

EUROPEAN **CHEON IL GUK** ASSEMBLY 2016

Reaping the Harvest in Europe - Four Years of Hope

8 - 10 April, 2016
Prague, Czech Republic

All members who received the Blessing must become true parents. We are now living in the era when we must bring all the families of the world to become families with true parents. Since we now laid the foundation to bring unity throughout the world, the time has come for all blessed people throughout the world to become true parents, and by doing so to enable others to become true parents.

Message of Welcome

Dear Brothers and Sisters,

Welcome to the beautiful city of Prague and to our European Assembly 2016. I hope that you had a comfortable journey here, and that your stay will be inspiring and rewarding.

In just over one month, we will commemorate one year since our True Mother spoke in Vienna. In her message she said:

As of today, a new cultural revolution will appear on this continent. I sincerely hope that you become proud Unification Church blessed families that fulfill their responsibilities and hasten the day that all people become one family that attends our Heavenly Parent and True Parents. Do you agree? It took two thousand years for the Christian culture, which arose centered on Europe, to establish its foundation on the global level. As we reflect again on the past fifty years, how should the Unification Church civilization move in this era after the coming of Heaven? Are you confident?

As we see from True Mother's words, she is asking us whether we can carry out our responsibility as Europeans to bring this region to an awareness of God's providence for this time.

Since being appointed as continental director, I have had the privilege to visit many of your countries and communities and also to spend time with individual families. Through that experience, and while recognizing the challenges we face, I feel sure that we can give a resounding answer of "Yes!" in response to True Mother's question.

During this assembly we will share ideas about our three main organizations, FFWPU, UPF and WFWP, and the remarkable work that is being carried out under their sponsorship. We will take a look at seven areas of activity through the working groups and consider how we can build a consistent plan toward Vision 2020. We will also hear about the many and exciting programs which reach out to our Second Generation youth and the youth in the wider society.

To close our program, we will offer recognition to brothers and sisters from various countries who have worked hard to realize the Heavenly Tribal Messiahship goals. We will also acknowledge members who proactively developed programs and projects to help our movement bring True Parents' vision to the larger society.

I'm also grateful to Dr. Thomas Walsh and Dr. Andrew Wilson for traveling here to speak about UPF and True Parents' course, respectively.

We will also have the opportunity to hear about exciting possibilities at Sun Moon University from Professor Kyung-ho Lee.

I would also like to thank our special emissaries, Dr. No Hi Pak and Dr. Lan Young Moon, and my predecessor and the vice president of FFWPU International, Rev. Jeon Seok An, for their support and encouragement.

Finally, I would like to thank all the regional leaders who worked with me in developing this program and Peter Staudinger and members of the Prague community for dealing with the practical aspects of organizing this event.

Jack Corley,
Continental Director
