About COR

[COR](#) is an independent, self-funded organization, based on Unification principles.

Our Vision: An authentic community that inspires God!

Our Mission: To provide an opportunity where young professionals can nurture their spiritual lives and connect authentically to God and each other.

COR was started in January of 2015 because we (the Board) wanted to create an experience that could meet the needs of those in the Unificationist community under the age of 40. Our goal is to create retreats where people can build deeper relationships with each other and God, and have an amazing time out in nature. See our "[Vision and Mission](#)" page for more details.
