Committee Reports

Finance – Steve Pierce

Since expenses are low and donations are stable, we currently have ample funds. These funds will be needed when the new church is built.

Make a budget/set goals for current and future needs. Brainstorm what the money should be used for.

Sunday Service – Rev. Andy Compton

To resume in-person Sunday service, Bishop Kim needs to give approval.

If in-person Sunday service were to resume, sanitation team is needed and style will be adjusted similarly to May's Seonghwa ceremony. Limited to 50 people. Families can sit together.

Teens have the greatest need for interaction at Sunday service.

Consider how to make Sunday service more friendly for our large number of youth and young adults.

Building – Dieudonne Nkwethat

A small company has been hired to expedite remaining items for new building. They will be submitted later in the week for review.

Youth and Young Adult – T. Ota

Youth group is planning to organize an il shim program and ceremony. An Abel figure is needed.
