A time for reflection on the value of family

The Bolivia Family Federation hosted seminars for blessed families on February 7–8 (HC 20.21-28) and 14–15 (HC 12.27- 28) in Cochabamba and La Paz.

The seminars addressed the value of blessed marriage, raising second-generation children, and the value of love as husband and wife.

The couples wrote letters to True Parents as a symbol of their renewal, gratitude, and determination to live as blessed families that bring joy to True Parents and hope to the community.
