- THE ESSENCE OF GOD -

Everyone's goal is to understand life. When, where, with whom and simply why we do things. This all leads to one source. The source of love, emotions, science, people and the universe. We don't know everything, but sure know that this all is present here for everyone. Naturally we are keen on understanding. This is what I do. In a way everyone actually. We are looking for the source, who I call **God**.

We invite everyone above 18 years old for this adventure, where you'll not only learn about the Essence of God, but also make lasting friendships with people all around Europe. The retreat will be international, and thus will be a perfect opportunity to get out of the comfort zone and truly have meaningful conversations about the most important topic of life, God. We are extremely excited to launch this project and hopefully meet you on the retreat!
