Materials for running the Program (video, teaching materials, PPT, images, etc.):

- Sermon plan and PPT, curricular activities plan and materials, Seonghwa children's hymnal (contemporary Christian music and our own written songs) for each workshop theme

Program Objectives:

- To select 7 major themes from the daily church service plan (True Parents, absolute sexual ethics, spirit world, fundamental faith, Marriage Blessing, Divine Principle Part I, filial piety) and teach them in more depth and detail, in order to lay down the foundation for fundamental faith education.

Features:

- Workshop service plans created for each stage of development
- From summer 2013, new curricular activities and our own written songs befitting the theme were developed and supplied
- From summer 2015, visual workshops were held as an attempt to educate all teachers

Reasons for recommending this program:

- the educational and activities-based materials are already made available for workshop programs that can help children learn the major subjects of their faith by heart through sermons, curricular activities, and our own written songs

*Departments: kindergarteners (5 to 7 years old), lower elementary school department (1st to 3rd graders), upper elementary school department (4th to 6th graders), Seonghwa department (middle and high school students)

Results / Effects:

- Makes it possible to give faith education befitting each stage of development and in-depth workshops for main subjects

Approximate cost of running the program:

- Expenses for curriculum materials (may differ based on the contents of the curriculum)
