(00:13.134)

Hello. Nice to see you. Yesterday, Titor told me not to today. So I'm the sermon tonight.

(00:33.726)

I thought there are Pentecost's miracles happening today. No? It doesn't work today? I thought you understand. Oh my God. That's what yesterday Dr. Schmidt was asking me, don't give a sermon and just speaking in tongue. That's what I'm doing. Not working. Yes.

Very good to see you. My wife's really inspired to be here in Germany. She really refreshed, you know, this wonderful environment. The air was so fresh. You know that your mother was pointing this young guy's pure water, right? I want to tell you that your guy's pure air.

What it means, spirit is very light, very bright. You are such a children of God, children of true parents. really thank you for being such a good son and daughters. Yesterday I was promised, I don't know, I forgot his name, Young Second Gen.

Brother, you? Is it you? Was asking me how you feel about being in Germany. Then I telling him, I will promise you I will talk tomorrow. So I must tell. How am I feel? Actually, I was here, I think this place, 1990.

(02:24.974)

and we had a workshop, I was a German cop member, I think a European cop member. And then we had a workshop here and also I took a blessing picture, one of the room here, which I never saw. But I took a blessing picture and then one of our leaders saw me to blessing. So I was wonder what kind of picture he saw me to my blessing photo. So anyhow.

Before I come to here in Germany, I couldn't speak any English. I just come in here because my university senior invited me. I was really suffering. mean, once we gather internationally, brothers and sisters, you know, coming everywhere, you know, their common language was English, right? That's English was one of really...

know, fearful language for me. I'm not really language genius. You know, if I spoke well in our church community, probably I'll be a, you know, long time ago I'll be contented leader. Number one thing is I couldn't speak word well. Number two, I couldn't sing a song well. This is our requirement in our church.

And then number third, very important things, cannot exaggerate. Three things I cannot do. That's why I cannot really become a leader. Ego exaggeration. Number one, you have to speak well. Number two, you have to sing well. And then number three, you have to...

The three things of this is big point. So anyhow, I came here 1990. I was so suffering because I wanna speak out my heart, but no one understand. No communication at all. I had a suffering for two years. So is it good answer for you? Someone know how feel about I came to Germany. I will suffer. Suffering.

(04:48.429)

And then I received the blessing. So I have to move to America. I was so happy. know this, America is a nation of the English, right? So when I go there, maybe I can learn English. So that's why I got a dream. I went to America and then become East Garden staff.

So once I get there, you know, even I don't really speak English and then even I spoke English, it was broken English. You know what I mean, right? But people understood my broken English. Even I couldn't complete the sentence, they understood that. And at the time, I was so angry, you because of your guys, my English never improve.

But today I realized that that was Pentecost miracle. That was Pentecost miracle. Without talking to your friend, they understood. They understand my heart. It's amazing, right? I just realized. I just realized that. This is what True Parents create environment. We sharing our heart.

without spoken out. know, people understand each other, right? Right? So that's what today I really congratulation to the Pentecost celebration in Germany. I really appreciate, personally appreciate Dr. Balkum. Without him I cannot come here. He's pushing, pushing, pushing, and this is actually, you know, I...

With the True Mother's direction, I started world tour. I did it in Japan, in Africa, in South America, and in Asia. And then we scheduled to come here, but suddenly True Mother, just a few days ago, telling me, stop the world tour, you have to focus in Korea.

(07:12.173)

Then right away, Dr. Falcom's face was circling around. Wow, what can I do? He might be taking me through the SNS and calling and know, what happened? So that's why I just asking to your mother, to your mother, please, already these tours are already scheduled. We already purchased the air ticket. Please let me go.

The children models allow me to be here. So I really appreciate Dr. Balcom.

(07:53.709)

Reason why I'm appreciate that because of him I see, I feel, I smell this fresh air. What do mean? I see that pure, pureness of this European brothers and sisters because of him. Like in 1990, I was struggling so much. I don't see, my eye was blinded. I couldn't see such a, but now.

Now I can speak a little English so I can now see, I can smell how, you know, I have a precious brothers and sisters here in this place. Such a wonderful. So today is what? Pentecost, right? Cheers.

(08:46.347)

So we have to talking about Holy Ghost, Holy Spirit. So yesterday, Dr. was, Dieter was asking me to not to give a sermon.

(09:02.541)

So last night, whole night, I couldn't sleep. What kind of a tongue I should talk to you? And then, oh yes, today's Pentecost, I have to talk about the Holy Spirit and then True Mother, then probably you might like it, right? So I know that everywhere I traveling,

You know, people's number one question. Guess what?

Do you think so? How you handsome are you? It's joking. You are right. You are right. The number one question is, how is True Mother? How is True Mother? Every corner of the world I met, all questions are same. How is True Mother? So I just told them,

True Mother is doing well. True Mother is praying you instead, True Mother is asking you two not to have that worry. So I just convey True Mother's heart everywhere, wherever traveling. So today,

I will talk about very important things.

(10:40.075)

So about the True Mother, because this time is very serious and important era and time, that's why I think everybody must understand the importance of role of True Mother. That's why I'm gonna talk. I don't know, you don't have much time, right? I hope not, I have just 20 minutes to give a talk. So I'm going by the spirit today.

So if you don't like today, maybe you can just leave. I'm okay with that.

(11:20.301)

You know, long story short.

I was once, you I believed True Parents. And a long time I served True Parents. But whenever I look at the True Parents picture, my eyes automatically goes to True Father. It's very natural. Because for us, True Father, so not only Father, but he's our mother. True Father raised us, right? Yeah, right?

(11:57.397)

True Father taught us and feed us spiritual food and everything. So while True Father taking care of the

members and raised the members and brothers and sisters and children, where True Mother was? True Mother was behind. True Mother was behind True Father. That's why nobody really think about True Mother's role and then status.

So that's why it was very naturally, whenever I bow down, bow to the True Parents picture, my eyes automatically go to Father's face. Never, my eyesight never stay to Mother. Then one day, I got a message from the heaven.

So in here, this train center behind, there is clock. Can you see that? There's clock. Yeah. So when I look at the clock, clock was talking to me. Son, look at me.

Who's pointing providential time right now?

I was wondering what that means.

(13:23.615)

So I thought about Jesus, true Father. 2,000 years ago, of course. Who lead God's providence 2,000 years ago? Of course Jesus, right? Jesus assure Jesus pointing providential time where God wants to be.

2000 years ago our hand was Jesus Then after that 2000 years later when true father

inherit that messianic mission. Who's central figure of this God's providence? Who's telling providential time? True Father. So most of you are talking, many times you are talking about when you're pointing the Christian people, yes, those people, they are still waiting Jesus coming down on the cloud, right?

They don't even realize that the second coming is already here on us. This is what we are talking about. So what does it mean? They are waiting for second coming. So means they don't know their exact providential time. Because soon you'll have lunch, right? Without our hand, you miss the lunch.

(15:02.069)

So after True Father passing, who is pointing the providential hour? True Mother, True Mother. So what about Jesus? Jesus becomes the second hand, second hand. True Father becomes the minute hand and True Mother is our hand.

Then maybe, no, don't Put down the Jesus and true Father. How dare you, you are talking, you Jesus is a second hand and true Father is a minute hand. I know someone is maybe telling me, how dare you are? But second hand, do you think it's not important? Without second hand, there's no minute hand, there's no hour hand.

Right? So minute hand is not important because not pointing the hour, provisional hour. Minute hand is very important. Without the minute hand, there's no hour hand. So Jesus and spirit and true Father and spirit, they're really working hard, support true Mother to make providence pointing the provisional hour, time.

This is what I really received, the message from heaven. from that moment, when I would look at that True Parents picture, I was repenting. I was so repenting. I'm sorry True Mother, I didn't really realize about that. You are not just simply wife of True Father. You are not just supporter of Reverend Sun Myung Moon, Second Coming Messiah.

That's where I really realized that I was really repented. So based on that.

(17:10.509)

We have to really see that how, what is true Mother's status. So everybody loves the divine principle, right? So you know divine principle. So from the beginning of the divine principle, so chapter first principle of creation, page 24, what is that? There is a...

(17:36.971)

Understand of the gods, gods identities it describe. God is the harmonious subject of the dual characteristics of original internal nature and original external form. And at the same time, the harmonious subject of the dual characteristic of the original masculinity.

and original femininity. God is.

(18:13.739)

Men or women?

(18:19.511)

Someone said both. So what does it mean both? God is intersex. Sorry, God. God is not even man. God is not even woman. God is intersex.

(18:45.485)

So you can assuming that why God create Adam and Eve. God has in God there's God's masculinities, God's femininities. So God has idea in order to feel joy. You know that creation why God create human, Adam and Eve? There's a clear purpose. God wants to feel joy.

So that's why I'm talking to the people, God never give you a free blessing. There's always condition. God create men and women, not for free, because God wants to feel joy from them. So God creates man and woman from his characteristic. So creates man and woman. So from there,

When men and women interact, just like electricity, plus and minus, once they interact, what happen? Light is coming on, right?

(20:04.395)

I can use this microphone because of this electric city plus and minus they interact. If stay plus as it is,

minus stay as it is, there's nothing happen. You can imagine that. One plus, that's minus and together. Do you think what happened?

Nothing happened. So that's why God has a plan. He wants to feel joy from his masculinity and his femininity. That's why he created Adam and Eve. And then to do that, God wants to feel that love from Adam and Eve. This is actually

It's a story about your mom and dad. So I don't know how you can digest younger ones.

(21:10.475)

You know, True Father, once he was talking about how God can dwell.

(21:22.695)

in humanity in your couple. Do you remember? Anybody remember?

True, Father was saying that when God coming to between husband and wife, because when they really love each other, that center point, you know what I mean, right? Do you know what I mean? You don't need to understand, but those who sit on the chair, you should know that. So when husband and wife, that's really

love then center God can dwell. What does it mean that? So when you have a real love relationship between your husband and your wife, you both husband and wife both become intersex. You don't feel I'm the man.

You don't claim I'm the man's, I'm the subject?

You don't talk about, I'm the opposite. We don't talk about that. When you really feel love between husband and wife, there's no gender exist. There's no gender exist. What do mean? God has no gender. Then couple has no gender. Exactly match. So when man said, oh, I got a gas message.

(23:07.383)

This is true or false? It's false because God never come to the man directly. God never come to the woman directly. So those men and women say that, got the God's message. It's all false. So when is it really true? When you have a husband and wife and the wife is sad and then really have a good loving relationship when wife is sad to husband, honey, you're so handsome.

Truth. That's what God's message. When husband talk to the wife, honey you're so beautiful, I love you much. That was truth. That was God's message. Other than that, don't trust.

(24:05.547)

So

So God has in God there's masculinity and femininity. There's clear who is a representative of God's masculinity in our biblical history. Jesus. Jesus is son of God. Only begotten son of God.

He is truly representative of God's masculine aspect, right? But however, as you know, Jesus couldn't really complete this mission, so our True Father inherit his mission. So True Father is representing God's masculine aspect. So then who's going to be representing God's feminine aspect?

Who is that? Our true mother. Our true mother.

So, man cannot substitute for the fundamental role of woman. Same things. And woman cannot substitute for the fundamental role of man.

(25:30.349)

Look at this couple, beautiful couple. I know that, I can feel that husband love wife so much. Even yesterday, I see that wonderful couple. Do you think he's really bear with when wife deliver baby, that pain husbands really, what do you think? He wants to have that pain, right? So do you think he wants to deliver baby?

Because he doesn't want his wife to get that pain, delivering pain.

But Dr. Deirdre Smith was saying that soon he will deliver baby, so maybe he's exceptional. But I don't believe men can deliver the baby. There's very clear line. Women has a woman's role. Men has a man's role.

So that's why there's a book. Men coming from where? Hamburg? Women coming from Venus. What does it mean? Not the same people. Not the same people. You are living with aliens. You don't even know that, right? You are living with aliens.

(26:59.479)

So young people, you must understand that. Before you receiving the blessing, you have to know that. anyhow, we have a clear mission. So people may don't misunderstand Father and True Mother. Because True Mother, she's the wife of True Father. She's supporter of the Second Coming Messiah.

So what should I say telling you? True Father has his own mission to complete God's masculine aspect on us.

True Mother has her own mission to complete God's feminine aspects on earth. So both, once they completed their mission, what happened? What happened? They become true parents. So that's why I can tell, once True Mother complete her mission, we don't worry about

Russia and Ukraine, they are struggling each other. The Middle East, they're fighting each other. All, everything we have conflict and struggling, this is between men and women, nothing else. So that's why True Mother's mission and role is very, very important. So it's already 20 minutes.

Ten minutes, okay, ten minutes. I have ten more minutes left.

(28:47.245)

So I'm gonna tell you that. Why? We are always recognize true mother as a shadow of true father.

I was already talking to you, right? True Mother was born 1943 as a only begotten daughter.

(29:10.381)

6,000 biblical history, God was really waiting to true mother's commoners. So she born 1943 and she met true father when she was I think 15 and then blessed with the true father 17.

(29:39.381)

And since then, True Mother always must support True Father in order to complete True Father's mission. There's another behind the story, but I don't think I have much time to explain about this, but I will stop on there. But, know, True Mother must support True Father. You know, one day, True Mother was...

(30:11.917)

Okay, I will talk a little bit this one later. So, while True Mother was supporting True Father, so you saw many, many things, Hundokye time. And also you see the video, someone's not really, you know, accepting True Mother, they send you a video, you know, which True Father's calling True Mother. Did you see that? Yes? And then people said,

True Father don't like True Mother. If someone even send a video message, True Father wants, I'm gonna divorce you.

I believe someone saw that video because other people, side of people, they're trying to make, know, interrupt in the relationship between you and True Mother. So have you ever think about why True Father has such a action?

at especially hundukki time. Anyone ever think about why true father angry toward true mother?

(31:29.899)

You know, everybody knows that True Mother, she really work hard and absolutely unite with the True Father, right? Then much she was dedicate and love and support for True Father. Then why True Father upset and angry toward the True Father? Anyone think about it?

(31:52.109)

pray about. You know, this is my experience when I serving to parents.

know, True Father is very typical person.

I said, True Father, it's God's, in representing God's muscular aspect, right? So do you know what kind of character True Father has?

(32:20.301)

It's not easy.

You know, sometimes he kick quick, sometimes he punch it. Of course he has a full of love, but he has also temper. You know, you all have that experience.

So I forgot to tell you, but so that's what you already experienced God's muscular aspect, heavenly fathers, you already experienced heavenly father, who is heavenly father through the true father. Okay, so why true father really kind of the angry, not every times, it's very, very rare.

But once they generate the video and send it out to message, then everybody feel that, every day True Father angry toward the True Father. It's not like that, once in a while. Then even once in a while, why True Father did it that? know, reason why? Because True Father is such amazing. know, everybody severely cannot come close to True Father. You cannot even say anything. You cannot even share your opinion. You cannot even.

You know, say no to True Father. That was True Father. Once True Father was absolute. So once True Father has liberation, God gives him message and then True Father gives direction. Can you do this? No one say no. But that mission was so huge.

(33:56.247)

Just like that, okay, you restore this German by next month.

(34:07.223)

This is not really exaggeration. father, he's saying like that. So what he can do? What he can do? He can say, no father, I cannot do. Can you hear that? Once he say that, true father will smash him. So he's afraid of that. So he cannot say, was frustrating. What can I do?

There's one solution for him. Where he go, he go to true mother.

(34:43.405)

He knows that True Mother has loving motherly hearts. So he goes to True Mother, Mother, Father give me such a terrible mission. I cannot really do. What can I do? Please help. Of course, True Mother, I will help you, son.

So True Mother, when True Father was waking up early morning, and then before, you know, starting, opening the Hundekae time, once Hundekae is starting, you cannot do anything because already True Father going to do another mission, another mission, another mission. So before True Father even coming

to the Hundeokae, True Mother, hold it True Father. Father, this is impossible. You have to stop it.

then what the true father can say to true mother.

You terrible lady! How come you, you must support me? Then how you can telling me not to do this? You are bothering God's providence! Your father so upset like that and then it's time for the Hoon Dok Hae. He's coming out. Terrible wife! And sitting here and then reading Hoon Dok Hae.

And he was thinking about, how come mother saying like that? And mother, how come you say that?

(36:16.471)

This isn't happening.

This is happening. Other than that, there's no reason to true fathers got upset to true mother. You know how lovely both of them. You know, whenever true mother go even restroom, true father, mother, where are you?

You know, did you hear that? Whenever true parents walking, true mother wants to be free, but true father holding the true mother hand, pulling like that and go walk. This is true father. There's any reason, any reason to true father can upset true mother and angry toward true mother and any reason to, I wanna divorce you. No reason, only one reason.

because of relationship with this God's providence. Not because of true mother don't like this, but true mother wants to help deter.

(37:21.869)

no, he's dying!

So this is the true mother wants to help and protect the son. Even true mother know it's many, happening. True mother know after I saying this one to true father, true father will smash true mother. True mother know very well, but because true mother wants to help and protect her son, Ditter.

That's why even kind of dangerous situation, she wants to that. You you feel the love from the True Mother? This is the True Mother. This kind of life, True Mother spent 50 years with True Father. 50 years.

Never ever against true father. So 50 years living with the true father, did you ever hear from true mother's mouth, I'm the only begotten daughter? Did you hear that? Did you ever hear that from the true mother's mouth, I'm the holy mother Han. Did you hear that? Nobody hear that.

Why? Because of the True Father, do you think the True Mother becomes a whole, only begotten daughter? Because of the True Father, True Mother becomes Holy Mother Han? Not. True Mother, from the born, True Mother has that mission.

(39:09.355)

Then why 50 years of her whole entire, more than half of her life, she couldn't say anything? Why is that? Because she just completely unite with Father and support Father's mission and make his mission complete. If she was saying one word, I'm only begotten daughter, probably Satan will attack that.

Probably True Father will have difficult situation.

So then after True Father passed away.

(39:54.079)

So, okay, I need the water.

(40:02.389)

True Mother said, probably you remember this. Jesus couldn't fulfill his mission because of Mother Mary. Mother Mary must support Jesus to fulfill Son's mission.

(40:24.779)

So Mary couldn't really understand her son's status, also God's mission.

So Jesus supposed to come here and had marriage of lamb and becomes true parents of humankind. Restore out of need. That was Jesus' mission. Not Jesus making a miracle and not making bread and multiply the fish and feed the people. That's not Jesus' mission.

Jesus' mission is that have the holy marriage ceremony and become true parents and then restore Arimeneve, its position, and then save the humanity. That was Jesus' mission. But however, he couldn't fulfill that. Reasons was true mother was pointing that mother Mary couldn't really support. So that's why

True mother understand that point. That's why she was absolute supporting with true father with the true father.

So then True Father passed away, 2012, September. He was passing, passed away. Anybody really think about True Father's passing? You know, before True Father passing, you know, we have a foundation day, True Father Plan. When was foundation day?

(42:16.845)

That's right, 2013 January 13, Father planned that. How long? 10 years ago. Every day when he did the hunduken, whatever, he was counting the day. 10 years he counting that foundation day. But True Father passed, left only four months before the foundation day.

So it was really amazing things how True Father just let True Mother have her mission to complete it and give such a mission hand over.

So in 2013, after True Father passed, True Mother became the leading figure of the God's providence. You know that, right? But however, there's one issue.

Let go of faith inside the church.

Just my kind of people. Many people, many elders, they see True Mother when her early age. At the times, our 36 couple, 72 couple, they call the True Mother, hey Hak-Jae Han, come over here. I'll give you a candy.

(43:49.485)

Kind of. Hey, Hak-Jun, can you stop over here? That was our elders, couple, when they were starting with our church movement with the True Father, True Mother was young. They didn't know, they didn't even know who was the True Mother. So people has a mind, have, their kind of the mind was engrafted in their head and their heart.

So true mothers for their eyes is Hak Ja Han. When she was young and then helping other people and then doing some favor of other people is asking. Their mind is like that. I give you a good example. I was an East Garden staff. People, especially Korean lady called me Mr. Do. You know that Western world, Mr. means respecting words, but Korean Mr.

is

Hey mister, can you come, can you get one coffee? Hey mister, get the cigarette from the store. Hey mister, this is your fucking money. This is the mister we are calling in Korea. So when I in the staff, I was mister.

But two parents asked me to go UTS. I went to UTS, I graduated, I became suddenly, what? Reverend. And then for them, it cannot. Calling me Reverend. So difficult to call. Even 10 year pass, 20 year pass, they treat my wife, your Mr. Do's wife, they cannot do me for much because I'm the man.

(45:41.837)

But they can deal with the wife, women, right? They never treat my wife as past wife because their image is ingrafted, oh, we are the Mr. Couple. So this kind of things, know, humans. So many of our elders have such an image of the true mother. True mother, last 50 years, she was a

shadow of the True Father. Nobody recognizes True Mother as a only begotten daughter. That's why I cannot blame that. Nobody really understands True Mother's role and mission and status. So then suddenly after True Father passing and True Mother is leading the Disgust Providence and people begin to struggling.

How dare you are saying that, only begotten daughter? You are the wife of the Sun and Moon.

You are the wife of Sun Myung Moon. Your mission, what is Justin Moon, Kuk-Jin Moon was saying

that. All the women is baby cooker. Are you accepting that? Don't take it, don't listen, okay?

What he was saying that true mother's role is just delivering true father's lineage. That's the mission. Do you accept that? Do you, you're a lovely wife. Would you like to treat that way? Would you like to sleep with the baby cooker?

(47:35.565)

No, it's not like...

So.

This is the happening, once since 2013, when True Mother's leading the providence, many people, they cannot accept that. So that's why True Mother is struggling. That was True Mother's dilemma. When Jesus started his mission, who mistreat Jesus? His disciples.

(48:13.739)

But true father doesn't have it about that. But Jesus and true mother, they have a barrier of disbelief from Jesus, his disciple, but true mother from our blessed and true families. Blessed couple.

(48:37.173)

So however, as time goes so fast.

We cannot just struggling about this point. This is really times everything we have to.

clear up. Is English okay?

(49:05.643)

Reason why that true mother doesn't have much time left.

Before True Mother went to the detention center, she was talking to me, Reverend Dew, I'm 83 years old. I don't have much time left.

(49:27.775)

She knows she doesn't have much time. What does it mean that? What does it mean that? It's time to enter Canaan. It's time to enter Canaan. know that Moses.

(49:47.917)

Moses with the Israelites wandering in wilderness. How many years? Four days? Four years, right? Oh, 40 years.

(50:05.431)

You know that canine was right over there. Right over there. But there was a wondering, 40 years, that small area. Why? Why?

(50:26.721)

Because Israel has a lack of faith. Moses doesn't want to these people to the canon.

That's why Jesus, Moses was wandering around, wandering around until all the people of the Israelites, they have clear mind, they have a clear face. Moses was waiting, but he couldn't really success. That's why with Moses, all the Israelites couldn't enter the canal.

know a few years ago when I served the True Mother in Hawaii, I was asking True Mother, Mother, you know, all Testament era, Moses with Israelites couldn't enter the Canaan, but True Mother, this is Chan-il-guk time. This is the time of conclude of the God's providence. So we must enter the Canaan.

with the first generation, with the second generation together.

I have said that, of course son. I really loved you. But you know what? Many of our first generations, they don't understand me. What should I do?

(51:59.617)

What should I do?

(52:04.749)

So do you think mother's time, Moses' time is still same? It's not same. Mother's time is already, all the providence is concluding time. father's here and there's have the holy marriage ceremony and then this God providence is end of the providence. If true mother,

couldn't finish, then how many years we have to wait? Not 6,000 years. Maybe 6 million. Maybe 600 million. Maybe 6,000 million years.

That is why True Mother merged into the canon with the first generation and second generation together.

(53:03.597)

So this is the time.

You know, Matthew 13.

12, no, no, 13, 24 to 30. What is that? Jesus was talking about...

(53:27.723)

with and with.

(53:33.889)

You know, I'm...

farmer's boy, I grew up in farming area. So I know that's what this mean. When farmer planted weeds and weeds are growing together. So when they were young, there's no way to you can figure it out. What is the weeds and what is the weeds?

Anyhow, sound is so similar, right? Sound also similar.

So when you figure it out wheat and wheat, when they're harvest time, when crop was ready to harvest, that wheat, you can clearly see that.

(54:29.601)

You can see the difference between two.

But why is wheat, weeds is kind of really harmful? Because when they grow together, that's wheat is all taking the nutrition from the wheat. So and then also what's the most problem is that once they are harvest and reserve for the next year and they are planting this seed again,

Once they include it with the weed seed, then what happens? You will ruin your farming work. So that's why you have to clearly separate it. So now is the time we have to prepare our future generations. Future generations. So if we are still struggling, true mothers set us.

We are still wondering who is true mother. With those kind of people, we cannot promise for our future.

(55:51.501)

So that's why I'm telling you, this is a really important time. We have to have a clear mind. And then, you we are living with our true mother.

(56:07.309)

So you have to understand that. Why Jesus was on the cross? Because his disciple couldn't understand him. That's why Jesus was saying that I'm only begotten son of God.

(56:25.163)

because of the Jesus was died. You know, our blessed members, they're not trusting their disbelief of true mother. That's why only begotten daughters theory is coming. Holy Mother Han is coming. Chanpung Rho is coming. Korean epic is coming.

Because of that. Because of that. If you believe true mother, if you trust true mother's status, you don't need that theological terms of the only begotten daughter, holy mother, Han, ChamBuMoRon, and Korean epics. I don't need it. I don't need it. Why?

We are struggling with that because we are struggling through mother. Once we have a clear mind, all these things, we don't need it. Yesterday I was talking to our young girls and then our leaders. Don't just put the true mother in this frame of this theology.

If you break down to the true mother, holy mother Han, only begotten daughter, break down and then try to understand that, you know, what you get, you'll get nothing. So I was six months in a Cambridge CARP member. There's Cambridge University. There's a school for the seminary, what, cemetery.

I don't know who's June, but.

(58:17.271)

You know, I heard that 80 % of the older theologians, professors, they don't believe in God. They don't believe in God. Right?

(58:31.041)

because they want to really go deep and deep deep and deep and deep. So that's why they finally conclude Jesus is the carpenter's son.

Jesus no longer, Jesus no son of a

because they just cut and cut and cut and cut their final conclusions like that. So what you have to understand that true mother, just like a mother. Who's a mother? Lovely. Who has lovely heart? Just trying to save the children and protect the children, help the deter, not to get the

You know, hit from the true father and helping save the world, sacrifice for the children. This is the mother, right? So you can understand true mother in this way. No more than that. You know, I really appreciate that. Whenever I traveling around, I see our brothers and sisters. From them,

(59:51.423)

I believe true parents. Without true parents, how can we have this kind of community?

Yeah? Hey Moonies, Moonies, Moonies children, what's wrong about you? Why you are so...

This courage. Why you feel so guilty? What you did wrong? Hey, Moonis, what you guys did wrong?

(01:00:31.109)

all our life, your parents' life. Your parents are such good people.

sacrifice their life. They never even think about their own things. They live entire their lives public.

(01:00:52.749)

Those people say you're a parent.

(01:00:57.377)

They gave up their school. They gave up their good job. They don't care money. They simply follow. parents, true parents wants to save this world. True parents wants to help people. That's why your parents understand that, wants to join true parents. Those people are your parents.

Your parents are not selfish people. Those people are you. Then why you got so discouraged? Why world's people are calling you Moony? Why is that?

Can we get out of that box? How you're proud of you? Do you know that? How wonderful you are? You are just diamond.

cannot compare anyone of this out there. No one is shiner than you, your parents. What about you? You are so pure. That's why your mother calling you pure water. You cannot compare none of outside kids.

This is our identity. Why is that world treating us like that? Why?

(01:02:33.079)

Please think about that. What you guys doing last 20 and 30 and 40 years? Anything did you smuggling and stealing and killing the people and harm other people rather than supporting and help?

Why we got so much prosecutions? Why?

This is the time we have to get out of this boundary box. Why people are putting us in that kind of a horrible.

(01:03:18.507)

Let us unite together, help each other. Who understands you? Who understands you? Outside people? No.

You understand, right? You understand. You understand your friends. You understand all your neighbors. How much you sacrifice your life. How much you dedicate. How good you are, you know yourself. And you know your friends. So what we have to do? We have to help each other. Respect each other. Encourage each other.

Because we are the family. We are the family.

I'm asking you.

(01:04:09.227)

Mother.

Mother, mother is not putting true father down. Do you think mother bring true father down? Because she wants to become only begotten daughter, that's why she's smashing true father. Do you think? No. Your wife, your husband, because you want to something, that's why.

You just put your spouse down, it's not right.

Let us understand that is why True Mother prepared the Cheon Shim Won to pray about more understanding about the True Mother.

We have a capacity. We are capable to understand that because we are all spiritual beings. Because we are all child of the God. Once I see you, even if you don't tell me, I can feel your feelings.

(01:05:23.073)

This is the whole y'all.

(01:05:28.033)

So let us pray about that. Think about it.

who's our true mother, then pray about you brothers and sisters. Let us unite. I know there's many people attempting you and trying to break in this kind of relationship.

(01:05:55.797)

I know those people are nice but their motivation, their ideas where this coming is from the Satan. Satan doesn't want to see our

true communities. Satan want to break down, right? Why you are...

(01:06:23.059)

struggling with that. You have to be boldly stand up, strongly confront this satanic force. Don't listen to anything like that.

Please just listen, your brother's voice, your sister's voice, and God's voice, and true parent's voice.

(01:06:52.139)

So let us make a strong community, work together, and then for the final true parents' destination, we can complete. This is the first generation and second generation.

(01:07:13.601)

We have to hand in hand go together. This is the God's plan. If you go by yourself.

your parents' life, whole their entire life will disappear. God doesn't want, true parents doesn't want. God and true parents want to see your entire family with hand in hand together is coming and join the kingdom of heaven on earth and extend it to the kingdom of heaven. This is God wants to.

So brothers and sisters, please let us remember this day, today's Pentecost day, why Jesus came up here and give us inspiration people.

Let us remember today, this day, why True Mother.

(01:08:28.941)

Okay.

(01:08:38.219)

Sound like I use my tongue to spoke. Nobody understands.

(01:08:47.789)

It's okay, it's okay, even if you don't understand.

I trust your heart. Your heart is with me, my heart.

So thank you brothers and sisters. Please understand how much your mother loves you, okay? Don't forget that. True father.

(01:09:19.573)

In spirit, True Father is very much proud of you. True Father is asking you to support the True Mother and meet together with the True Father. So thank you. Thank you.

(01:09:48.109)

Wow, just exactly 20 minutes.

(01:09:54.445)

Please join me prayer.

(01:10:02.579)
