

## Mission of a Tribal Messiah

Compiled by Weeny Cayme  
October 9, 2017

As a Tribal Messiah, you have 3 important missions: First, you must restore your ancestors; second, you must restore your hometown; third, since the first human ancestors, Adam and Eve, fell and God was expelled from their family, you must live with God in your family. These are three missions of a tribal messiah. (CBG12.2.2.:26, 1993.10.14)

You must fulfill the mission of heavenly tribal messiahs. You must do this for the remainder of your life. If you cannot do this, after you go to the spirit world you will be ashamed to meet True Father. He will say "I taught you this on earth, and I have also earnestly requested that you do this, but why haven't you done anything?" This is work

that you absolutely must do, not only for your sake, but for generations of your descendants. (CBG5.4.5:36,2013.2.10)

You blessed families are tribal messiahs. You need to liberate your relatives in the spirit world and the physical world. You have that responsibility. For the sake of your ancestors, establish the same kind of indemnity conditions you set when you married. If you do not do so, you will not be able to mobilize the angels or summon your ancestors. We are pulling people out of hell. Angels have been sent to pull them out. 1999.6.6

This is the time when the spiritual world and the physical world will become one, and your responsibility is to mobilize and guide your ancestors, creating an environment where your ancestors are guiding people spiritually to you, so that you can bring them into oneness with True Parents. (CBG11.3.1:22,1995.12.08)

You must liberate your ancestors. To liberate them you have to love your ancestors in the spirit world and invest in them more than in your family and relatives on earth. Otherwise, your ancestors who have gone to hell will not be able to come back to earth. Therefore, you should be able to stand at the center, call those families together and help them. CSG7.4.3.:23,1998.11.08)

You must hasten to liberate and bless your ancestors. Only then will your ancestors and my beloved Heung Jin be able to come again and cooperate with you. 2003.11.4

By opening the doors to hell and blessing all those people who went to the spirit world, God's authority over lineage is being acknowledged. Therefore, Satan has no choice but to retreat completely. 1994.4.11

Just as evil spirits become attached to and enter people on earth, good spirits also enter people and coach them. We can expel evil spirits who have entered men and women, so that good spirits who received the Blessing can supervise earth and protect us. Because of that, as soon as they hear about the Blessing, young people will come to receive it. You must create an environment that inspires and attracts them to do that. 1999.5.1

Any spirit who has been liberated and then received education is able to receive the Blessing and become an absolute good spirit. Even if your ancestors are in hell, they can still go to the kingdom of heaven by being liberated and then blessed. Your ancestors who are in hell in this era of True Parents need to know the tremendous value of the grace of receiving the Blessing. They should also know it is not easy to accomplish this. 2002.12.15

When you go to the Chung Pyung Training Center, you must participate in Ancestor Liberation ceremonies and Blessing ceremonies. Provided your ancestors are liberated and blessed quickly, as blessed ancestors in the angelic world, they will do the work of protecting the blessed families on earth. Accordingly, there will be no hardships on earth and you will escape from the realm where Satan can invade. If you do not do that, you cannot escape, and you will remain as you are in Satan's world. 2000.3.31

We have to mobilize the spirit world. How can heaven be built without mobilizing the spirit world? It cannot. Heaven is supposed to begin from the True Parents, not from the fallen descendants who have existed until now. Just as the angelic world helped when Adam was created, the spirit world should come down to earth and help at the time of recreation. Otherwise, it cannot be achieved. 1987.3.30

The blessed family members of the Unification Church cannot attend their ancestors just as they are. We can attend them as heavenly families representing God only providing we have blessed our elder and younger siblings, our mothers and aunts and any others in spirit world. Now that time has come. It is not idol worship. 2003.8.15

In the spirit world, there are no concepts as far and near. Since that world transcends time and space, no matter where your home is, it is in your field of vision. This is why spirits can help you at any time, across any distance. In such a manner, spirits moving in the spirit world come down to earth frequently, following their network. As the number of spirits who come down to a village increase gradually and they start relieving one another, they can carry out a campaign to eradicate the evil spirits in that village. Thus, the environment is naturally purified. They carry out that kind of campaign. They come down to earth and form connections centering on their relatives. When they return to the spirit world, their efforts become indemnity and form a proportional foundation for them to go to a better place. Therefore, even the spirit world will enter an era of competition. 1993.11.1

In the natural world, you are guided on the path to the kingdom of heaven not only by True Parents but also by angels.

Chung Pyung is the place where fallen humankind can be reborn from wild olive trees into true olive trees.

If ancestor liberation up to 420 generations is done, the paradigm of the world will change. The spiritual work will change the environment... Later, on the 1000 days' anniversary ceremony of True Father's Universal Seonghwa, on May 30, True Mother emphasized again that ancestor liberation in the spirit world should be done up to 420 generations to fulfill the mission of heavenly tribal messiah.

FOR WHAT DID TRUE FATHER suffer during his lifetime and offer prayers? It was for GOD's liberation and ANCESTOR liberation. It is to unify the Heavenly land. I have never forgotten this wherever I go. 2002.7.17
