September 27 by the Heavenly Calendar in the 11th Year of CIG (2023.11.09.) In Cheon Jeong Gung, Korea

I have been waiting for a long time to meet you all. God's original ideal of creation was to live together with His true children in the Kingdom of Heaven on earth. However, due to the fall of the first human ancestors, God's dream has not been realized for 6,000 years.

God began the providence of restoration and after 4,000 years, sent His only begotten son, Jesus Christ, through the Israelite people. Yet, the Israelites, Judaism, the family of Zechariah, and even Mary, who gave birth to Jesus, did not understand the essence of Jesus. As a result, Jesus lost all of his environment and had no choice but to go to the cross. Before he died, he said, "I will come again," and upon returning, he spoke of holding the marriage supper of the Lamb.

Afterwards, Christianity began through the work of the Holy Spirit on the apostles. However, during the 2,000 years that followed, many mistakes were made as it became centered on human beings. Ultimately, communism emerged within the Christian foundation. In this regard, Christians have not fulfilled their responsibilities.

The Creator is the one who is the same at the beginning and the end. He must fulfill His purpose of creation on earth. However, there is a portion of responsibility that belongs to human beings. Because of this, God had no choice but to wait for 6,000 years.

According to the principles of creation, there must be both a man and a woman. One only begotten son is not enough. However, because the Israelites who drove Jesus to the cross could not fulfill their responsibilities, God could not send His only begotten daughter through them. They still had indemnity to pay. This is a fearful point.

The Israelite people, who killed the true Father, the one who could become the true parent of humankind, must pay indemnity. Thus, for 2,000 years, they wandered as a nationless people, being scattered around the world. During World War II, six million of them were massacred. But even now, the Israelites do not know why these things happened.

God must absolutely fulfill His providence. Therefore, He chose the Korean

people and, in 1943, sent the only begotten daughter. The only begotten daughter had to be born within the Christian foundation.

Christianity, over its 2,000-year history, has been centered on human beings, resulting in many mistakes, and eventually leading to the Reformation. This started with Luther and was systematized by Calvin, giving birth to Protestantism. Protestantism moved forward because pastors, elders, deacons, and church members united, entering into a new era. The representative nation of this is the United States.

I was born as a result of a spiritual group that was prepared to receive the Messiah.

The Creator gave the human ancestors a period of growth, waiting for them to grow and reach the position of completion. However, tragically, they did not reach that position and fell, becoming fallen human beings with no connection to the Creator.

The Creator made the human ancestors and gave them a period of growth. He waited for them to grow on their own and reach the position of completion. However, along the way, they fell, creating today's fallen humanity. The environment in which the Creator gave birth to the only begotten daughter after 6,000 years was this nation, which was under Japanese colonization until it was liberated in 1945. Think about it. Could a newborn baby uphold the providence? A child had to grow, so time for growth was needed.

At that time, Korea was divided between democracy in the South and communism in the North. While the communist regime in the North was perfectly prepared to invade the South, the establishment of a new government in the South was delayed. So, when the Korean War broke out in 1950, South Korea did not have a properly organized military. In desperation, they drafted everyone, including high school and college students. These were people who had never even touched a gun, yet they were sent to fight.

At that time, I was in the North. My family remained there because we believed the Messiah would come, centered on Pyongyang. However, my uncle had studied in Japan. During that time, communism emerged like a new civilization, and many people, who had been oppressed under monarchical rule, were introduced to the concept of equality promoted by communism.

My uncle thought that the idea of equality was good, but after experiencing that

society, he realized that it was actually filled with even more hierarchical structures. He then decided it wasn't for him and, instead of returning to his hometown, he joined the military in the South, and we received a telegram informing us of his decision.

Families who had soldiers in the South could not survive in the North. So, Heaven guided me to move south. Two years later, the Korean War broke out. At that time, I was 8 years old. South Korea did not have the strength to confront the North. The North was close to China and the Soviet Union, but the U.S. military was stationed far away in Okinawa, Japan.

In such a situation, Heaven needed to give me time to grow, so Heaven made a miraculous event possible where 16 nations of the United Nations joined the fight. During World War II, the Soviet Union was part of the Allied forces. If the Soviet Union had vetoed the proposal, it wouldn't have been possible, but Heaven made the Soviet Union turn a blind eye. That's how 16 nations were able to join.

Most of the soldiers from these 16 nations were under 20 years old. Even in a fallen world, they were those who had the purest blood. These pure individuals shed their blood on Korean soil to protect True Parents. Shouldn't True Parents recognize their sacrifice? Thus, True Parents, on behalf of this nation's government, comforted them.

Now, there are many blessed families, and the second and third generations are growing up healthily. One of the employees working at Cheon Jeong Gung recently became a grandparent, and their kindergarten-aged grandchild asked about True Parents. The child asked when True Mother got married and said that he was a big fan of True Mother.

So, I thought, "These descendants will create the environment for the future." It took 6,000 years to build a palace on earth where Heavenly Parent could dwell, and you know that it was through the blood, sweat, and tears of True Mother, the only begotten daughter, that this was accomplished. It took 60 years because the providence, rather than starting with the principles and laws of creation, had to take a detour.

So, when I proclaimed the Foundation Day and the establishment of Cheon Il Guk, I was alone. When a nation is founded, there are usually people with official positions and preparation committees involved. But I was alone.

That's why I said that it was like searching for a tiny needle in the middle of a

sandstorm in a desert where you couldn't even open your eyes. You've heard me say this, haven't you? Who is that tiny needle? It is a child who can become one with True Mother, the only begotten daughter.

Heavenly Parent's dream is to live a heavenly life on earth together with His true children. Due to the Fall, it took 6,000 years. The members didn't understand the essence of me, True Mother, the only begotten daughter, who had to fulfill the responsibility of True Parents. When I said, "I am the only begotten daughter," those who are 1st generations who had been around True Parents for a long time didn't understand.

The providence of Heaven must be completed and brought to a conclusion. The one who takes on that final responsibility is the only begotten daughter. The only begotten daughter proclaimed Cheon Il Guk and now, in 11 years, I said "I will offer the Cheon Il Guk Cheon Il Holy Sanctum and attend Heavenly Parent on earth."

Shouldn't all blessed families take responsibility for this? Don't we need to restore the nation and the world so that Heavenly Parent can walk freely? But do you think Korea has been restored as a nation? You see many barriers and barriers in Christianity and others and you haven't been able to focus on witnessing.

However, this nation has been a chosen people that Heaven has long selected to give birth to True Parents. What happens if this chosen people do not fulfill their responsibility? What happened to the people of Israel we saw earlier? If they fail to recognize the only begotten daughter, True Mother, who is leading the final completion of the providence, this nation will pass by and be forgotten. You must understand this. In this urgent situation, the first, second, and third generations must unite. We must speak with one voice. There are foolish people who think we can be divided. You must reveal the truth and Cheonsim(Heavenly Parent's heart). Do not hesitate to do so.

In this last era, on earth, at the center of the providence led by the only begotten daughter, True Mother, a record must be left saying, "I, so-and-so, was there." Will you do that? There is nothing to fear. Christianity is just a shell. Don't be afraid, and ask them, "When did they say the returning Messiah would come? You've been waiting for 2,000 years, has he come or not?" You need to ask this.

And what did they say the Messiah would do when he comes? If they say that he would hold the Marriage Supper of the Lamb, then the first person Christianity

must seek out is the only begotten daughter. The only begotten daughter is the one you need to meet to find the way to salvation. I hope you will reveal the truth of the providence, the truth of history, and the truth of Jesus.

Therefore, as a chosen people blessed by Heaven, Korea must fulfill its responsibility, but today's political circles are still unclear. They are dark and black. This means they are not united with True Parents. We must unite with True Parents. To do this, you must confidently meet with the political leaders and tell them that the unification of North and South Korea cannot be achieved by human power or ideology. We must move forward with Heavenly Parent.

A heavenly unified Korea will not be achieved through any methods or efforts of yours. This nation must know True Parents and know the only begotten daughter. The path forward by attending the only begotten daughter will be victorious, but if we proceed by human-centered methods, Heaven will not allow it.

Given the current global political situation, if Korea tries to unify on its own, the United States will not approve. North Korea will not either. There are also the barriers of Russia and China. The only way to overcome these obstacles is to attend Heaven.

You are blessed children. I was born as the only begotten daughter and lived through the most difficult times in history. I lived through the war, but even though I was alone, I was not lonely because Heaven was with me. That is why when it came time for the Holy Marriage, I knew it had to be me, and I stepped forward on my own.

There are probably records from the time of the Holy Marriage. I think they asked me to say a few words, and if you look at those records, you will understand. I have been consistent in every aspect since birth. I am united. Because I knew what Heavenly Parent's wish was, I endured and waited, and that is how we have come today.

Now, I want to show the people of this nation and the people of the world the peaceful and happy life in the Kingdom of Heaven on Earth, living together with Heavenly Parent. That is why I am working so hard to prepare the Cheonwon Complex. I hope you will grow well and join together with your fellow second and third generations to lead the way in national and global restoration. *

2. The 6th Spirituality Workshop Graduation Ceremony Commemorative Photograph and Address

December 31 by the Heavenly Calendar in the 11th Year of CIG (2024.01.31.) in Cheon Jeong Gung, Korea

Have you thought about how Heavenly Parent might have felt while you were doing the 40-day workshop? Do you think Heavenly Parent was pleased? was Grateful?

The Creator, Heavenly Parent, has a dream to live together with the perfected human ancestors and true children in the kingdom of heaven on earth and then move together to the eternal world. However, the fall of Adam and Eve, who were supposed to be the first human ancestors, placed Heavenly Parent in a lonely and difficult position.

Because the Creator is all-knowing and omnipotent and begins and ends the same, to realize the ideal of creation, Heavenly Parent had to find human ancestors who could fulfill their responsibilities. Unable to avoid embarking on the providence of restoration, Heavenly Parent chose the Israelites as the chosen people and worked for 4,000 years to send the only begotten Son, Jesus Christ, whom Heaven could face.

But what happened? The principle of creation requires both a man and a woman, so a man alone cannot carry out the providence. However, Mary, who was supposed to support Jesus, failed in her responsibility. The Jewish religion and the people of Israel also failed, and Jesus was driven to the cross. On the cross, Jesus said, "I will return," and upon returning, he promised to hold the Marriage Supper of the Lamb.

Christianity was born out of the work of the Holy Spirit through the resurrected apostles. But they did not understand the essence of Jesus, nor did they know the essence of the Creator. They simply believed that faith in Jesus would grant them entry into Heaven. As Christianity descended into human-centeredness, many mistakes were made, leading to the Protestant Reformation. As the time approached for Heaven to complete the providence, a new democratic nation was born where one king or one person does not rule, avoiding the repetition of past events like those during Jesus' time. That nation is America.

But how could the ideology of communism, which claims that "God is dead," emerge in a world dominated by Christian culture? The Second World War can be seen as a struggle between democracy and communism. Heaven could not send

the only begotten Daughter because there was still indemnity to be paid by the people of Israel who had crucified Jesus.

The only begotten Daughter is born directly by Heaven through a new nation. This is something we all know. Heaven blessed the Korean Peninsula. Therefore, in 1943, the only begotten Daughter was born. This only begotten Daughter had to be born through the foundation of Christianity. It is through her that the Second Coming of Christ, who promised to return, can fulfill His mission.

Did you study the providence diligently? In this Cheon Il Guk era, the focus is not on the Divine Principle lectures, but on True Parents. You must know True Parents. Heaven has been waiting for 6,000 years. Although Heaven carried out the providence of restoration and raised central figures, Heaven was lonely.

For 6,000 years, through day and night, Heaven waited, wondering where the children who would be with Heaven could be found. Through the victory of True Parents, blessed families were born. The environment in which Heavenly Parent originally dreamed of living in the earthly kingdom with True Parents—has that environment been established by True Parents or not?

However, the world does not know True Parents, and most people are unaware of Heaven's providence. The 8 billion people in the world, even those in the Christian realm, do not know. Only the blessed families of the Family Federation who have received the blessing through True Parents know the situation of Heavenly Parent. In 2023, True Parents established the victorious foundation on earth, and the temple where Heavenly Parent can dwell in was dedicated. Next year, Heavenly Parent will enter and directly govern the earth, but when thinking about the world's 8 billion people, our numbers are too few.

So, what must we do? We must inform them. We must do witnessing. We must restore the nation. We must restore the world. You must take the lead courageously in restoring the nation and the world, saving the 8 billion people with spirit and truth. This way, you can report your evangelistic accomplishments to True Parents daily, ensuring that Heavenly Parent is no longer lonely. Will you do that? Thank you. *

3. The 8th and 9th Hoyjeong Cheonshim Cheonbo Spirituality 40 Day Workshop at True Parents' Special Meeting

June 22 by the Heavenly Calendar in the 12th Year of CIG (2024.07.27.) in Cheon Jeong Gung, Korea

I enjoyed listening to your Song Performance. What's so different about it? Today, you are truly happy children, aren't you? The dream of the Creator, Heavenly Parent, is to meet true children on earth through True Parents. Heavenly Parent wanted to live a life in the Kingdom of Heaven on Earth. However, because Adam and Eve, who were supposed to become the human ancestors, committed a human fall, human history has come down with sorrow, pain, and countless untold stories. In the end, Heavenly Parent's wish was to find one man and one woman among fallen humanity on earth and work to make them True Parents.

But the history of providence of restoration was so difficult. In the course of Heaven's providence of restoration to save fallen humanity, He chose Israel as the chosen people and through the long period of 4,000 years, finally gave birth to Jesus Christ, whom he could finally call "My Son", the only begotten son. But Mary, who gave birth to him, Zechariah's family, Jewish, and the people of Israel did not recognize Jesus. According to the principle of creation, the only begotten son, a man alone, is not enough. A woman is needed. But it didn't happen that way. So Jesus had no choice but to go to the cross, and in the 2,000-year history of Christianity that promised to come again, he said he would hold the marriage supper of the Lamb when he returns, but the 2,000-year history of Christianity didn't know this well. Because he said he would "come again," they just waited for that. Christianity didn't know what they needed to prepare to receive the Messiah. However, the providence of heaven must be completed. Hence, Heaven could not send the only begotten daughter through the Israelites who failed their responsibility. Therefore, Heaven chose a new chosen people, and among them, through a Christian background, the only begotten daughter was born in 1943.

At that time, Korea's situation was difficult. It was under Japanese colonization, and in 1945, as World War II ended, Korea was divided into North and South. Into democracy and communism. But here, Heaven had to give time for the growth period for the only begotten daughter, whom He had given birth to. But I was born in 1943, liberation of Korea came in 1945, and the Korean War broke out in 1950. How could 16 UN countries participate in the Korean war in such a small country? This is a miraculous heavenly grace. But at that time, this nation didn't know that. Heaven had to give time for the only begotten daughter to grow, to reach a position where she could take responsibility for the providence on her own. Until I decided on my own that I would do it. So I said I would do it, and in

1960, True Parents were born.

You are the 2nd and 3rd generation born through your parents by True Parents, right? You are True Parents' direct children. Do you understand? Because you were born in a position unrelated to the Human Fall, your parents are True Parents. Your parents must have educated and raised you that way. Right? Yes, I love the 1st, 2nd, 3rd, and 4th generations forever. You are very happy children. Why? Because through the only begotten daughter, True Mother, there will be an Entrance Ceremony for Cheon Won Gung Cheon Il sanctum in 2025, creating an environment where we can attend Heavenly Parent on earth. It means that the Creator, Heavenly Parent, will substantially work together with True Parents on earth. But blessed families, you have a responsibility. At this time that all of humanity has longed and waited for over 6,000 years, you have been placed in the position of receiving the Blessing as 2nd and 3rd generation through True Parents, but Heavenly Parent and True Parents' dream is for humanity to be one family. Isn't that right? We can't help but think about the 8 billion people of humanity. But at this point when we can gloriously attend Heavenly Parent, I genuinely feel deep Apology to Heavenly Parent that a national foundation has not been completed in Korea, especially Korea which should become the central nation of providence. But in these 8 months, to become a Korean church that can make a victorious report that we really did our best until now, I have newly appointed a National president of FFWPU Korea today. President Hwang Bo-guk. The rest of the time is me taking pictures with you, right? Then President Hwang Bo-guk should come next to me too.

4. Special Meeting for New European Leaders with True Mother

April 11 by the Heavenly Calendar in the 12th Year of CIG (2024.05.18.) in Mandarin Hotel, Munich, Germany

How do I look? Am I beautiful? How old do I look? "25 years old." Thank you for seeing me that way. I wanted to see you all.

The history of Unification Church's missionary work spans over 50 years. In 1975, centered on the United States, European and Japanese leaders went on world missions. Especially before that, European and Japanese leaders worked in the United States to restore it. Among them, your elder, senior members like Paul Werner, Reiner Vincenz, and Martin Porter, worked very hard to restore all 50 states in the U.S. They knew that restoring America was Heaven's providence for restoring the world, so they did their utmost.

Heavenly Parent, the Creator God, is the Parents of all humankind. Heavenly parent created all things in pairs according to heavenly parent's image and finally created the ancestors of humankind, a man and a woman, and gave them responsibility. And Heavenly Parent has been waiting for humanity to grow on their own and reach the position of completion.

However, unfortunately, they did not reach that position and fell, becoming fallen human beings unrelated to the Creator. But the Creator is the same from beginning to end; there can be no failure. Therefore, Heavenly parent had to walk a laborious path. This is the history of the providence of restoration through indemnity and salvation. That's why Heaven established Israel as the chosen people and carried out the providence of restoration through indemnity, raising central figures from the individual to the family, clan, ethnic group, and national levels. How difficult must it have been for it to take 4,000 years? After 4,000 years, Heavenly parent could finally give birth to Jesus Christ, the only begotten son Heavenly parent could call "My son".

However, Mary, who conceived Jesus by the Holy Spirit, and the families of Zechariah and the Jewish people, did not recognize Jesus, despite their long-awaited prayers for the Messiah to come. In the Bible, there is a conversation between Mary and Jesus. When you read it, you can see that Mary didn't know Jesus's essence at all. Thus, she became the woman who drove Jesus to the cross. You need to know this. She created the circumstance that made it inevitable for Jesus to go to the cross.

However, Christianity started with the apostles through the resurrection of the Holy Spirit after Jesus' crucifixion. Take Paul, for example. How did he, who had been persecuting Christians, change after meeting Jesus? He became the Apostle Paul, and there are records of him preaching from the Middle East to the southernmost part of Greece. Did he walk or ride a horse from the Middle East to southern Greece? There were no cars then. He probably couldn't afford to ride a horse either. So his name appears in the Bible as a result of his earnest efforts to testify about Jesus with all his might.

Why do I tell this story? It's because fallen humankind cannot meet Heavenly Parent or go to Heaven without meeting True Parents. However, today's Christianity says you can go to Heaven if you believe. Christianity says if you believe, you go to Heaven. Not a single Christian has gone to Heaven by believing.

According to the principle of creation, the gates of Heaven can only open when victorious human ancestors appear. Jesus said he would come again as he was dying on the cross, and that when he returns, there would be the marriage supper

of the Lamb. However, today's 2,000-year history of Christianity doesn't know Jesus' essence. The Catholic Church was launched centered on humans, and from within the Catholic Church came communism, which claimed that God is dead. And Protestantism emerged, saying we shouldn't believe as the Catholic Church does.

Looking at today's reality, why do conflicts and wars between religions continue? There is no hope for the future. Heaven must see the completion of the providence. Heaven received Heaven's only begotten Son, saying, "He is my Son," but the only begotten son cannot give life on his own. There must be the birth of the only begotten daughter. However, God could not send the only begotten daughter through the failed Israelite nation. God understands the essence of fallen humanity, so He prepared in advance. For 5,000 years of the 6,000-year providence, Heaven chose the Korean people. And in 1943, the only begotten daughter was born on the Korean Peninsula. There are many reasons why I can call myself the only begotten daughter. The only begotten daughter is born through the Christian foundation.

As Catholicism came down making many mistakes and errors, Luther started the Reformation, right? And through Calvin, it was established, and specifically, Protestantism emerged. That led to the establishment of America as a democratic nation. That's why America's responsibility is important. America shouldn't be a nation just for America, but should work for the world together with the True Parents.

That's why, as the True Parents, we invested our whole heart and soul for 40 years in America, hoping that America would stand in a position to take responsibility. Many European leaders participated in that. Your elder brothers suffered a lot. During the 50-year history of the Unification Church, especially when communism was progressing in Europe, many blessed families of the Unification Church shed blood and sweat. One of those was "mission Butterfly", remember?

The Christian cultural area should play a central role in Heaven's providence, but until now, it has been opposing. Now, all religions, especially Christianity, are at their end. They've reached the terminus. Both Catholicism and Protestantism are at their end. They haven't seen the conclusion. If they want to see the conclusion, they need to get off and learn anew who the Creator is and who Jesus is.

Now, the history of the Unification Church is approaching 70 years, but if the

only begotten daughter had been revealed then, Christianity would have had no reason to oppose us. Isn't that right? Christianity couldn't call us heretics. After all, Christianity can only meet the returning Messiah by meeting the only begotten daughter. They need to know that the only begotten daughter is the central essence of Christianity.

The reason I came to Europe this time was to see the "Epic of Slovenia". I wanted to see how a painter captured the history of the Slavic people, who endured invasions and persecutions, struggling with political and religious issues, in twenty panels. I could see the joys and sorrows of the Slavic people and their history at a glance. It was expressed very realistically. Moreover, I saw this person not just as a painter but as someone who had three-dimensional spiritual experiences. Moreover, the fact that this work could be preserved through World War I and II was largely due to the efforts of his child, his daughter.

Did you hear the news that the Prime Minister of the Czech Republic was attacked? (It's Slovakia) Oh, Slovakia? They say the attacker did it to prevent getting closer to Russia. Europeans have an underlying thought that communism won't work after experiencing World War I and II.

I heard that there are missionaries in all 56 countries in Europe. Is that right? (Yes) Are the leaders here? Are they here or not? (Yes) I don't know how many years you've worked, but are there more than 100 blessed families representing each country? (No) That's shameful. As I've been observing European history, I wonder how the Ottoman Empire was able to absorb the Christian realm and expand its influence throughout Europe and even to Africa? They expanded their influence far beyond the Christian environment. It was the effort and hard work of one central figure, a leader, that produced such results. It wasn't just about believing in Islam; they embraced all religions. That's why they could expand their territory.

However, Christianity insisted on only Christianity, so it couldn't leave any significant achievements in Christian history. Catholicism, without knowing the true nature of Jesus, says only Catholics can go to heaven, and Protestantism says only those who believe in them can go to heaven. Christianity, which doesn't know the essence of the Creator and Jesus, cannot prosper. It has reached a dead end.

But now, do you know or not know about the True Parents' providence? If you know about the True Parents' providence, why can't you restore nations through understanding the essence of Jesus and the Creator? What's lacking? I told you to go out with spirit and truth. That's why I established CheonShim Won. You need

to be able to experience the spiritual realm. You must understand why True Parents are needed in this era. Creating a world of peace without wars and conflicts between religions, one world, a world of one family of humankind can only be achieved when True Parents are absolutely at the center.

Even in Europe, all churches have very few young people. And even those few young people have individualistic tendencies and do not intend to establish families, preferring to live alone. If the situation of despair comes, Europe has no future. Every nation has its strengths and weaknesses, big or small. You are the ones who should adjust, correct, and teach them, so why aren't you doing that? Do you still think the Christian cultural area is a high barrier? Why don't you have confidence?

True Parents have opened a new era and new history. We have opened the era of Cheon Il Guk. It has now been 12 years since Cheon Il Guk was proclaimed. The responsibility of True Parents is to live on earth with Heavenly Parent, to open a life of Kingdom of heaven on earth. To do that, you must create a holy temple where Heavenly Parent can be attended. I alone have dedicated Cheon Won Gung Cheon Il sanctum after 12 years, and will be entering it next year.

It's the first time in the history of humankind and providence. "The Israelites built Solomon's Temple, but neither Heavenly Parent nor True Parents were there. Only Cheon Won Gung is the place where both True Parents and Heavenly Parent dwell together. Although a massive construction cost was required for Cheon Won Gung, I took care of it all. What you contributed is less than one percent, not even a thousandth."

The clear fact is that you are 'fortunate.' Who is it because of? It's because of True Parents, the Only Begotten Daughter, True Mother, that you are in the position of fortune. The crucial point is how much loyalty and filial piety you have shown as children during the time I am on earth. How much have you fulfilled the high expectations of Heaven, and have you taken responsibility? What did I tell you? I told you to become an honorable family line that continues its loyalty through generations. The reason I came here is that I felt pity knowing that most of the descendants of the elders who worked hard in the early days are no longer here.

This is the golden age that could be both the first and last. During the time I am on earth, the fruits you bear will determine whether you will be praised by future generations. "Our parents worked hard with the Only Begotten Daughter True Mother to restore the nation and the world." This is the last chance to

receive such an honorable praise. The Unification Church, Family Federation, will expand eternally in the future. But the problem is now. It is now that I am on earth. At this time, what matters is how you present yourselves. You need to recognize that you are in the happiest, honorable, and proud position.

The Blessed families of the 2nd and 3rd generations, whose children are they? I said they are Pure Water. The essence of Pure Water is the Only Begotten Daughter True Mother. Do you understand? Because of True Mother, Pure Water's 2nd and 3rd generations have emerged. Therefore, the Blessed Children must unite with the Wang Omma and move forward. Do you understand? Are there any 2nd generation leaders here? Your responsibility is important.

You must say, "I will fulfill Heavenly Parent's dream, Wang Omma's dream." This is your responsibility. Will you do so? Your current accomplishments are not enough. With one year remaining until the attend in Cheon Won Gung, you must work diligently, even sacrificing sleep, to achieve restoration of nation. Do you understand? You cannot just say "yes" and behave as you have in the past. Now you must make a determination. I came to punish you but saw possibility, so I will give you carrot. I hope you will help create a Europe that is not dying but being revived.*

6. Bloom! Pentecost Service with True Mother

April 12 by the Heavenly Calendar in the 12th Year of CIG (2024.05.19.) at Munich, Germany

What day is today? Who do you see on this stage? (Wang Omma) Jesus Christ and the substantial Holy Spirit, the Only Begotten Daughter, Wang Omma, have come. (Applause)

I came here because of Jesus' wish. Jesus, who had no choice but to go to the cross, said he would come again. Christianity started with the apostles through the resurrection of the Holy Spirit on Pentecost, right?

Unfortunately, Christianity didn't know Jesus' true nature for 2,000 years. After Jesus' crucifixion, while being persecuted by the Roman Empire, Christianity was officially recognized after 300 years and spread from the Italian peninsula to the European continent and the world. Jesus said to love your neighbor as yourself. However, because they didn't know Jesus' true nature, historical facts reveal that they caused harm to many countries with selfish thoughts.

Originally, the Creator said He created all things in heaven and earth in His image. Following His image, He created the mineral world with plus and minus, the plant and animal worlds with male and female, stamen and pistil, and lastly, He created a man and a woman to become human ancestors. He gave humans responsibility. He waited for them to grow on their own to the position of perfection through a growth period.

However, looking at today's world, it's the result of the Fall. Throughout the 6,000 years of human history, we haven't seen a single day of a peaceful world, only war and conflict. Moreover, even religions cannot unite. Looking at the recent Middle East situation, it's a religious war.

Even Christianity is like that. It started as Catholicism, but due to many mistakes, the Reformation occurred, and Protestantism emerged. Protestantism also has several denominations. If the returning Messiah comes, where do you think he would go? They are all waiting for the Messiah.

Looking at today's world situation, there's no light of hope shining for the future. However, the Creator is eternal. He is the same from beginning to end. Since He started, He must accomplish it. He must see its completion. That's why He couldn't leave fallen humanity alone and started the history of the providence of restoration through indemnity and salvation.

He chose Israel as the chosen people and developed the providence by establishing central figures in the process from individual to family, clan, ethnic group, and nation. How difficult and hard must that time have been for it to take 4,000 years? So He sent Jesus Christ, the only begotten son He could call "My son", but Mary, who conceived Jesus Christ, cannot be said to have fulfilled her responsibility. She didn't know Jesus' true nature.

Jesus came to save fallen humanity. But the only begotten son alone is not enough. The principle of creation is man and woman. Then Mary should have devoted herself to Jesus and created an environment for him, but she did the opposite. In the Bible, there are several instances of trouble between Jesus and Mary.

Eventually, it resulted in Jesus being driven to the cross. So Jesus said he would come again, and when he returns, there would be the marriage supper of the Lamb. But why couldn't Christianity think about the marriage supper of the Lamb? To have a feast, there needs to be a counterpart. Why couldn't Christianity think of that? For the returning Messiah to come, Heaven chose a people who could give birth to the Only Begotten Daughter, who didn't appear 2,000 years ago, and in the process, the Only Begotten Daughter was born in 1943. (Applause)

You don't know how much Heaven has toiled for this moment. Christianity, which doesn't know Jesus' true nature, both Catholicism and Protestantism, don't know that Jesus' dream, Jesus' wish was to become the True Parents. To become True Parents, he must meet the Only Begotten Daughter. The Only Begotten Daughter is born by Heaven. You need to know this. The appearance of the Only Begotten Daughter comes through the Christian background. Only then can we see the completion of the Christian providence centered on Jesus. Do you understand? The European continent, which initially went out for world missions for Jesus, cannot be said to have fulfilled its responsibility, and now it's fading.

However, to fulfill Jesus' dream, the birth of True Parents must be realized. Moreover, for the past 2,000 years, Christians spread throughout the world with a Christian faith background, knowing Jesus' true nature, waiting for the manifestation of True Parents, and devoting themselves to meet True Parents. Just like the Pentecost 2,000 years ago, all Christians should experience the resurrection of the Holy Spirit, have their ears opened, eyes opened, and be able to see correctly Heaven's providence and Jesus' true nature. To create such an environment, the substantial Holy Spirit, the Only Begotten Daughter, has come to Europe. (Applause)

There's a verse in the Bible that says, "The first will be last, and the last will be first," but in this era of the Only Begotten Daughter, if you become one with the Only Begotten Daughter, the result is completion. (Applause) I told you, the 2nd, 3rd, and 4th generations born through the Blessing received through True Parents, that you are pure water, right? Your mother is Wang Omma. (Applause) Wang Omma is making history by directly attending Heavenly Parent and realizing the dream of one human family on earth. (Applause)

Then, you who are pure water should become central figures in realizing the Kingdom of Heaven on earth where you can attend Heavenly Parent in your home, in your family, in your church, in your country, as Wang Omma is unfolding national restoration and world restoration. (Applause) Will you do that? (Yes) Thank you.

While I'm on earth, if you become 100%, 120% one with me and achieve the completion of the providence, not only will you become great central figures in history for eternity, but through your families, prestigious families will be born. (Applause)

You know well the history of Paul, especially how he went from persecuting believers in Jesus to doing a 180-degree turn and preaching after encountering Jesus, right? How did he walk from the Middle East to the southern tip of Greece? What did he ride? He must have endured indescribable suffering. But as a result of his earnest preaching to keep the promise he received from Jesus, his name is recorded in the Bible, right?

Remember that this is a golden age where your achievements, having been with True Parents, the Only Begotten Daughter, the Mother of Peace, Wang Omma in the era of Cheon Il Guk, can shine forever and ever. (Yes, applause)

The missionary history in Europe has surpassed 50 years, and there are more than 56 countries, but not a single country has been restored. Do you have face before Heaven or not? (We don't) You have no face, right? Therefore, next year, centering on the dedication ceremony of Cheon Won Gung Cheon Il Sanctuary, where we will directly attend Heavenly Parent on earth, you, as young leaders of the 2nd and 3rd generations of Europe, should all accomplish national restoration to show Heavenly Parent. (Applause)

Now, boldly proclaim the truth of the providence, the essence of the Creator, the essence of Jesus - True Parents. True Parents! Before it's too late, I hope you do your best to make the European continent one that can participate in the True

Parents' providence. (Applause)

Swear before Heaven and Earth. (Aju. Applause)

I'm glad to see you, I missed you. But I'm Wang Omma who wants to see even more children. You understand, right? I hope you do your best. (Yes, thank you)

7. Europe Pentecost Assembly Victory Celebration

April 13 by the Heavenly Calendar in the 12th Year of CIG (2024.05.20.) at Munich, Germany

Since President Ootsuka of UPF has been sent to Japan, I plan to assign different tasks to Chairman Balkcom. There are six continental presidents, so they should take the lead in national restoration and bringing back members, while Chairman Balkcom focuses on the larger umbrella organizations we have established, such as Peace Ambassadors, the Interreligious Association, and UPF, to identify righteous individuals across the European continent who can help restore the nations. Since this is difficult to do alone, I hope Jack Marion will continue to fulfill his current responsibilities diligently, and together with Marion and Mark Brann, they can achieve substantial results in restoring the countries of Europe.

I heard that Mark Brann has a connection with Barozwa related to the Sunhak Peace Prize. Is that relationship still well-maintained? Since that person favors the Family Federation movement, try to bring them into the Blessing.

I also have something to give to Jack Marion. Mark Brann and Linda are women I have had an interest in since my time in America. I hope they will recover their health quickly.

Yesterday, I received news that a second-generation Blessed Family in Ukraine got injured. Therefore, I will provide €12,000 for their treatment. The injured individual will no longer be able to serve in the military, so guide him to become a leader. The country will assist with his treatment. After his recovery, he must grow as a second-generation Blessed Family leader in Ukraine.

This is a great miracle. Heaven allowed this hardship to shape him into a central figure, a great person in Ukraine, and Heavenly Parent has now provided the grace to overcome it. Isn't that right?

Although our meeting is short, I would like to continue talking if there are

people who wish to talk. Europe is now ready to receive True Mother, the Only Begotten Daughter. Therefore, you must reveal the truth. You need to proclaim it and let others know.

Yesterday, we talked about the Apostle Paul. You must show this through your actions. You must practice and evangelize. But in order to do so, you need content. You need to let others know. Do you understand?

I will return to Korea, but I ask the leaders here, especially those responsible for Korea, Japanese members, and others living here, to unite as one and work diligently with sincerity and pray to restore Europe as a nation. All must unite towards one goal. After receiving the Blessing and living in this country for many decades, you must strive not to remain alone but to become a person who will leave a lasting impact.

You must study Korean. Young people can study. Until now, English has been the world's common language because of the dominance of Christianity. However, the language of Cheon Il Guk is Korean. Do you understand? So, you must study it. And you must also teach it to the second, third, and fourth generations from an early age.

Yesterday, after the meeting, fourth generation Moon Jung-ah came to me after the event and sang "Congratulations on your victory" while lighting candles on a cake and said, "I want to see Wang Omma." This was a child who wasn't even two years old. If your third and fourth generation children grow up in such a heartistic environment and unite with me, what will happen? It is the beautiful filial child of Cheon Il Guk. These children are pure water, far removed from the Fall. That is how you should raise your children.

I heard that Jung-ah watched the entire event yesterday. She clapped her hands and was very happy to see other Blessed Children and her uncle participating. This is the world of heart. When watching the video, she said, "I miss Wang Omma" and started to cry.

The time has come for Heavenly Parent to be with us on earth. When you show such acting cute, wouldn't it bring joy and happiness to Heavenly Parent? Heavenly Parent has waited for 6,000 years. Therefore, I ask you to educate the second, third, and fourth generation Blessed Children to bring joy to Heavenly Parent. *

8. Special Meeting for Heavenly Europe and Middle Eastern Youth

July 17 by the Heavenly Calendar in the 11th Year of CIG (2023.09.01.) at HJ Heaven and Earth CheonBo Training Center, Korea

I have wanted so much to see you. What is the most loved, appreciated, and precious word in human history, by men and women, young and old alike? “True Parents” is a term that comes from providential history, but in general that word is “Mommy.” Mom. The most precious being, the mother, has been hidden in history.

Since the fall of Adam and Eve, history has been dominated by men. Because of this, fighting and war have continued, and the many conflicts between religions have made it impossible for them to become one. This teaches us that men cannot create peace by themselves.

When you look at the Principle of Creation, the Creator created man and woman in the divine image. God gave human beings a period of time to grow and waited for them to reach the point of having perfected their character. On that path, however, they violated the commandment and were cast out of Eden. This was the beginning point of present-day humanity. The omniscient and omnipotent Creator cannot know failure. If God begins something, there must be a result. This is why Heaven had no choice but to begin the providence of restoration, of salvation, through indemnity to restore humanity to its original state.

Many nations have emerged since then. Heaven chose the nation of Israel to carry out the providence of salvation and restoration through indemnity. It took four thousand years; how difficult it must have been! The providence of the True Parents, to find one lost man and woman unfolded through the people of Israel. After four thousand years, Heaven brought about the birth of Jesus Christ, the only begotten Son, of whom Heaven could claim “This is my Son.” However, Mary, who gave birth to Jesus, the family of Zacharias, the religious leaders and the people of Israel did not know the original essence of Jesus. The people of Israel and Mary were meant prepare the environment for Jesus, but were unable to fulfill that responsibility. Thus Jesus had no place to stand and went to the cross. Yet he said, “I will come again.”

The two-thousand-year history of Christianity began with people waiting for Jesus, who had told them that he would return. I often use the example of the Apostle Paul. He went around arresting Christians, people who believed in Jesus. Near Damascus, he received Jesus’ call. So began his life as an evangelist, which is recorded in the Bible’s Acts of the Apostles.

Paul even preached in the Greek city of Corinth. When you look at the history of Greece, they built many temples, most of them on the top of mountains. Theirs is a history of people who felt so close to Heaven that regardless of their difficult circumstances and being cut off from the world, they were willing to devote their efforts to the last moment to protect their temples. Despite the human race being fallen, people's original mind inclines toward Heaven. Their efforts in religious life reflect their desire to go to a place close to Heaven, a place where Heaven can remember them.

The problem remains, however, that Christianity to this day doesn't know the original essence of Jesus. Moreover, it does not understand the original essence of the Creator. Because Jesus died on the cross and said, "I will come again," they are waiting, yet in uncertainty. In Revelation, Jesus clearly said that he would come again and hold the Marriage Supper of the Lamb.

Protestant Christianity originated from Catholicism. In a position of not understanding the providence, Christianity resorted to humanistic ideas and adapted its organization accordingly. How did the communist worldview that "God is dead" emerge from the Christian world that believes in God? Over time, the Catholic church made many errors due to their ignorance of the providence and through humanistic thinking. As a result, the Reformation occurred. It started with Luther and was consolidated by Calvin. Calvin's argument was that pastors, elders, deacons and believers should unite to serve God. Development was thus inevitable.

The Puritan movement also arose in the course of European Christian history. In order to attend God freely, they set out for the New World. That was the motivation for the Puritan immigration to America. After they arrived in the New World, the first thing they built was a chapel where they could worship God. Then they built a school to educate future generations. And last they built houses for themselves. Despite there being indigenous peoples in America, Heaven supported the Puritans who practiced their faith through such measures.

At that specific time, for the completion of the providence, God created the United States as an environment where the returning Messiah could come and carry out his work. Until then, many countries in Europe were monarchies and feudal societies. People there could not properly attend Heaven. That is why instead of a policy giving all control to one monarch, democracy for the people came about.

When the Messiah said that he would come again through Christianity and hold

the Marriage Supper of the Lamb, he meant that he would find the lost True Parents. The True Parents. Fallen people cannot go directly in front of God. They can do so only by being blessed and reborn through the True Parents.

With regard to the coming of True Parents, the only begotten Daughter, who was to become the True Mother, could not come through the nation of Israel—the nation where Jesus, who was to become the True Father, lost his life. We know well about the suffering its people endured in history: for two thousand years the people of Israel wandered without a nation.

The dream of the Creator, Heavenly Parent, is to live in the kingdom of heaven on earth with True Parents and their children. God wants to live with True Parents and then dwell with them in the eternal world. As this is the Creator's dream and wish, Heaven found and established a new people among whom True Parents could be born, and this is the Korean people.

Calvin established his ideology in 1543 with the Reformation. The only begotten Daughter was born in 1943, and came from a Christian background. That was 400 years after the Reformation. At that time, however, Korea was under Japanese colonial rule. After Korea's liberation in 1945, the Korean Peninsula was divided into North and South, one side communist and the other a democracy. What you need to know here are the God's principles of creation. God needed to give the only begotten Daughter a period in which to safely grow, a time to mature.

At that time, in and around Pyongyang, Christianity was actively developing through the spirit and the truth. So I was in North Korea when people were believing that the Messiah would come to Pyongyang. Then we heard that my maternal uncle, who had studied abroad in Japan, had not returned to his hometown [in North Korea] but had joined the South Korean army. In such a situation, if my family—who were practicing their faith—had remained in North Korea, they would have been executed. That is why Heaven led us to go to the South. Looking at the situation at that time, South Korea was lacking in so many ways, including in the ability of its military to deal with North Korea. Yet North Korea was fully prepared to invade South Korea with the support of the Soviet Union and even involving China.

Speaking of Father at that time, he was called by Jesus at the age of 16. Jesus asked him to fulfill what he had not been able to fulfill on earth. What was it that Jesus could not accomplish? He could not attain the position of True Parent. Then Father's mission is that of the Messiah at the Second Coming. He is the returning Messiah. The returning Messiah can complete his responsibility only by meeting

the only begotten Daughter that Heaven has brought into the world.

After all, Heaven had to keep the only begotten Daughter safe until she could make decisions according to her own will. As a result, 16 UN member states participated in the war, and that was something no one could have expected at that time. This was Heaven's work. During World War II, since the Soviet Union had fought together [with the allied countries], Heaven shut the eyes of the Soviet Union for a moment and mobilized 16 nations to protect democracy in the South. Most of the young people who participated at that time and shed their pure blood were not even 20 years old. For whom did they do this? You should know that they shed their pure blood for the advent of the True Parents, which was the hope of humankind and our Heavenly Parent.

As I therefore knew that Heaven could wait no longer, in 1960 I had to make my determination and assume the position of True Parent. Even so, it was men who took the main roles in the early history of the Unification Church. Why did the Unification Church become an object of Christian persecution? Why did Christians persecute the Unification Church as a heresy when they should have been able to welcome and accept True Parents?

Considering the fundamental nature of our Creator and Jesus' hopes, the way for humankind to become one is not only through a man; there must be a woman, the only begotten Daughter, a mother. Would the Unification Church have been persecuted if the mother had taken a prominent position? Jesus' desire was to establish the True Parents through the Marriage Supper of the Lamb. Earlier, the MC mentioned the name "Wang-Omma" ("Grand Mom"). It has taken sixty years for the story of the "Grand Mom" to come out.

This is now the era of Cheon Il Guk. How did Cheon Il Guk begin? It was True Mother, the only begotten Daughter, who proclaimed Cheon Il Guk on Foundation Day. The 53-year wilderness journey was too long. So, I had to show that this is the form of heaven on earth that our Creator, Heavenly Parent, dreamed of. In many ways, the conventions of this world serve as obstacles to the work of providence. Still, I had to show this.

Therefore, I began this providence from Africa, which has the most painful story. I am not talking about the Christian world, but the Muslim world. When I went there and we held a Summit and Blessing Ceremony, I said, "I am the only begotten Daughter." Then the Muslim leaders said, "We welcome the only begotten Daughter. We don't know about the Messiah, but we need the only begotten Daughter." And it started from there, in Senegal.

Black people were persecuted a lot in Christendom. Christian white people captured the black people in various African countries and sold them as slaves. At that time, Africans that had been captured were held on one island, Gorée Island. So I went to Gorée Island and held a liberation for them. During that time I mentioned the following:

After the Fall, it was difficult for one faith to spread throughout our wide world. Therefore, Heaven allowed each region to have a suitable religion to guide it toward goodness. The original purpose of religion is one, but neither the founders of religions nor those who have believed in them until now know its original essence. What they need to find is the True Parents. They need to know where True Parents emerged from. The works of Heaven to prepare for the advent of True Parents were many.

India's poet Tagore came to Japan when Korea was under Japanese colonial rule, but he could not come to Korea. Looking across the ocean to Korea, he recited a poem. In the lines "And that lamp is waiting to be lit once again for the illumination of the East,"[1] what is the meaning of the lamp? It is the words of truth, the words that come from True Parents. I don't know if Tagore knew 100 percent, but he was one who prophesied that True Parents would appear in Korea. There are many such historical writings.

The way for all religions to become one is to find humankind's parents, the True Parents. Religion has progressed under the domination of men, and so has politics, but what we need to find in religion is a mother figure, Grand Mom. Once you meet Grand Mom, everything will be solved. Grand Mom is a unique person. I have become Grand Mom to the second, third and fourth generations. I am also Grand Mom to Moon Shin-chul, Moon Shin-heung, and the UPA cadets here. You must become one with your Mom. You must become one with me and change the world!

This is now the Cheon Il Guk era. The course of the wilderness era is in the past. We must create a new history and new culture in a new era, and I have been creating these in various ways. One has to do with the Blessing. In the Cheon Il Guk era all of humankind will have one Blessing culture: "A wedding ring or an accessory should look like this." This is about making sure we have gathered all that we need to start a new era and a new history.

In the past, during the wilderness course, our first-generation members from all over the world worked very hard. Especially in 1975, when we sent out

missionaries to the world, not only American members but also many European[2] members were mobilized. As they have gotten older, some have gone to the spirit world, but many are still with us. I would like to preserve a record of those members who worked for the providence in unity with True Parents.

So, in dedicating Cheonwon Gung and the Cheon Il Sanctum, where people can attend Heavenly Parent on earth, I said with pride, “I will build the HanJu HyoDongWon (Hanju Hall of Filial Service and Character) to remember those who labored throughout providential history. I will remember them forever.” We are creating a place that keeps that record.

If your parents have remained united with me until now and supported God’s providence, their names will be in the HanJu HyoDongWon. Do you understand? It means that there will forever be a record of your parents that says that this person played a role in the core work of the providence, and that this is what he or she did.

Meanwhile, I am now raising up the central figures of the future providence, focusing on the third generation. The Creator gave birth to Adam and Eve, but they failed to perfect their character and fell, and God cast them out of Eden. This means that even those from True Parents’ family, True Parents’ sons and daughters, cannot stand at the center of providence unless they are united with True Mother, the only begotten Daughter.

It is the only begotten Daughter who brings the providence to completion. It is completed through the only begotten Daughter, True Mother, Grand Mom. However, a child who says he does not know the Grand Mom is not my child. Therefore, you must know that I am carrying out providential work through the descendants of Heung-jin and Hyo-jin, who went to the spirit world from the True Family and who established their four-position foundation. I want you to know that True Parents are forever one, and Grand Mom is also forever one.

9. Peace Starts with Me VIENNA 2018

March 14 by the Heavenly Calendar in the 6th Year of CIG (2023.04.29.) at Wiener Stadthalle, Vienna, Austria,

Respected distinguished guests, religious leaders, and Peace ambassadors from all around the world who came here for this day –especially Peace ambassadors and Family Federation members who made the long trip, traveling thirty hours from Russia to be here today– ladies and gentlemen, religious figures and leaders

representing Heavenly Africa who came here to the Heavenly Continent of Europe, thank you.

How can we live in a peaceful and happy world? Today we take great pains to think about what we can do to live in a peaceful and happy world. However, the things occurring around us make us anxious about the future. I see the European region especially as a region that Heaven has prepared. As Jesus Christ went the way of the cross, he prophesized that he would return. Christianity began by the Apostles that resurrected through the works of the Holy Spirit as they waited for the Messiah to return.

Christians received unspeakable persecution in the early days. After Rome recognized Christianity, it traveled through the European continent, from the Italian Peninsula, crossing to an island nation, Great Britain. Then the nations centered on Britain spread [Christian faith] out to the world under Christ's name and opened the Atlantic Civilization Era. However, they did not know Christ's essence. Caught up in their own selfishness, they put the benefit of their own nations first. So the result was different from what they had intended. In the end, rather than a movement that gave true love, it ended as a culture that took much away.

Externally, Europe began the industrial revolution. They achieved civilization, and due to scientific developments, people gained convenience. Yet, many problems occurred due to being unable to maintain balance. If humans continue in this way, the future of human life and even the planet we live on cannot be guaranteed. It is true we are at a point when we cannot help but worry. We have reached the limit of what human strength alone can do. People must know what kind of being the owner of the universe, God, our creator, is. Only through [knowing] that can all problems be solved.

In the beginning, originally when God created heaven, the Earth and all things, he created based on his form. He created as plus and minus in the mineral world, stamen and pistil in the plant world, and male and female in the animal world. Lastly, he created the human world as man and woman, Adam and Eve, as the Bible calls them. In particular, God gave humankind a growth period. At that time, [Adam and Eve] should have lived a life of becoming absolutely one with God, the Creator. However, during that time, when they had not fully matured, they developed greed. Due to that, the fallen human beings of today, who have no connection to God, were born.

Heaven could not just throw away fallen humanity. The omniscient and

omnipotent God cannot fail. Because God gave human beings' responsibility, unless a person who can accept Heaven's will and become the [good] ancestor emerges from within humankind, God's purpose of creation cannot be fulfilled. Thus, Heaven had no choice but to go through the bitter and difficult providence of restoration through indemnity.

Heaven selected the Israelites as the chosen people and wished for them to achieve a foundation at the individual, people, tribal, and national levels. How difficult must that have been that it took four thousand years? After the long period of four thousand years, Heaven sent the Messiah, Jesus Christ. The longed-for messiah had come but Mary, who gave birth to him, figures in Judaism and the Israelites could not fulfill their responsibilities. The central figure who would accept the providence's will and realize God's purpose of creation and whom [God] had sent after the long period of four thousand years had come but a foundation to help him had not been prepared.

In conclusion, he had no choice but to go the way of the cross. Jesus went the way of the cross and prophesized that he would return. Through him the Christian cultural sphere was born.

Christians have a responsibility. They must not just blindly wait for the Messiah to come, riding on the clouds. They must know what the Messiah will do when he comes and prepare for it. The Messiah came as the only son of God and said he would hold the marriage supper of the Lamb when he returns. Then, from the Christian culture sphere, the only daughter of God who can be the Messiah's partner must be born. However, the European region, where Christianity began, was unable to prepare this. Throughout the history of God's providence, he has given people responsibilities. If the individual or people are unable to fulfill their responsibilities, God does not use them again. This is because they have indemnity left that must be paid.

Heaven chose a people who could give birth to the only daughter of God. Thus, in 1943 from the Korean peninsula in the East, the only daughter of God was born. This event is the truth of the providence. Korea was liberated [from Japan] in 1945. After Korea's liberation, Korea was divided into democratic and communist thought. At that time, a devout and spiritual Christian group believed the returning Lord would come somewhere near Pyongyang. Therefore, the three generations of my family, who had devout faith, did not consider going to southern Korea. Heaven gave birth to me after six thousand years and knew I needed a period of growth and thus had me head south. Then in 1950, the Korean War arose. At that time, South Korea did not have the strength to face North Korea.

Because Heaven needed to give me a time of growth, God mobilized the UN Forces comprised of sixteen nations. That was how the democratic nation of South Korea came to be. We can see how much Heaven wished for the birth of a victorious person who could realize God's purpose of creation. We can see how miserably God waited for the day when humankind's ancestor would give rebirth to fallen humankind through the Blessing Ceremony and God could embrace them as "My son" and "My daughter." You must know this historical truth.

The Old Testament Age is already in the past. The New Testament age is also already in the past. The prophesized Messiah returned in 1960, met the only daughter of God and they rose to the position of True Parents. Christianity should have prepared the environment for this, but Christianity is still unable to understand this foundation. Yet the providence develops. True Parents laid down roots on earth. Therefore, Heaven was able to give birth to many blessed families who could lay down roots. Just in the Europe region, there is a fifty-year history.

In that time, they went through many difficulties due to those in the Christian realm misunderstanding them. Furthermore, there were many difficulties due to Communist Thought, which came out of the Christian realm. In particular, the early European members engaged in missionary work through underground activities in "Mission Butterfly" to liberate the people of countries suffering under Communist regimes. That there were many victim is true. Yet those who knew the providence and knew Heaven's circumstances took a path of unchanging absolute faith.

I would like to say this to you all: The past Christian providence in Europe failed from being in the position of not knowing Jesus' essence. Yet now through True Parents, we know that God, the Creator, is our Heavenly Parent. Heavenly Parent has gone through the bitter, tearful and painful six thousand years of searching for his longed-for children. The time has come for you that stand in front of Heavenly Parent as blessed children born through True Parents to fulfill your responsibilities.

Salvation is not only salvation for yourself. Each of you must save your tribe. That is why I have told blessed families to fulfill their responsibilities as tribal messiahs. They must do their utmost in all places around the world and realize their responsibilities as tribal messiahs. You must go on a path not only as the messiah of your tribe but as the messiah for your nation and for the world so you can become filial children and patriots in Heavenly Parent's presence. True Parents opened the era of the Asia-Pacific civilization during which we share true

love. Please be aware that there are blessed families and second and third generation members who are embracing all humankind through the true love of living for the sake of others under the banner of the Hyojeong Culture of Heart Revolution. That is the only path for humankind to live in a world of peace.

How bitter will the 7.5 billion people of the world be if they go to spirit world not knowing True Parents, despite being alive at the same time as True Parents? Even though your ancestors couldn't take responsibility, they headed to the world in the name of Christ. Now in the name of True Parents, I hope you will become proud people of Europe who fulfill all your responsibilities as tribal messiahs, national messiahs, and messiahs who will save the world. Thank you.

10. 'Peace Starts with Me VIENNA 2018' Victory Celebration

March 15 by the Heavenly Calendar in the 6th Year of CIG (2023.04.30.) at Austria Center, Vienna, Austria

Heaven chooses central figures and nations for its providence, but if they fail to fulfill their responsibilities, they are not chosen again. The continent of Europe, with a steadfast and unchanging faith, gave birth to a Christian culture with the mindset of waiting for the returning of the Messiah, promised by Heaven, breaking through all the deathly struggles.

However, during that time, they did not truly understand God, nor did they comprehend why Jesus Christ needed to return, or what He will say in the time of his returning.

Jesus, during His short life, said, "I have much to say, but you cannot bear it now." Yet, as He was dying on the cross, He clearly said He would return, and when He return, He would hold the wedding supper of the lamb. This is something that anyone who truly loves Jesus and Heaven, and who considers themselves a Christian, must think about. Up to this days, people believe in Lady Mary as the Holy Mother, but the truth is that she failed in her responsibility. She is the woman who drove Jesus Christ to the cross. People believe Mary in a wrong way. Now, through True Parents, all providential history and the truth of history have been revealed. That is why you all need to believe 100 percent in the words of True Parents.

Recently, a leader in the United States told me about a dream he had. In Korea, May is usually the time for planting rice seedlings. Because rice is a staple food, planting rice seedlings is one of the most important farming tasks. To plant rice

seedlings, you need water. In the dream, Father and I were planting rice seedlings; Father planted them in a place with water, while I planted them in dry, barren ground and worked hard to care for them. After diligently watering and tending them, the result was that the rice seedlings grown in the barren ground yielded three to four times more than those grown by the conventional method.

Why do you think Heaven showed this dream to an American leader? The Old Testament Age is in the past, the New Testament Age is in the past, and the Completed Testament Age is also in the past. You cannot continue to operate with the methods you have ingrained in your bodies. If you want to develop further, you need to do things in a new way. Therefore, your determination to say, "I can do it!" and "I will do it!" is crucial.

I have asked you to take responsibility of tribal messiah. This is something that Blessed Families absolutely must accomplish. You cannot keep your Blessing to yourselves. You are in a position of representing your ancestors, descendants, and future generations. Therefore, You should have three generations in your mind. The world's population is 7.5 billion. The dream of Heavenly Parent, the wish of True Parents, and the desire of all humankind is to achieve a peaceful world, kingdom of heaven on earth, under the banner of "One Family under Heavenly Parent." That kingdom of Heaven on earth will shine brighter, if it is established while True Parents are still alive.

Christianity has made many mistakes over the past 2,000 years. Because they did not know the essence of Jesus or understand God, True Parents have forgiven them. So, you must let go of everything you used to think and, even if it seems difficult, you must unite with me and fulfill the responsibilities of tribal messiah, national messiah, and world messiah. Repeat after me. "I can do it! We can do it! We will surely do it! We will surely achieve victory and offer victory and glory to True Parents and Heavenly Parent as devoted sons and daughters, filial subjects, and patriots!" First, you must understand the words of True Parents, of True Mother. To do that, you need to make an effort and invest.

Today, I want to give you love, courage, and wisdom. However, because I only have one body, I cannot always be physically with you. But spiritually, I will always be with you!

Heavenly Europe must take responsibility for the future generations. You, the first-generation of Blessed Families, have done work that will be recorded in a history, but your second and third generations, your descendants, will stand at the center of the providence and continue to do your work. To support this, I will

provide a seed money to Heavenly Europe to train central figures who can educate the second and third generations. The Bible says, "God is love," and I am telling you that Mother is the greatest love. Let's all stand up and sing "I Love You" together. (True Mother led the singing of "I Love You.")*

11. Special Meeting with Europe Next Generation

April 30 by the Heavenly Calendar in the 6th Year of CIG (2023.04.30.) at Austria Center, Vienna, Austria

Are you in the second generation? You should be proud of your parents. You must love True Parents, whom your parents love. I have spoken about many things in Europe, but what I want to ask of you relates to those of the first generation: your parents, who, in the most difficult environments, followed Heaven's will with absolute faith, absolute love, and absolute obedience. They stood on the front line, putting their lives on the line with this heart, working underground during the communist era. Mission Butterfly - I'm sure you have all heard about this. You must continue that tradition to fulfill your parents' wish,

which, going further, is Heavenly Parent's wish and the wish of all humankind, to realize one human family that attends Heavenly Parent.

However, the situation of the world's 7.5 billion people today is that many people do not know of True Parents' manifestation. To live over a hundred years in your physical body is difficult. Yet after the Fall, even though people did not know the Providence, their hearts were still pulled toward goodness and the four great religions emerged. More than attachment to their physical lives, they lived believing that the spiritual life, the life in the eternal world was even more important.

From history, we can see this in the Egyptian culture in Africa. The Pyramids ... At that time, four thousand years ago, there was no method to construct them. There was no iron or cement. So, how did they build the Pyramids, which rise higher than fourteen stories?

Their kings, while they lived in their physical bodies were unable to leave behind great palaces like those in Europe. This was because those were made of dirt but the Pyramids, which they built for the future, were made of stone. This means that they lived with the concept that the spiritual world, the afterlife, was more important.

You must know this: It took a long period of six thousand years for the true

parents with the title “True Parents” to emerge. Heavenly Parent went through a sad, difficult, sorrowful six-thousand-year history. Two thousand years ago, Jesus Christ emerged to become the True Parent who could give rebirth to humankind. However, the Israelites, figures in Judaism and Mary did not fulfill their responsibilities. After a long period of four thousand years, Jesus, God’s only Son, died on the cross after a short life. We cannot call this salvation. Do you know what he prophesied when he died? He prophesied that he would return. He said he would return to hold the marriage banquet of the Lamb. In light of that, if there are people who sincerely think of Heaven’s will, if there are religious leaders, they must pray about what this means.

Jesus Christ, born as God’s only Son, went the way of the cross, unable to meet God’s only Daughter. In the two-thousand-year history of Christianity, to give birth to the only Daughter of God was Christianity’s responsibility.

Heaven does not reuse a nation that does not fulfil its responsibilities. Heaven must find a new nation that can fulfil those responsibilities. Who was born in 1943?

[True Mother] That’s correct. God’s only Daughter, True Mother, was born. You who were born and raised within the Christian cultural sphere must now fulfill your responsibilities. You who have received the Blessing and been born into blessed families must enlighten those in Europe in the Christian cultural sphere who do not know that True Parents have come. The way to educate them is through fulfilling your responsibilities as tribal messiahs.

As you know from the Principle, when Jesus died on the cross, the thief on the right supported Jesus. Hence, what did Jesus say to that thief on the right?

“Today, you will be with me in Paradise.” Paradise is a waiting room to enter Heaven. This means that Heaven is a place for families to enter. Therefore, regardless of your age, you must fulfill your heavenly tribal messiah responsibilities. I am saying you must become national messiahs.

Seeing you today, fifty-eight years ago I was the same age or even younger than you. At that time, I decided I must be the one to liberate Heavenly Parent, God. It is I who must do this. Think about this.

How old are you? [Twenty-one years old] If you are twenty, you are older than I was. At that time, if your partner had been a person forty-year-old, what would you have done? I had to welcome as my partner, a person who was like my

father. Only I, after six thousand years, was born as God's Daughter. In light of that, shouldn't I realize God's wish? Even if it was a little difficult for me, I first thought of Heavenly Parent. Therefore, I didn't mind and made the determination that I would do it. Nobody pushed me to do this.

So tomorrow will mark fifty-eight years. Do you love True Parents? If you love True Parents, shouldn't you work to realize their wishes? This cannot be something that you do because you are pushed. You yourselves [must decide], just like True Mother in the past made the decision and went through many difficulties to liberate Heavenly Parent to lay today's foundation of victory. Whether the sun is out or not, a sunflower aligns in the sun's direction. I ask that you become like the sunflower! Thank you. In coming to Europe, I have a happy heart and a heart full of great expectations that the next time I see you, you will report to me your victories.

I love you.

12. The Victorious Homecoming of True Parents, Heavenly Europe Hope Rally, 2018 Cheongpyeong Hyojeong International Azalea Festival Victory Commemorative Special Luncheon Address

March 22 by the Heavenly Calendar in the 6th Year of CIG (2023.05.07.) in Cheon Jeong Gung, Korea

Now, we can't just talk about it. There is a time for everything. I have mentioned that now is your golden age, and that golden age is while I am still here. Therefore, you blessed families, especially those in leadership positions, must fulfill your responsibilities and achieve victory during this golden age.

There is no more time to delay. A family that has achieved victory as a tribal messiah cannot stop there. You must also achieve victory in the greater mission of national messiahship. Tribal messiahs must set their sights on the position of national messiah, and if you can achieve even 80% of this goal, it means you have crossed the ridge. Crossing the ridge means you have achieved victory in the restoration of your nation.

If you, as tribal messiahs, do not neglect your mission and continue to strive towards the goal of national messiahship, then by 2020, we can offer the restored nation to Heavenly Parent and True Parents. I have also spoken of Korea as God's homeland. It is the homeland of all humankind. We must achieve complete victory with this goal in mind. We must proclaim it before the world. There is not much

time left.

During spring, when farmers begin their work, they become very busy. If they are not diligent, they cannot expect to achieve the harvest they aim for in autumn. Similarly, the goal of the Family Federation in Korea is national restoration, the liberation of the homeland. With this goal in mind, should we move slowly or should we press forward with urgency? We must be busy and diligent.

From the moment you wake up in the morning until you go to bed at night, you must reflect and repent on whether you have fulfilled your responsibilities as true sons and daughters to True parents. Then, with determination, you must live a life where you resolve to achieve the results of the goals you set for the day. If not, you may miss the timing.

Korea has been divided into five regions, and I have heard that the fire has been lit centered on Cheongpyeong. The question is whether this fire will rise from the south or from Gangwon Province. You must engage in friendly competition. Each region must produce many families that can fulfill the mission of tribal messiahship, and those who have already fulfilled their responsibilities as tribal messiahs must strive with all their might to achieve the greater goal of victory as national messiahs.

I have heard reports from the leaders and the chairman of the European Conference about this event in Vienna, but there are various behind-the-scenes stories. Early Christians began their faith with life and death determination. They had to wait for the returning Jesus Christ in an environment of lack of understanding. They were thrown to the lions, and some were offered as sacrifices in boiling oil. They endured the most excruciating deaths in the flesh, but there is a history of early Christianity that remained unchanging in its commitment to the path of righteousness.

Today, you have become and reborn as blessed families through the victorious True Parents of Heaven, Earth, and Humankind. Even if you face persecution from those around you, it is nothing compared to what happened 2,000 years ago. When you go to the spirit world and meet those people, you will feel ashamed. To avoid this, you must fulfill your responsibilities.

You must educate people so that no one remains ignorant of the truth of history. Only then you can liberate those who walked the path of a tragic and pitiful death. The doors of Christianity have not yet fully opened. But they must

come to know True Parents. They must come to know the Family Federation. By knowing the Family Federation, they can go back and liberate their ancestors. This is also something you must do. Therefore, you cannot remain ignorant. You must convey the truth of history and the truth itself. Do not be afraid to spread the truth.

You should go to the largest established church in Korea and declare that you will lead the Sunday service today. Why can't you do that? You should say, "The Messiah you have been waiting for has already come, so what are you doing? The providence centered on the Messiah, the True Parents, is being carried out vigorously worldwide, but if you remain stuck in the past and do not awaken from your slumber, you will become pitiable and a failure of the past. That is why I have come today to save you." You should declare that you have come as the Messiah of this church. Why can't you do that? Are you still lacking courage and confidence? Challenge yourself! What are you afraid of? You must do this. You must awaken those who are asleep. You cannot let them sleep indefinitely. Therefore, I say that each of you must become a messiah.

Repeat after me. "We have welcomed the substantial Holy Spirit, True Mother! What is there to fear? We will boldly go out and proclaim this!" Do it just like that. Aju!*
