

Students from Aarhus University Denmark Visit Lancaster Gate

London, United Kingdom, 9. April 2014

Students from Aarhus University Religious Studies and Sociology of Religion Departments visited on Wednesday 9th April. This is the 4th year they have included us in their visit to London. They were especially interested in hearing from Second Generation members about their experiences growing up in the Unification Movement. They said they really appreciated hearing from Christa Kamga and Ollie Davies and the chance to speak to Jason Biddlecombe. Christa Kamga explained the role of True Mother and her encouragement of the Second Generation. Ollie Davies gave an overview of the Principle. I introduced Universal Peace Federation (UPF). We showed videos of True Father's life and an Introduction to UPF.

When asked if there is any opposition to our movement when we are doing activities in

Parliaments or other institutions etc. I mentioned that in the late 1990's I had met a Professor from Aarhus University who had been very negative to the Unification Movement. 'Now you have such great lecturers who are so engaging and open to meeting us each year. Times really have changed.'

I commented that there are so many people who want our help and support it is hard to keep up. If someone does not want to work with us it is not a problem. We just work with those who do. The lecturers mentioned that they appreciated receiving our invitations and newsletters for the last two or three years.

The students remained to talk with us for some time afterwards. Some students may attend the concert for the North Korean Medical project on Saturday.
