Thank you for being such a wonderful father and pastor! I have witnessed and experienced many ups and downs within the Las Vegas Family Church, but you worked hard to overcome this every time. You work many more hours than people think, and you do this in hopes of creating a better church environment and achieving True Parents' 2020 vision. We all love you so much! Please don't overwork yourself! Once again thank you and I miss you a lot!

When we first arrived in Las Vegas several years ago, we found only the desert. Indeed, it seemed a journey into hell. Shortly after, True Father ascended. There was confusion, uprising against authority and conflict among members. Imagine cactus plants jostling for a better place in the sun. Then True Mother sent Rev. Doo to Las Vegas. Things began to change gradually under his leadership. He served patiently in tangible ways, with both kindness and clarity of direction, while using his considerable talent and creativity in conveying True Mother's wishes. Thanks to his effort, new life has come to Las Vegas. We are grateful for Rev. Doo. He is doing a wonderful job!
