

## Shine City Project 3-Year Anniversary Appreciation Dinner

Ken Doo  
March 18, 2016

Three years has passed since Shine City Project began cleaning up the streets of Las Vegas. A registered student club on campus, Shine City Project was founded upon True Father's vision of changing "Sin City" to "Shine City" through youth service projects. Over 100 students have participated in over 300 service projects collecting thousands of pounds of garbage cleaning up streets and parks and volunteering with several non-profit organizations.

On Friday night, the officers, John, Angela and Jannette invited friends and family to a special appreciation dinner at the CARP house. Over 25 gathered to enjoy the BBQ dinner as well as share stories with one another. After the dinner, the officers invited everyone inside to give special letters of appreciation to those who continued to volunteer week after week. Shine City Projects hopes to expand more in this fourth year, collaborating with more organizations and involving more students from UNLV.
