A powerful wave of truth, love, and heartistic outreach continues to move across Eurasia. From dynamic street campaigns in Russia to vibrant cultural engagement in Scandinavia and Central Europe, our dedicated members and young missionaries are touching lives, building trust, and sharing the vision of True Parents.

Russia: 21-Day Witnessing Campaign Culminates in Spiritual Growth

On August 8, our nationwide 21-day Witnessing Campaign in Russia has successfully concluded, leaving a vibrant, lasting impact on communities across six major hubs: Moscow, St. Petersburg, Ulyanovsk, Novosibirsk, Ulan Ude, and Norilsk.

Over three weeks, members took to the streets equipped with pamphlets, tablets, and open hearts. Lecturers delivered spontaneous introductory presentations right on urban sidewalks, extending warm invitations for passersby to visit local community centers.

Mobilization: Over 100 brothers and sisters actively participated on the front lines.

Introductory Seminars: More than 300 new guests listened to introductory Divine Principle lectures.

Deepening Faith: Over 50 guests progressed to advanced Divine Principle lectures.

"Through these united, nationwide efforts, our local communities have experienced a profound growth in love, truth, and spirit."

Sweden, Czech Republic and Ukraine: Continuous Youth Outreach and Cultural Hooks

In Sweden, the Czech Republic, and Ukraine, young missionaries are relentlessly reaching out day after day, expanding relationships with both brand-new contacts and advancing guests.

While outreach numbers are steady and growing, the true story is in the deep emotional and spiritual investment required. Missionaries experience the real balance of pain and joy each day as they share words of truth and testimony to the amazing life of True Parents.

To build genuine trust and awaken interest within local communities, teams are using creative cultural bridge-building:

Cultural Events: Korean and Japanese cultural workshops and presentations.

Interactive Fellowship: Hands-on cooking classes.

Team Building: Sports days and outdoor excursions designed to build lasting bonds.

Ukraine Region Spotlight: Milestone Results from Chondo Activities

In the Ukraine region, recent Chondo initiatives yielded inspiring educational milestones across witnessing centers in Lviv, Ivano-Frankivsk, and Warsaw.
