December 22, 2025

A Time of Reflection to Find One's Path Before Heaven

The North America Family Federation held its CARP Winter Workshop in Virginia from December 20 to 22 (Cheon Il Guk Year 13 HC 11.1-3).

Under the theme "Finding My Unique Heavenly Footing," presentations explored the Principle of Creation and the essence of Jesus and True Parents, plus there was a session for participants to reflect on how God is calling each individual.

Fellowship activities such as pie-baking and gift exchanges fostered community spirit among participants.

The workshop had a positive impact on the guests, who now want to join other activities and workshops in the community.
