

The 24+ Connect Ministry Survey

Michael Balcomb and Marjorie Buessing for Crescentia DeGoede
January 14, 2015

Dear Pastors,

The 24+ Connect Retreat was established to reach out to and help our older second generation singles connect with each other. It has been incredibly successful. Another retreat is being planned for this summer and a survey has been created to prepare for this retreat, as well as spread awareness about it.

The 24+ team wants to also hear from those young adults who did not have a chance to attend last year's retreat. We ask that you send out this survey to any family that has a young adult who is single and over 24 years old. [The survey can be found here.](#) [24+ Connect 2015 Poll
