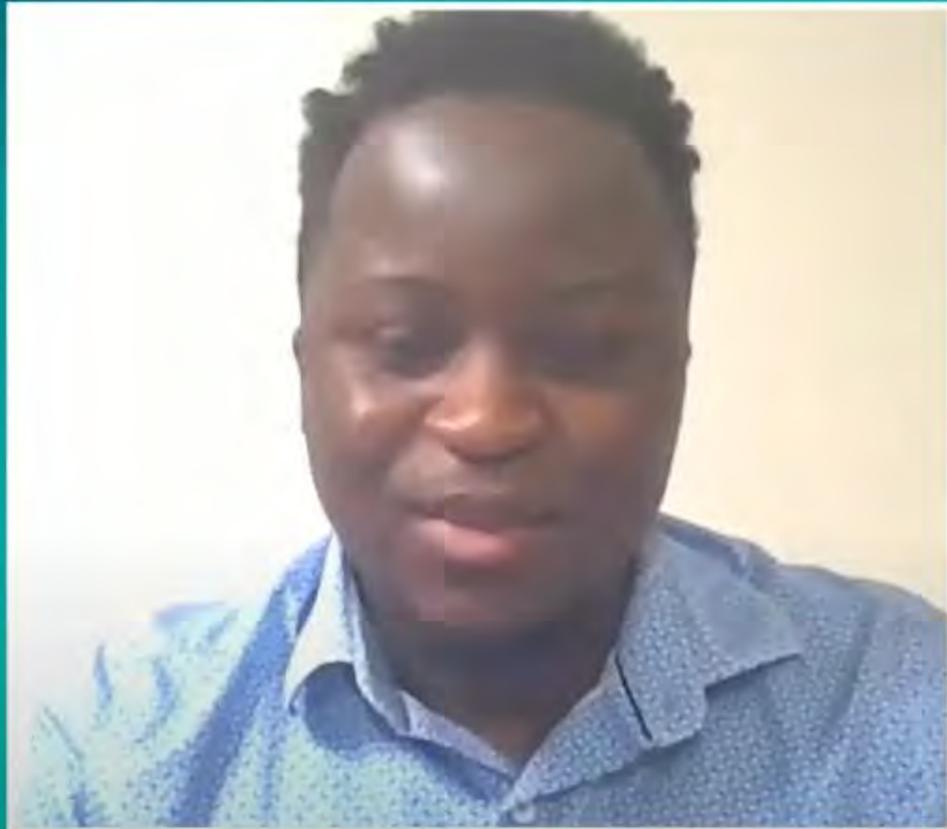

- 4) He was able to move forward without ever getting tired in his life of faith because he approached any situation with the spirit of ownership and a voluntary mind.
- 5) Because of his unchanging righteous faith, God and the spirit world always protected him even when he was at the crossroads of life and death and in crisis. Also, many spiritual works took place around him, and there was always a righteous person who protected him.
- 6) Even when receiving persecution from Japan, he was always busy spreading the Word to people around him. Even under such circumstances, he raised spiritual children and after joining the Unification Church, he preached the words of principle with a heart of taking responsibility.

We will now make our Unification Church a **living and breathing church**, as it was in the early days. We will develop it into a spontaneous, creative and dynamic church, unrestricted by numbers or systems. **We will make it into a church centered on the Principle and on love**, which will be like a nest with **the warmth of a mother's embrace** that will make us wish to go there and always remain there. As in the beginning time, we will make it so that the sound of Divine Principle lectures is constantly heard in our churches.

Three Months of Investment

My Reflections

1. God works where there is a longing heart (a strong desire)
2. When we work together in harmony, we create room for God to work through us
3. The most important is to start, then to continue with a firm conviction.
4. The biggest witnessing result is what happens in us
 - Overcoming our concepts of God and of ourselves
 - The best way to unit first and second generation is to invest in finding a common love.

Additionally, there are white circular shapes: a partial circle in the top-left and another partial circle in the bottom-right, both partially obscured by the dashed lines.
