On January 29, 2022, Shine City Project was back again at the Las Vegas Rescue Mission! This time, Shine City Project was led by Kinesha! We had six volunteers who came to help pack meals for the homeless, as well as serve lunch for residents at the Mission! For the meal packing, our volunteers helped to place bread, bananas, chips, and a drink inside plastic bags for future distribution. Afterwards, it was time for lunch service! Most of our volunteers helped to place food on the trays, a lunch consisting of pasta, garlic bread, salad, soup, and donuts.

Kinesha shares, "The most important thing that the Las Vegas Rescue Mission provides are the meal services. Because the Mission provides food for many of the homeless as possible, it is always a blessing when there are many volunteers who can help out. When there are enough volunteers, the dining hall can be opened to everyone. It is heartwarming to see those who need some extra love have the opportunity to be able to sit down inside and peacefully enjoy a meal."
