The 'Hyojeong Cheonshim CheonBo' Spirituality 7-Day Workshop' was held at Livingstone House in the United Kingdom...

True Mother instructed the creation of this spirituality workshop to cultivate pure Blessed families united with the heart of True Parents. The workshop was seven days, from 3rd to 9th of the 9th month, 12th year of Cheon Il Guk (October 5th to 11th, 2024), with a total of 60 participants.

The program focused on Chanyang Yeoksa, lectures about Chambumoron, Cheonshim Resonance Prayer, and Cheonshimwon Night prayer vigil. Additionally, four Ansu sisters trained in Chung Pyung, Korea came to give Ansu. The lectures about Chambumoron were given by two professors from the Department of Theology at Sun Moon University, Director Kim J.C., as well as Pres. Inpyo Moon., Pres. Bogdan

Pammer, and pastor Adza M.

Below are some moving reflections from the participants:

'I was really grateful to be able to attend and receive so much grace from the spiritual world and the CheonBo EUME branch, and it makes me want to attend the next European 40-day spirituality workshop whenever it will take place.'

'During these 7 days I was able to spend time reflecting on how Heavenly Parent wants me to use my talents for the world. I really wish that I will be able to attend You in the best possible way in the upcoming weeks, months and years, and receive the Blessing in April 2025. I will do my best to achieve this!'

'I had lost a strong faith regarding ancestor liberation for many reasons, but through this workshop, I could regain the faith towards ancestor liberation. Since our couple is not a CheonBo couple yet, we will do our best to complete 430 generation liberation.'
