This summer there will be a workshop run in the UK for the junior HARP group age with the purpose of connecting with each other as young members of our community and to receive education as growing blessed children. We kindly invite our younger brothers and sisters for a short check-in as summer comes to an end and a new academic year begins. We aim to experience a loving and nurturing culture together where we can understand who we are as unique children of God better and remember our standards and values amongst living our daily lives. We want to invite you to kick off the new school year with God and reconnect with your peers as well as learn from elders in the community. We hope it can be a meaningful and enjoyable experience for each participant and that it can provide some spiritual food to come back home and share with family and friends.
