The 2026 Online Blessing Candidate Education Program in Heavenly Africa

Preparing to Become True Blessed Families

The 2026 Blessing Education Program, hosted by the Heavenly Africa Blessed Family Department was conducted over ten sessions from April 1 to 28.

Continental Director Rev. Jean-Pierre Kadima encouraged the hundreds of Blessing candidates to participate fully to prepare properly for their participation in the Blessing.

The education focused on understanding the Fall and its consequences, the value of purity and purpose of the family, and the providential significance of the Blessing. Senior church leaders and pastors from across Africa served as presenters.

Candidates appreciated the teachings and there was a sense that these good members would soon be good couples beginning their married life.
