Hi Tribal Messiahs!

Something very exciting happened in New Jersey last week. The Clifton team held a community level education program about the 3 day ceremony for new couples. A group of couples who received the Blessing in February went all the way through the 40-day renewal period and were invited to the Clifton church to receive education about the 3-day ceremony and commit to completing it!

We'll hear from Pastor Manoj Jacob and the Clifton team about this great event. We'll also hear from Crescentia DeGoede, National Director of BFM who helped create the curriculum and run the education. This is an amazing program that can hopefully be repeated in other communities around the country!

We will also hear from Demian about amazing advancements in LA in preparation for True Mother's visit. Some incredible things have happened in SR 5 in recent weeks... you don't want to miss this update!

Ask a friend to join and we'll see you tonight!

The call starts at 9:00 PM EST, Tuesday 3/19/2019! Join the call here: zoom.us/j/507113308:
