Annyeonghaseyo. The Transition of the Three Ages Four Position Foundation Registration Unification Blessing Ceremony (Registration Blessing Ceremony) is held for the 60th time. I would like to express my gratitude to all the members who never forgot to attend this Registration Blessing Ceremony. All the sons and daughters of the Unification Family must attend the Registration Workshop and Registration Blessing Ceremony.

Life of Absolute Faith, Absolute Love and Absolute Obedience

True Parents of Heaven, Earth and Humankind bestowed the words, "Live with absolute faith, absolute love and absolute obedience and align yourself to the Principle". We were taught about this through the many Hoon Dok Hae and various workshops.

How long was the longest Hoon Dok Hae that True Parents had done? It was more than 23 hours. He bestowed so many words during that very long hour. We were truly worried for True Parents at that time. He didn't eat food. He also did not drink any water. He didn't even go to the bathroom. He kept on speaking to us and we were really worried for him. Then as he was giving his words True Mother came and said, 'True Father wouldn't you take a rest?' and then True Father replied, "Even if I am tired if it wasn't me then who will speak to them. While the True Parents are here on earth all the words must be bestowed". That is how he gave us the words so that we could live with absolute faith, absolute love and absolute obedience. However, we couldn't live according to such standard.

We who are a community

You do not know how terrifying the collateral sin is. That is why all the blessed families of the Unification Family must live according to the principle. We the brothers and sisters of the Unification Family should sustain an attitude and faith of embracing others with love and not slander those who have made a mistake. If we have a mindset, 'If even one of the members of the Unification Family did a mistake then each and every one of us will be at lost' and 'If Satan saw even one did a mistake then he would persecute' and watch over these members who had mistaken, we must protect them, love them and forgive them. That is how we must build up the relationship of true love.

We should be able to forgive each other, love each other and unite with each other. It doesn't matter who they are there shouldn't be a wrong person and we should be able to connect to each and every member with love. We should have this kind of attitude of faith, interest and watch over each other.

We who live according to the Words

We have lived our life by the words bestowed by True Parents of Heaven, Earth and Humankind. He taught us about good and evil. He taught us that all that centers on fallen nature is evil and all that centers on true love is good. He taught us the human history. If you look at the failed prophets and human beings, you can see that they lived a life of faith centering on fallen nature. That is what created the evil we see today. We have to diminish jealousy, envy, rage, hatred, lie, greed, 'myself', arrogance, and complaint. Fallen nature belongs to Satan. For us to perfect our selves we must clear the fallen nature. You cannot see, hear and talk about evil things. We cannot be illicit. We cannot touch or take the other gender other than our spouse. Original sin came about because human beings took and ate at a wrong time. This cannot happen again.

Also, you cannot drink alcohol and smoke cigarettes. Please compare a person who drinks alcohol to a person who doesn't. Look at yourself in the mirror before and after you have drunken alcohol. Compare the actions before and after a person who have drunk alcohol. You resemble the Heavenly Parent and True Parents of Heaven, Earth and Humankind before you drink alcohol. However, after you drink alcohol you resemble Satan. That is why you mustn't drink alcohol. It destroys everything. A cigarette does the same thing. That is why you cannot smoke or drink. You also cannot use public money for yourself. How much did Heavenly Parent say is public money? It is a tithing. If we do not do tithing then it means that we are misusing public money.

A family that serves True Parents of Heaven, Earth and Humankind without fallen nature, that does not drink alcohol or smokes cigarettes, who is not illicit and does not use public money and go to church really well is a true family and a happy family. Until now it was evil that prospered. That is why those who centered on fallen nature; strong people, greedy people, envious people, and popular people prospered. They lived as wealthy people. However, it is different from now on. Because we have 480 billion absolute good spirits with us we have entered an era where good will prosper. That is why from now on, those who live the path of absolute faith, absolute love and absolute obedience will live in happiness.

Path of a True Family

Whenever we face difficulties we shouldn't run to the conclusion that it is difficult but first think, 'Why is it difficult? What went wrong?' and then reflect on yourself and then realize, 'It is because I was living wrongly. I didn't live so that the good could happen. I wasn't living a lifestyle where the Heavenly Parent and True Parents of Heaven, Earth and Humankind could bestow their blessing'. When you are able to reflect upon yourself with this kind of mindset then you are able to achieve happiness in your life.

When you face difficulty in your finance, health, children and others then you have to reflect if you are one with your spouse. When you ask there are husbands who say that their wives were wrong. Some wives say that it was their husband. But when you look at it carefully you quickly realize that both of them were wrong and faced difficulty. It is important to love, forgive, live for the sake of others and have an absolute conjugal trust. When a husband lives a life of having nothing to hide from their wife and the wife lives a life of having nothing to hide from their husbands is when that family becomes a true family.

Creating a true family and creating the heavenly kingdom on earth and in heaven and living within that realm is the life of faith of a member. Please never forget that when you are able to become one without blaming each other and compromise each other and do it with a heart of becoming one then the parents and children could also unite.

We must go to a position where True Parents of Heaven, Earth and Humankind could recognize "You lived a very good life of faith. You are the child of love who worked hard to live with absolute faith, absolute love and absolute obedience" as we live in the process of completing our personalities.

That is why all of your wrong doings would be forgiven through the Holy Wine Ceremony. If that is the case then even if you have done a mistake in the past you have to forgive each other, live for the sake for each other and try to live with true love.

Fallen nature cannot disappear in a day. However, we still have to go to the road of perfection as we live our lives. The Heavenly Parent said, 'You have to become better today than yesterday and better tomorrow than today and come to the place of perfection.' Where can you find greater love and blessing than this elsewhere? I hope that you could live a life of gratitude after knowing this fact. Please express your gratitude to True Parents who prepared this place so that you could register. After you return back to

your home I hope that you could establish a happy true family and become a role model at your local church.

Positive Conversation

There needs to be more conversations between the husband and wife and the children. Please have a positive conversation. When we fight we tend to do the following. 'Let's honestly talk to each other.' Then we should sit and then start talking about each other's honest feelings. However, what would happen in the end? It worsens. It becomes really bad after speaking each other's honest feelings. So, you should say, 'I am sorry, I was wrong' and then start thinking how you should live from then on. Please have a time to have a conversation to become a true family and pray at the Jeongshim Won and then have conversations.

We are all insufficient but heaven gave its blessing. You have to have a heart of gratitude to True Parents of Heaven, Earth and Humankind who blessed and registered us in order for us to go to the position of completion.

Thank you once again for coming to this Registration Workshop and Registration Blessing Ceremony and I would like to express my appreciation to all the husbands who sent their wives to this workshop for 21 days. Please do not forget that there is 8-day workshop for the blessed husbands after this. Please never forget that you are the children of True Parents and build happy beautiful families who will fulfill their duties and filial sons and daughters. Gamsahamnida
