Bloom: Pentecost with True Mother in Munich

Michael Balcomb

Christians in Europe have been observing Pentecost for almost 2000 years, but future historians may well decide that May 19 2024 as the most important celebration of all. On the foundation of 13 previous Pentecost festivals celebrated by the FFWPU True Mother, God's beloved and only begotten daughter came to Munich to share with us the coming of the Holy Spirit and the gospel of True Parents. She spoke with great conviction to an overflow crowd of more than 2,500 in person at the famous Munich Showpalast and to more than 18,000 watching online from throughout Europe and the world.

The two-day Bloom festival was designed by our young organizers to be a happy celebration of worship, praise and prayer and a family festival suitable for all ages. The Showpalast grounds were transformed with many activities for children, including a magician, bouncy castle, pony rides and the truly unique "giant horse" that kept our energetic youngsters busy for hours. For the older youth, there was a Divine Principle competition, a UPF gathering, and lots and lots of food, refreshments, exhibitions and stands, and an opportunity to connect with old and new friends from over 50 nations.

On the first evening, we held a magnificent devotional prayer and praise session, featuring the powerful (and newly created) worship band "Near Revival" with musicians and vocalists from the UK, Italy and Germany. They performed various Hillsong and gospel standards, along with many other contemporary gospel songs and some upbeat arrangements of our own Holy Songs. Cheonbo branch president In Pyo Moon brought us the spirit of the Cheonshimwon Vigil prayer and by the end, there were few dry eyes in the house.

Soon after the prayer the heavens opened and there was a powerful thunderstorm and torrential rain, but Sunday dawned bright and sunny. The doors opened early and a full house assembled to hear True Mother deliver her Pentecost message. As she entered the hall to Handel's "Entry of the Queen of Sheba" played by our talented 2nd Generation chamber orchestra, she was greeted by more than 90 small children who were on their very best behavior despite being so excited to see her for the first time.

"When we look at the current state of the world, there seems to be no beacon of hope shining for peace today or in the future," True Mother said, "but we must remember that God, our Creator and Heavenly Parent, is eternal, the first and the last. Therefore, we can be sure that God will never abandon humanity. His goal and dream at the time of creation will absolutely be fulfilled in these last days."

Lead organizer of the event, EUME Vice President Bogdan Pammer, said the event was an outstanding success. "The fact that we had a team of over 150 young volunteers taking complete ownership of this event was already a success," he said, "and True Mother provided the perfect inspiration for everyone. What the world needs now more than ever is God's motherly, embracing love. She gave us a glimpse of how the world will be once we reconnect to our origin, the Heavenly Parent." Bogdan's 7-year-old son had a vivid dream after singing for True Mother at the festival, saying "I dreamed I was invited to Wang Omma's birthday party and I took her an owl made out of Lego, and she really liked it!"

Matthew and Natasha Huish, Vice President for the North Subregion, brought all eight of their children to the festival, making the 1200km drive from London into a family pilgrimage. "It was the first time for most of our children to see True Mother in person and they were excited and deeply moved," he said. "True Mother looked beautiful and serene, but we could see there was a pillar of fire and strength shining out of her eyes. We were filled with new hope."

The Pentecost festival marked the end of a busy week in Munich. True Mother, who is always looking for new ideas to beautify the HJ Cheonwon grounds, visited the Munich Botanical Gardens and Marienplatz among other famous sights. She had several meetings with European leaders, together with our International President Yeon Cheon Song. She had a lot to say about the need to bring truly substantial results as our offering to Heavenly Parent at the time of the Cheonwongung dedication next year. "You have to get serious about national restoration," she said. "Have faith that God has prepared the righteous people who can make that a reality and do not hesitate or hold back from sharing the truth about Jesus, True Parents and our Heavenly Parent!

The Responsibility of Those Who Know God's Will

True Father's Prayer Before European Members in Munich on March 23, 1972

Beloved Father, today, guided by You, I have come to Germany, the heart of Europe. Here, Your beloved children have gathered from all over. When I think about the historical mission that must fall on the shoulders of these young people to reach the moment of victory You have planned, I regret that there is no one I can entrust with this task.

Father, from the day I became convinced that Your efforts to raise us up, despite our shortcomings, would not be in vain, I thank You that they have followed the path that led them here under Your protection and have remained united worldwide, regardless of what others may say. Father, as half a century has passed and I still have the rest of my life to fight for Your will, I sincerely hope that You will take responsibility for the remaining course.

Father, many people must protect the entirety of Europe, but they are unaware of Your will, ignorant of the content of Your providence, and do not know how to establish connections with

their people for this historical mission. Have mercy on these people, unite us despite our insignificance, and form with us a bridgehead that can remain in the end. I sincerely desire that You provide us with everything necessary to help build the fortress that will defend You from Your enemies as a base for Your victory.

Father, we need more people. We know that we lack economic power and other resources, but economic power is something we can move to some extent with our own efforts. However, we cannot obtain people without Your help.

Father, we are truly grateful for allowing these little children of Yours from all over Europe to gather here at the Essen Center. We must make a new resolution. And as I believe that a final life-or-death battle is approaching us, ignite the fire of heaven in the hearts of these little children gathered here today.

We know that You, who are not on a throne of glory, await the day we liberate You and sing the triumphant song of final victory. In the midst of Your joy, while blessing all peoples overflowing with jubilation, You will be proud of all of us.

I sincerely hope and pray that You help us become children who will fight to the end and organize the battlefield that You, Father, leave behind.

Father, I arrived here after going to the United States and England. As I think of all those who lamented my departure and yearn for the day we will meet again, I pray and fervently hope that You take care of them, unite them in body and mind, guide them towards a world with one purpose, form a tribe and a people heading towards a unified world, and consider them a global mobile unit and citizens of heaven for the restoration of the new Israel.

I thank You for allowing us this meeting and pray that You preside over all our future plans. Thank You for protecting us thus far and for establishing Germany to strengthen the defense line of Europe in a leading role. Since You have already placed it in that position, unite, Father, the hearts of these people.

I also fervently pray that You mobilize the ancestors in the spiritual world to help Germany assume the great responsibility of blocking the last line and confronting the communist world. Placing all time and what lies ahead in Your hands and under Your guidance, I pray all these words in the name of True Parents. Amen. ㄸ

In this Golden Age with the True Parents, may Europe achieve National Restoration and Eternally Shine

The Speech below is an excerpt from True Mother's Speech in Germany on May 19th on Pentecost.

The Creator originally created the heavens and the earth in the divine image. In the divine image also, God created the mineral world as plus and minus, the plant world with pistil and stamen, and the animal world with male and female. Finally, God created a man and a woman who were to become the progenitors of humankind and gave them responsibility. He waited for them to reach maturity and

perfect their characters through a period of growth.

The world we see today is the result of the Fall. Over the 6,000 years of human history until the present time, we have not seen even one day of peace in the world, only war and conflict.

The Christian faith is no different. Originally, it was Catholicism, but after many mistakes were made the Reformation occurred and Protestantism emerged. Protestantism

also has various denominations. If the Second Advent of the Messiah occurs, where do you think he will go?

Everyone is waiting for the Messiah.

When we look at the current state of the world, there is no beacon of hope shining for the future. The Creator, however, is eternal. The Creator's beginning and ending points are the same. As God began things, God must complete them without fail. He must bring them to fruition. Thus God could not simply

abandon fallen humanity, but began the providence of restoration through indemnity, the providence of salvation.

God chose the people of Israel. By setting up central figures during their course until this people could establish themselves as individuals, families, tribes, a people and a nation, Heaven advanced the providence. This was a long and arduous process requiring 4,000 years. God could then send Jesus Christ, the only begotten Son whom he could call his own. Despite this, we cannot say that Mary, who conceived Jesus Christ in her womb, completed her responsibility. She did not understand Jesus' true essence.

While Jesus came to save fallen humanity, the only begotten Son cannot do this by himself. The principles of Creation require both a man and a woman. Likewise, Mary should have offered devotions [jeongseong] and prepared the environment for Jesus. Her life, however, went the opposite way. In the Bible we find many references to issues with Jesus.

Ultimately, this resulted in Jesus' crucifixion. Consequently, Jesus promised to come again and, on his return, hold the Wedding Feast of the Lamb. Yet you must have a partner if you are thinking of holding the Wedding Feast of the Lamb. Why could Christianity not have thought of this? For the Messiah to return, Heaven selected a people through whom to send the only begotten

Daughter, who could not appear 2,000 years ago. The only begotten Daughter was born to this people in 1943. You cannot comprehend how much Heaven labored for this one occasion.

Christianity does not know Jesus' essence. As a result, Catholics and Protestants are unaware that Jesus' dream and wish was to become the True Parent.

To become the True Parent, he must certainly meet the only begotten Daughter. It is Heaven that brings the only begotten Daughter to birth. You need to be aware of this. The only begotten Daughter must come from a Christian background. It is only then that the Christian providence centered on Jesus can be fully realized.

As with the Pentecost 2,000 years ago, the substantial Holy Spirit and only begotten Daughter has come to Europe to create the environment in which all Christians can achieve actual resurrection through the Holy Spirit, open their ears, open their eyes, and directly see Heaven's providence and the essence of Jesus.

You second, third and fourth generation children who were born of blessed families through True Parents, I told you that you are Pure Water, did I not? Your Mom is Wang Omma [Grand Mom]. [Applause] Wang Omma is directly attending Heavenly Parent and is making history by bringing the dream of one family of humankind to fruition on earth.

In this case, you, Pure Water, should become the central figures in the work of national restoration and world restoration that Wang Omma is carrying out—and in establishing the kingdom of heaven on earth where we can attend Heavenly Parent on earth, in our homes, families, churches, and nations.

Only when you become 100%, 120% one with me while I am here on earth and achieve the completion of the providence will you become great and historic central figures forever, and will prestigious descendants come through your families.

So, please keep in mind that this is the golden age when your accomplishments during the Cheon II Guk era with True Parents and the only begotten Daughter and Mother of Peace, Wang Omma, can shine brightly for eternity.

And so, in preparation for the Entrance Ceremony of the Cheon II Sanctum in Cheon Won Gung next year, where people will directly attend Heavenly Parent on earth, please become the young second and third generation leaders of Europe who can show something to Heavenly Parent and achieve national restoration.

Now, proudly speak of the True Parents, who are the truth of providence, the essence of the Creator, and the essence of Jesus. True Parents! Please do your best to bring Europe to be a continent that can participate in True Parents' providence before it is too late. 

Pentecost Special Service: BLOOM!

On May 19, a Special Service titled "BLOOM!" was held in Heavenly Europe at the Showpalast in Munich, Germany, with over 2,500 participants from 70 countries.

Hosted by FFWPU Europe and the Middle East, the event included an opening ceremony, a message from True Mother, and a Hoyojeong Cultural Performance. True Mother urged FFWPU members to boldly speak about Heavenly Parent and True Parents. Attendees, both in person and online, resolved to reveal the truth of the providence and prayed for the victory of national and global restoration.

Pentecost, 50 days after Jesus' resurrection, coincides with the Jewish festival of Shavuot and marks the day the Holy Spirit descended upon the disciples (Acts 2:1-4).

Participants' Reflections

Below are some excerpts from participants' reflections.

YOUTH

♥ Second Generation - Switzerland

Thank you so much for coming to Europe, Wang Omma! I sincerely pray that we inspired and gave you hope. Europe is awake, and we are with you! Thank you for finding me, your needle in the sandstorm. Please be reassured that we, as your pure water, are connected to you, the source, and that we will proudly share the love that you and Wang Appa sacrificed to give us with the rest of the world. I personally promise to fulfill this responsibility joyfully so that all my brothers and sisters and I can be with you for eternity! We miss you so much already, Wang Omma.

The next time we see you for the CheonWon Gung opening, we promise that we will stand before you with the rest of your children to welcome God home all together and, in this way, comfort your heart. Please know that you are not alone anymore because we have heard your call and are inheriting God's dream! Until then, please be healthy and rest a bit more when you need to, and when you see blooming flowers, may you think of all your children in Europe who are supporting you and spreading your love.

♥ Second Generation - France

T rue Mother's words are like precious gems. Our True Mother shares her heart about the true identity of Jesus, his course of pain and suffering for not having been able to celebrate the Marriage of the Lamb, Christian history, and the true identity of the Only Begotten Daughter, the Mother of Peace, the substantial Holy Spirit on earth, Wang Omma. I am sure that True Mother's words have brought liberation to all those who want to hear. Thank you, Wang Omma, for your unending love!

♥ Second Generation – United Kingdom

Thank you for your visit, Wang-Omma! We appreciate your support and encouragement to be pure water. It is our time now to fulfill our responsibility; you and Father have given us everything we need to succeed. Thank you.

♥ Robin Chionna - Italy

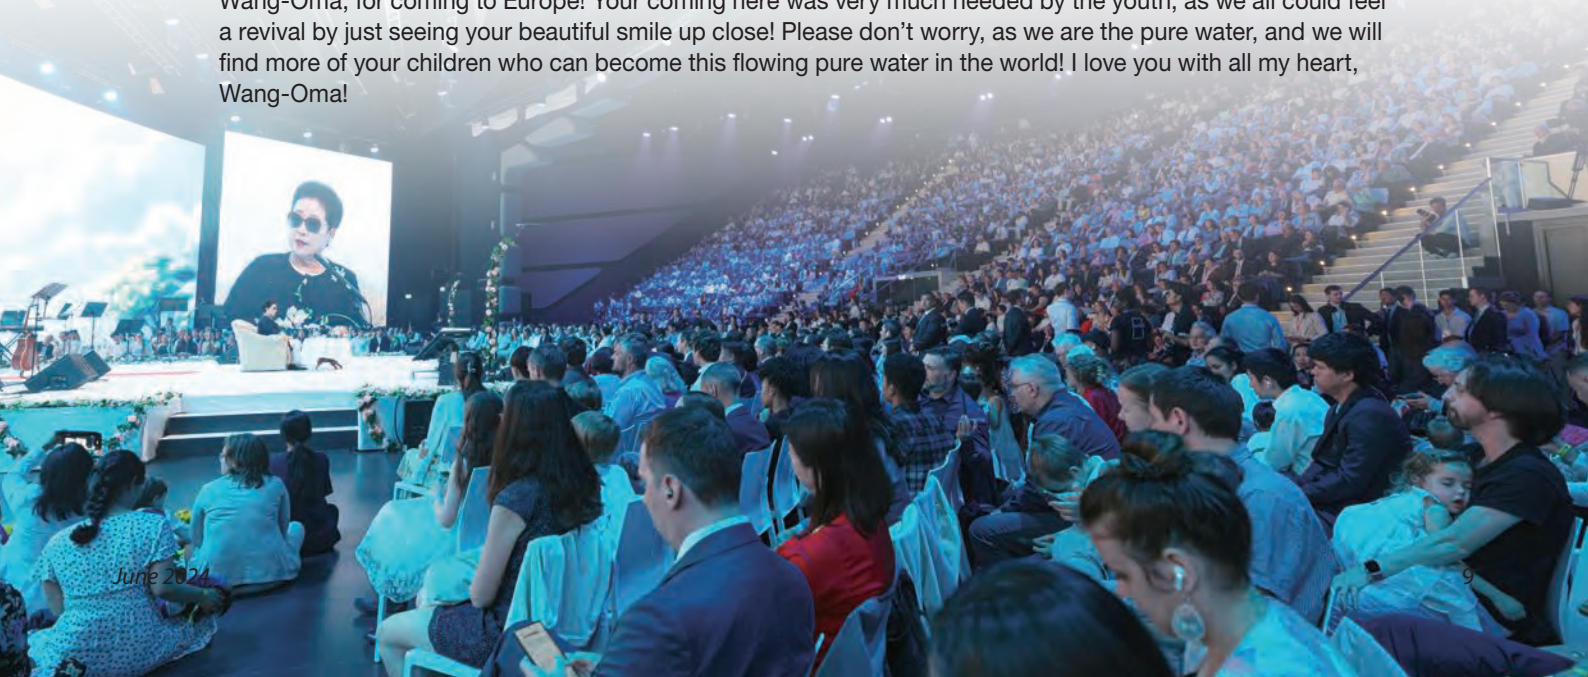

D ear Wang Omma,
Before your coming to Europe I was thinking of how to prepare for your coming. I would think of you at work, and felt so much anticipation and a great sense of the preciousness of your coming. A deep commotion swelled from within me when I saw you entering the stage on Sunday. I wanted to shout to cheer for your coming, but my voice couldn't make it. Thank you so much for coming and caring for me.

Recently, I have been trying a new approach to online witnessing through videos that clearly explain True Parents and providence, videos that are meant to be clearly understood by the public. I hope to bring good results and let many people know about the advent of my True Parents and the Only Begotten Daughter, so long awaited. Next time you come to Europe, you will see more of your children! This is my pledge!

♥ Manon Masner - Switzerland

D ear Wang-Omma,
My name is Manon Masner, and I'm a second generation originally coming from the Czech Republic but I moved to be with my husband, Michael Yurkin, in Switzerland a year ago now.

On Saturday night, we had a worship event where I was asked last minute to offer a resonance prayer in front of everyone. But then, right before I had to pray, a very loud noise took over the whole place. I decided to close my eyes, I could feel my body vibrating this strong, outside, and inside, I knew this wasn't a technical mistake, but our Heavenly Parent's heart vibrating together with ours. This felt like a true Pentecost, where all the devoted disciples heard a loud sound right before praying in tongues of fire. Thank you so much again, Wang-Omma, for coming to Europe! Your coming here was very much needed by the youth, as we all could feel a revival by just seeing your beautiful smile up close! Please don't worry, as we are the pure water, and we will find more of your children who can become this flowing pure water in the world! I love you with all my heart, Wang-Omma!

♥ Senarda Grami - Albania

I am so grateful for this beautiful message, which helped me understand Jesus's heart and the absolute determination of our Heavenly Parents to save their Children and his wonderful creation no matter what. I want to help HP and True Parents realize their absolute will.

♥ Dawn Pollitt - United Kingdom

Sharing this time with Wang Omma is the most precious gift our family could have been given. For my children (3rd gen) to meet, the living embodiment of the Holy Spirit is a once-in-a-lifetime opportunity. I felt my ancestors' presence traveling with us to attend our True Mother. I also felt True Father and Heung Jin Nim, Hyo Jin Nim, and Daemonim also joined in support of True Mother. Such a powerful presence that True Mother is coming, and the whole spirit world also mobilized to support.

We are eternally grateful, and having heard True Mother's words, we are both repentant for not having already fulfilled our duties as final children and filled with new determination to bring about the world Heavenly Parent longs for. I really felt such a sense of newfound determination.

We will never be able to repay our debt to True Parent's and feel so incredibly blessed to have the chance to be living at the same time as our Wang Omma!

♥ Eva Pejkofski - Czech Republic

It was such a joy to see you, True Mother! Thank you for coming all the way to Munich to meet us, your children, who missed you so much. Especially seeing you smile was so heart-warming and reassuring, knowing how much you carry on your shoulders and in your heart and mind every single day!

ELDERS

♥ Virginie PINHAS - France

Our Mother, my Mum, my Wang Omma, my Love, my Happiness, in your holy presence this Sunday, May 19, 2024, I was reborn.

At that moment, I felt as if someone had relieved me of all my worries, fears, and concerns. I was resurrected. And my heart just says yes, Mother, I will do my best.

I apologize because we didn't have many results to offer to you.

Thank you, mother, for coming to see us, for being concerned about our situations, and for loving us. We love you very much.

♥ Cecilie Fortune- United Kingdom

Dearest True Mother,
On the Bloom Pentecost Festival occasion, our couple decided for my husband to travel to Munich and for me to attend from home. As preparation for your visit, we studied the 21-day HDH Booklet that had been put together. We gained a lot from it, yet still within me, I wondered why there was so much talk about the 'Only Begotten Daughter'? Again and again. In my reckoning and from a Divine Principle perspective, True Father and True Mother are one. There cannot be any dispute about this. Where Father is, is Mother; and where Mother is, is Father.

When my husband came back from Munich, I told him, 'I got it!' Finally, I understood why you, True Mother, have to mention that you are the 'Only Begotten Daughter continuously.' Jesus came as the Only Begotten Son. His bride was never there until now. We have not understood this. What a painful and miserable history it has been. We can now live with renewed hope. We are grateful to our True Father for continuing Jesus' mission, for sacrificing his life for our sake, and for the marriage supper of the lamb. That will never change. But the fact that God has given birth to His Only Begotten Daughter is miraculous. Providential history has been waiting for this.

I am sorry you have to keep on repeating yourself, True Mother until we finally understand the truth of what you are sharing with us. What we hear is quickly tainted by our fallen nature rather than by a pure heart. Thank you, True Mother for coming to Europe! And for your unconditional love. The weekend was very special for me.

♥ Therese Heitzinger - Austria

When we learned that True Mother is coming to Europe with my husband, we were unsure what to do because we have a small baby—this is our first baby, too—and how we would manage the flight and how we would do it with our son. But then we decided to come. True Mother is coming for us, and we should definitely go to meet her.

Deep gratitude for her and her love for everybody. We love you True Mother, Wang Omma!
We want to try our best at this time to make you worry less.

♥ Priscilla Masters Migliore - Italy

Dear True Mother, Thank you so much for coming to Europe and giving us so much love and Blessing. I was there with all my family. We want to do much more for you and promise that we Will keep on going forward to fulfil Our Heavenly Parents dream on this earth.

♥ Anrdii Tkachuk - Ukraine

Mother, I really felt that only parents could gather all their children. I was glad to meet many brothers and sisters whom I had not seen for many years because they were in other countries. And this was a truly amazing event when all the children came together. Thanks for this chance.

♥ Elisabeth Heil - Germany

Thank you, dear true mother, for your visit to Germany. You are the hope for us all. We wish you good health and a long life. We, from GCLC-Germany, had invited a pastor. He thanked us for the invitation and said it was amazing. We will continue to reach out to the Christians.

♥ Heidemarie Porfyrus - Greece

My husband and I want to express our gratitude to our True Mother and the team with her. We only participated on Zoom, but we could experience the importance of True Mothers coming to Europe / Munich. Like small children, trust in the ability of the loving mother that everything will go well - we also feel that somehow, when we do our utmost best. Heaven can guide us to the prepared people who know how to save the beautiful planet Earth and work on heartistic relationships. No one should feel left out or lonely. So, we try our best to bring Heavenly Parents to the religious people in Corfu and further. Kamsahamnida Wang Omma.

♥ Roma Karagezian - Lithuania

Dear Wang Omma, it was so wonderful seeing you among so many children from Europe. Thank you for coming to visit us and bringing us all together! We are one family because you are our True Mother, and we felt so united during this Pentecost event. I know we can overcome our differences and work together to create the beautiful, peaceful world! I could see that now!

♥ Renate Amesbauer - Austria

Dearest True Mother! It has been a wonderful experience being near you (even in a big hall!) You look forever young and beautiful! Thank you so much for your inner strength and guidance! Listening to your life- was wonderful! We thank you for always giving us so much strength and conviction! We will continue to guide people towards you and educate them well! With very best wishes also for your good health!

♥ Myrabelle Corlett - Malta

This was really wonderful to participate in and enjoy every moment of a Family Weekend of Pentecostal reunion in the warm embrace of our True Mother and the perfect event organization of Europe and Middle East Second Gen. What a joy it was to be in the company of First, Second and Third Generation of True UNIFICATIONISTS. May this 'BLOOM FAMILIES' event become a bi-annual Reunion tradition for our Unification Families. Thank you, True Mother. Much sincerity from your family in MALTA.

♥ Herbert Foehrmann - Germany

Even though there was time to prepare myself internally, in the end, you never feel prepared enough. In the beginning, my handicapped son started to panic, but then, during the whole service with True Mother, my heart really opened up, and I could feel truly part of True Parents' holy community. When the text of the holy songs appeared on the screen, just reading one word, my tears started running. Thank you, True Mother, for coming to visit us.

♥ Leonita Tamayo-Zahora - Hungary

My reflection is that the whole event was great. It was nice to see so many young couples with children and older members greeted and met. It's great that thousands of families and members could come, and it's a reunion of one big family under one God, our Heavenly Parent and True Parents. True Mother, True Father in Heaven is great in gathering people in one place. Just like Cheong Pyeong in Europe. I love you, True Mother. You're my inspiration. I'm always praying for you and your family. Thank you so much with a grateful heart."

♥ Bryan & Myrabelle Corlett - Malta

It was a beautiful experience in Munich. True Mother, thank you for sharing your Love and concerns with us. We felt your heart for your children. Thank you for the gift of new life; may we all bloom into fragrant flowers.

♥ Maryvonne Jamois - Spain

Dear True Mother, Thank you so much for coming to Europe, to Munich a beautiful city. On this day of Pentecost, you wanted to meet Heavenly Parent's children, your children. Once again, you have shown us that your determination is absolute to fulfill Heavenly Parent's dream, the dream of Jesus. Thank you for your beautiful message full of guidance and hope. Because of True Parents' sacrifices and dedication, Christians will begin to understand You. I am so sorry that it took so long, and that True Parents endured so much on the way. We will do our best to help our Christian brothers and sisters understand the time we are living. We pray for your health and a long life. Wang Omma, Cham Omoni, Kamsahamnida, Sarang hamnida.

♥ John Kennedy - Ireland

Having True Mother, the only Begotten Daughter, was an amazing grace with us in Europe. I felt her serious heart urging me to reach out with confidence and joy to let her children know this good news: True Parents are Heavenly Parents' gift to fallen humanity. Wang Omma sarang heyo.

♥ Stephanie Gravrand - France

Thank you for standing strong with Heavenly Parent and True Father all these years. Thank you for showing the whole world that women are equal to men and impersonating the feminine aspect of God.

♥ Maria Piperis - Italy

Dearest True Mother, no words describe the joy of having you here with us! I felt I wish you didn't have to go away. Also, having so many of our children and youth have this experience with you is infinitely precious and will remain forever in their hearts. And yes Europe is waking up and will transform this whole complicated, long history into a blossoming one centered on True Parents. Please be well and know that you are in our hearts always.

♥ Janis Vjaters - Latvia

Dear True Mother, Queen of queens, Holy and the only begotten daughter of Heavenly Parent, I wish I could meet you at the hotel on Saturday morning. However, I arrived in Munich late afternoon and couldn't participate in the leaders' meeting at 08:00 a.m. Your speech at Pentecost worship was great, and your presence itself was an amazing grace for our region. You also looked wonderful and beautiful.

♥ Sophie STRUMEYER - France

Meeting True Mother was a moment of Grace. We met with our eyes and our hearts. I appreciate Mother speaking about St Paul. I hope Europe, which had been rejecting True Parents in the past, will become like St Paul, advocating True Parents and the only begotten Daughter of God, once they realize that our movement is all about peace at every level of life. Thank you to True Mother, who gave me such hope for the victory of Heaven.

♥ Mónika Nany - Hungary

Dear True Mother!
I hope you enjoyed your time in Europe, and you can go back home with hope, and we can give you some strength. Thank you so much for coming and for the inspiration and direction you show us. This way, we can understand God much deeper than any other way. And then we can become people who can represent Heavenly Parent and You and True Father well among our friends and the people of our countries and world. I pray that we can do this truly well. We love you Wang Omma!

♥ Michael Deininger - Austria

I am extremely grateful that you came to Europe again. Of course, it was a big investment, but I really feel that our European community needed a revival by coming together as a big European family and seeing all the other people who are working hard in their field of influence. And nothing can be as together better than our wonderful Wang Omma! I realized many ways I was not a role model and being able to represent you as your children. But I am sure by improving one step at a time and connecting with true parents and each other we can make big changes happen. Thank you for opening the door Wang Omma! We are right behind you. We love you very much!!

♥ Benedicte SUZUKI - France

Dear True Mother, it was so moving to be able to see you in Munich. The previous 40 days we prayed for your body to be healthy, for your knees to be less painful, for your tiredness to recover from the jet lag before coming and after coming. Your holy body has carried 14 children, and you are 81 years old. I am so sorry that the western world is still so difficult to witness because of the atheistic influence. I have thought many times that we need the type of miracle which made Saint Paul drop from his horse and become blind after seeing Jesus, him who was holding the clothes for persecutors of Christian to throw stones at them. I felt the heaviness of your heart. I felt you had wanted to see more people, more new people. Even though you came to see us. Thank you so deeply dear True Mother. You are in our daily prayers always.

♥ Christoph Kral - Poland

Dearest, beloved True Mother, I will give testimony about the Only Begotten Daughter of God. I understand the national restauration. Yes, we will do it. I will never forget Your heart. I will never forget the heart of Heavenly Parent's, searching and longing for their children. Thank You for coming to Europe, thank You for Your serious interest, love and

reaching out to us. I understand, I start to work. We want to bring You joy with REAL results.
Thank You, dear True Mother.

♥ Umberto Angelucci - Lebanon

Dear beloved True Mother, the only Begotten Daughter of God. There are not enough words to express our gratitude for all the love we have received from you. You have been praying and making so many conditions of devotion to support your children of the EUME region. We waited for 5 years to meet you again in Europe. This time we gathered from the entire EUME to attend the Pentecost Festival; this was a miraculous gift from Heavenly Parent. The music helped us to enter into the spirit of Pentecost and prepared everyone to receive God's words. The words of our True Mother. We could understand our failures, especially that we did not testify to True Mother, the only Begotten Daughter. The spirit of the Pentecost just started and it is going to expand to the 71 nations, the entire region of EUME. Finally, the special meeting with True Mother this morning was a unique experience. This was one of the most special moments in my life. True Mother wanted to encourage us, lift us up, to keep moving forward. We will continue giving our entire life until the last breath to support our beloved True Mother, Wang Omma.

♥ Ron German - United Kingdom

Even though my wife and I couldn't attend directly we watched the proceedings online. It was a beautiful memorable experience to see True Mother here in Europe once again and brought back so many wonderful memories of her previous visits. There was a real sense of the Holy Spirit's presence and blessing the programme and of course, True Mother being present meant that was going to be inevitable.

Many of us are well into old age now. However, hearing True Mother's words and seeing, and indeed, feeling her great love for everyone, has renewed our own determination to push even harder to accomplish Heaven's will for however many years we have left on this earth. Thank you so much True Mother for coming to see us and bringing hope back to our sick continent. May our Heavenly Parent keep you safe and healthy and give you many years on earth yet so that the many 2nd, 3rd and even 4th Generations can see you and learn from you. You are truly the Only Begotten Daughter, Mother of Peace and Mother of the Universe. Wow!

Thanks to the True Mother, many families were able to meet for an exceptional event where we could hug brothers and sisters and, above all, hear the inspiring message. Now, we are stronger, more determined, and more united with each other. Thank you for this great opportunity.

Hello, my True Mother, Yesterday, when I saw you, I couldn't help but cry. As I approach my 50th birthday this year, I have been reflecting on my life. I deeply regret not being able to offer you more results. But more than that, I feel a profound sorrow for you and True Father. You have given your whole lives, and yet the world remains in its current state. It must be so sad for you, and I cried deeply, yearning to understand your heart. I promise you, my beautiful Mother, that I will take better care of myself and my health so that I can better care for your children. This will bring you happiness, and I can see your beautiful smile.

Dear Wang Omma, thank you very much for coming here to Europe with your special Holy Spirit. I am so grateful you patiently teach us to understand step by step what you already have known for a long time but you raise us carefully and gently so that we can grow to understand. You often mention in Europe that the first become the last and the last become the first. I always wonder, are we the first who received God's grace through Jesus and the last in returning it? Or is Europe the last to really understand and unite with the Only Begotten Daughter but will be the strongest in dedication once it happens? I hope You mean the second version. Please accept my deepest apology for making You wait for so long and that we are so inadequate in attending the Heavenly way. Thank You for teaching us, guiding us. I feel you are planting the CheonShimWon megachurches and this was Europe's first such revival meeting. I hope we can soon have such megachurches in our own countries and towns. Thank you Ommonim, Sarang Hamnida. *TP*

The Miracle of Pentecost

**Special Briefing by Song Yong-cheon,
President of FFWPU- International**

Hello Brothers and Sisters, 안녕하세요!
Welcome to the new month of June. May God's blessings be upon you and your family.

Last month, on May 19, 2024, a profoundly grace-filled Pentecost special service was held at the Showpalast München in Germany, attended by around 2,500 leaders and members from Heavenly Europe. This event was marked by the physical presence of the Only Begotten Daughter, True Mother.

Pentecost is one of the major festivals in Christianity, commemorating the 50th day after Jesus' resurrection. It marks the day when the Holy Spirit, promised by Jesus upon His ascension, first descended upon His disciples, igniting the miraculous spread of Christianity.

On the day of the Pentecost festival, True Mother, the substantial Holy Spirit, wishing to awaken Europe, presided over a special service to breathe new life into Heavenly Europe.

During the event, True Mother asked, "Who is it that is here in front of you?" and declared, "Jesus Christ and the substantial Holy Spirit, the only begotten Daughter, Wang Omma, are both here." She shared her purpose for visiting Europe, stating, "The reason I have come to Europe is to revive and resurrect it from its slumber," emphasizing the need for a new revival in Europe, centered on True Mother, the Only Begotten Daughter.

True Mother addressed the leaders and members in Europe, speaking deeply about the essence of Christianity. She emphasized that Heavenly Europe must fulfill the Christian providence, which is now approaching its twilight. She remarked that, "just as at the time of Pentecost 2,000 years ago, the substantial Holy Spirit and only begotten Daughter has now come to Europe to create the environment in which all Christians and all people can achieve actual and complete resurrection through the Holy Spirit.

For this purpose, the substantial Holy Spirit, the Only

Begotten Daughter, has come to Europe. True Mother encouraged all, saying, so, go out and proudly speak about the truth of the providence, the essence of our Creator, the essence of Jesus and about True Parents. Then True Mother urged everyone to do their utmost to ensure that the European continent participates in True Parents' providence before it's too late.

This significant day of Pentecost thus marked a new era of resurrection and revival in Heavenly Europe with the presence of True Mother, the substantial Holy Spirit.

The special service, themed "BLOOM," represented the rebirth and blossoming through the Holy Spirit and unfolded in three distinct parts:

Part 1 - "Seeds" — which served as the preparatory program to meet the True Mother the Substantial Holy Spirit

Part 2 - "Buds" — which stood for spreading the words of True Mother to germinate new beginnings, and

Part 3 - "Bloom!" — which was a resolution and determination to revive and resurrect Heavenly Europe in unity with True Mother, the Substantial Holy Spirit.

During the celebration performance, the second and third-generation Hyodeong children from Heavenly Europe captivated the audience with their pure and innocent voices, deeply touching True Mother. As they sang their song of gratitude, embodying the essence of pure water, I felt a profound sense of hope for the future of Heavenly Europe.

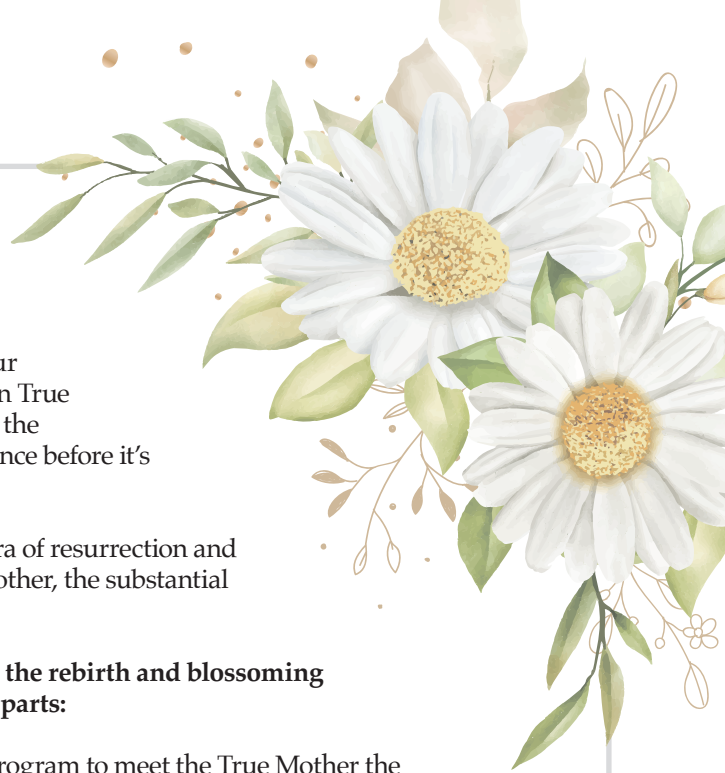

Additionally, the Heavenly Top Guns in Europe delivered performances filled with sincere and earnest love for True Mother. I watched as True Mother gazed at them with loving eyes, deeply moved by their dedication.

Leaders and members in Heavenly Europe dedicated themselves to extensive HDH reading, prayer, and fasting in anticipation of True Mother's visit. Their profound longing for True Mother was deeply felt. They also spoke of miraculous events, particularly the weather. The forecast for Munich had predicted rain throughout the week, thus, myself, I was quite worried as when traveled to Europe. However, surprisingly, thunderstorms and heavy rain occurred only during early mornings and late nights, and strangely, each morning, the clouds would part to reveal sunshine, bringing a bright start to each day.

During the event on both Saturday and Sunday, rain fell at dawn, yet by morning, the skies cleared to reveal sunny and breezy conditions, creating a delightful atmosphere. After concluding all activities on Sunday and while we were meeting at our accommodation, a sudden downpour occurred. Then, a beautiful rainbow appeared in front of the hotel where True Mother was staying, this moment felt like the profound manifestation of Heavenly Parent's love for the only begotten daughter, True Mother.

Members from across Heavenly Europe expressed their joy at meeting the beloved True Mother. They felt rejuvenated and empowered by reuniting and exchanging ideas with one another. Inspired by True Mother's words, they emphasized that today marks not an end, but the beginning of a new chapter.

I am pleased to share that I witnessed firsthand how True Mother's visit heralded a transformative era, inaugurating a new dawn for Heavenly Europe—a beacon of hope and renewal.

True Mother's Message

Become Proud Leaders of Cheon Il Guk

You are the beloved "hyodong" of Cheonilguk, aren't you? Through your mom and dad, and through the True Parents, you were born as "pure water." I sincerely hope that you grow up beautifully and healthily, that you are kind, and that you become proud leaders of Cheon Il Guk, who love their country and the world.

Today is Children's Day. God, the Creator and Master of the universe, is our Heavenly Parent. The dream of Heavenly Parent was to realize the Kingdom of Heaven on earth, where He would pour His love onto children like you and move forward into the future together with True Parents. However, the adults who were supposed to become the first human ancestors failed to unite with the Creator and made mistakes that led us to today's difficult world.

Over the past 12 years, True Parents have devoted their efforts to creating a new environment and building the historic Cheon Il Guk. Next year, we will offer to Heaven the Cheon Won Gung and the Cheon Il Sanctum, where we will be able to serve Heavenly Parent on earth. To reach this day, True Parents must create the framework in which Heavenly Parent's dream to live with can be realized, desiring to live with His children on earth, pouring all His love onto them.

Heavenly Parent created the natural world for us, including animals, beautiful flowers, fish, and many other things. But until now, people in the world did not know this. However, you know all this thanks to your parents and True Parents.

You are blessed people today, on this Children's Day, because True Parents have prepared for you an extremely beautiful and mysterious environment. I hope you create many wonderful memories in this setting, share them with your younger siblings and friends, and become blessed Hyo Dong children who fully enjoy this space. Have a pleasant time.

Kenneth MacMillan's "Romeo and Juliet": A Three-Day Journey

To commemorate the 40th anniversary of Universal Ballet Company, Julia H. Moon, General Director, and Universal Ballet Artistic Director, Bingxian Liu, presented Kenneth MacMillan's "Romeo and Juliet" from May 10th to 12th at the Seoul Arts Center Opera Theater.

Universal Ballet first acquired the performance rights to Kenneth MacMillan's "Romeo and Juliet" in 2012, making it the first Korean company to do so. This version of "Romeo and Juliet" is highly acclaimed for its faithful adaptation of Shakespeare's original play among the numerous renditions.

Set against the dramatic music of Prokofiev, this performance provided an excellent opportunity to witness the concentrated and unparalleled artistry of Universal Ballet, which has been honed over 40 years.

For the first time in Korea, Hee Seo, the principal dancer of American Ballet Theatre (ABT), took on the role of Juliet. She made history in 2015 as the first Asian to become a principal dancer at ABT in its 75-year history. Playing opposite her as Romeo was Daniel Camargo, former principal dancer at Stuttgart Ballet and Dutch National Ballet, and currently a principal dancer at ABT.

Another Juliet was played by Mi-sun Kang, the 2023 winner of the prestigious "Benois de la Danse" award, solidifying her status as Korea's top ballerina. Kang previously played Juliet in the 2016 production of "Romeo and Juliet," receiving acclaim for her rich inner expression and superb technique. Her Romeo was Hyonjun Rhee, a principal dancer with Universal Ballet, renowned for his exceptional technical skills and acting prowess. Rhee has also been a principal dancer with Tulsa Ballet in the U.S., where he performed a wide range of repertoires.

Julia H. Moon, General Director of Universal Ballet, stated, "Kenneth MacMillan's 'Romeo and Juliet' is a masterpiece that most closely aligns with Shakespeare's original work, and it is a performance I am eager to present to Korean audiences. The chemistry between Mi-sun Kang and Hyonjun Rhee, as well as the excellent pairing of ABT star ballerina Hee Seo and Daniel Camargo, makes it worth watching every show." She added, "Universal Ballet will utilize all its capabilities to deliver a deeply moving and unforgettable performance."

That morning, True Mother officiated the Cosmic Blessing Ceremony, where 21 young couples from America and 40 ACLC married couples received the Blessing. True Parents' Holy Wedding Anniversary was also celebrated. All 420 American youth enthusiastically performed 'Total Praise' for True Mother at the Victory Luncheon that followed. That evening, ACLC and the youth held a 3-hour prayer vigil during which ACLC members shared testimonies, and young members learned how True Mother is reaching the hearts of Christian leaders in America through ACLC.

On April 25, everyone visited Cheon Jeong Gung and received True Mother's words at the Victory Celebration in the main hall. This was followed by a special meeting with True Mother and the key leaders of the Unification Church worldwide. Rev. Demian Dunkley, Regional Chair and National President for the American Movement, reported on the youth who came to Korea.

On April 26, the final day of the Blue Dragon Pilgrimage in Korea, ACLC participated in the IAPD Interfaith Imjingak Prayer Meeting for a Heavenly Unified Korea. Youth participants enjoyed a visit from Professor Yeon Ah Moon, who brought some of True Parents' favorite snacks—Dunkin' donuts, coffee, and pumpkin candy—and shared about True Parents. Participants also heard from Professor Hyun-Sup Do and Dr. Yong-Cheon Song, International Chairman of the Family Federation, about True Parents' course. Many participants, including new Unificationists, then shared their testimonies of their time in Korea. New Unificationist Ramone Richburg from Atlanta, Georgia, shared: 'For anybody that didn't experience Cheongpyeong, you definitely want to experience it at least once or twice in your lifetime. It's beautiful out here, especially if you need some spiritual healing. God is good, God is good. True Parents are definitely real, you know, definitely.'

Participants flew back to America on April 27, where the Blue Dragon Tour continued with its 7th stop in Indiana from May 3-5, hosting 120 members. It then made its way to Las Vegas from May 10-12 and ended in Atlanta from May 17-19. Many youth testified to having an eye-opening experience hearing True Mother's story and now understand why she is the Only Begotten Daughter and why that is so important.
