We must establish the peaceful world of God’s desire.”

Family Federation for World Peace and Unification International President Sun-Jin Moon is giving the introduction of the keynote speaker, Founder Dr. Hak Ja Han Moon, at the “HJ Peace Loving Festival, Kanagawa” held at the Makuhari Messe International Exhibition Hall in Chiba prefecture, Japan, on October 15.

Mrs. Moon especially described Japan as the “world’s mother nation,” and ordered her to befittingly carry out her responsibility and role as such.

“Japan, as the world’s mother nation, has a responsibility. Even in the outside world, the mother offers her complete devotion for the success and happiness of her children. Even more so, in front of humanity, the mother unconditionally carries out her mission of fulfilling God’s dream, as well as the hope of humanity. Wise people must acknowledge their mistakes. Only then, can they take a new leap forward.”

Mrs. Moon further emphasized, “FFWPU (Japan) youth and students are establishing families through the foundation of Hyojeong Culture, going beyond race, nationality and language. They are being cultivated as global citizens not only for Japan, but for the world. Once these types of families spread and proliferate throughout the world, the ideal of ‘One Family Under God’ can be established, and a true world of peace will be attainable.”

FFWPU Japan President Eiji Tokuno explained, “Founder Rev. Sun Myung Moon was even tortured by the Japanese police during the period of Japanese occupation. However, Founders Rev. Sun Myung Moon

and Dr. Hak Ja Han Moon have sincerely lived and practiced their teaching of ‘loving one’s enemies,’ even sending missionaries to Japan. We have come to hold this rally to inherit such spirit of Hyojeong.”

Family Federation for World Peace and Unification-Japan President Eiji Tokuno is giving the welcoming remarks at the “HJ Peace Loving Festival Kanagawa” held at the Makuhari Messe International Exhibition Center in Chiba prefecture, Japan, on October 15.

We plan on educating the Hyojeong spirit as the fundamental measure for resolving family problems, while reeducating the importance of the family to youth, who have negative views on marriage. Going further, we will provide a vision for Japan in which she must seek not the interests of herself, but those of Asia and the world.”
